

Wildlife Control Supplies

Products for Professionals™

The most complete selection of
wildlife & animal control products on the market.

2011-2012

www.wildlifecontrolsupplies.com

Why WCS?

Wildlife Control Supplies offers the largest selection of nuisance wildlife and animal handling equipment and supplies in the industry, backed by the expertise to help you effectively handle nuisance animal situations of all kinds.

The WCS Pledge

We will continue to bring you quality products, friendly service and quick

processing of your requests (we ship most orders within 24 hours). We truly appreciate your business and we strive to meet our mission everyday.

Expertise

We've been dedicated to helping wildlife and animal control professionals, wildlife biologists and animal handling specialists capture and control wildlife in the field, in commercial buildings and in residential environments for over 10 years. We have used and evaluated the effectiveness of practically every item in our catalog. In addition, our expertise has helped us develop our own WCS Premium Grade products as well as breakthrough inventions like our Collarum®, the most effective and humane way to capture canines on the market.

Selection

WCS provides the most complete selection of wildlife and animal control products that enable the safe, humane, and effective capture of targeted species. We listen to our customers and add new products to our inventory regularly to support your needs. We truly are your one-stop resource for nuisance wildlife and animal control products, and are dedicated to saving you time and money.

Support

WCS is committed to helping wildlife management professionals thrive and discover the most effective ways to deter nuisance animals from causing property damage. **Professionals trust WCS** as a resource that is committed to helping their business succeed. Just starting out? We can help you get your business up and running in as little as 30 days with equipment, products and marketing materials. Already in business? We can help you expand by providing technical support, supply discounts, training and much more!

Service

Whenever you face an animal control problem, we're here to help. Our knowledgeable sales associates can help you select the right products and provide helpful advice on how to get the job done right.

What goes into a WCS™ product?

The Collarum exemplifies our approach to creating superior solutions for our customers

DESIGNED BY PROFESSIONALS

Because we use the Collarum ourselves we developed 5 sizes to capture wolves, coyotes, fox, domestic dogs and even a special kit for hard to catch domestic dogs.

Visit page 28
to learn more
about the
Collarum®

Our customers report that they have humanely and safely captured canines that have eluded other capture methods.

FIELD PROVEN WCS has 10 years of hands on experience. We've put our products to the test time and time again. For the Collarum that experience helped us develop a "bite & pull" trigger that only catches canines.

Wildlife and Animal Control Professionals love the Collarum® because of its high success rate, even with the hardest to catch canines. It's perfect for urban and suburban environments.

REPORTS FROM THE FIELD

Gary Beeman of Lafayette, CA reports, "I put the Collarum out the first weekend I got it. In three days I caught two feral dogs that local Animal Control Officers had been after for two years. They'd run out of options. I look forward to using it again in similar circumstances."

From Division of Animal Control - Milford, VA, "Just sending a quick note to say this trap works great. I have captured some hard to catch dogs with it that I do not think I would have captured otherwise. Your support has also been excellent. The Collarum has caught dogs that would have taken considerable time to capture using other methods. So, thank you for an outstanding product. I just wish we would have had it when trying to get those dogs which took us years to apprehend! "

I am so thankful for finding your website! After many months of desperately trying to catch a feral dog, with animal control's help, I was getting to the end of my rope but could not give up. My (maybe) last hope was the collarum. It took a couple of tries to get it right, but 3rd time was the charm! We successfully caught this dog today and will begin the rehabilitation process. Just the other night we saw her just feet from a busy road, endured freezing nights, scorching days, etc. She is so smart. The key was that this is virtually invisible & cleverly designed! I'd recommend it to anyone that has failed rescue/trap through traditional methods.

Jim - Dublin, GA

Any four 8 oz. WCS paste baits just \$24!

Draw Them In With These Proven Formulas

People often ask us which bait or lure is the best for attracting a target animal to a trap. The answer is, "the one that works best for your situation". That's why WCS stocks the widest range of choices for specific species and conditions. These non-poisonous products are made by Professionals for Professionals, with quality ingredients and formulations. All of our baits have been "field tested" for effectiveness. Simply put, these proven formulas save you time and money.

If you're starting out, we recommend experimenting with a few different baits & lures in different traps, so you can easily judge the results. Remember you are dealing with a wild animal and some may be finicky - offering variety will increase your success. More advanced trappers may want to experiment by mixing various oils and compounds. Whatever your choice, we're always here at 1-877-684-7262 or sales@wildlifecontrolsupplies.com to help you select the right bait or lure for the job.

WCS "Premium Grade" Paste Baits

Lure	Target Species	WCS Code	8 oz. (-8)	16 oz. (-16)	Gallon (-Gal)
------	----------------	----------	------------	--------------	---------------

Corn Dog Paste Bait *Raccoon, Skunk* **NWS008** **\$7.00** **\$12.50** **\$64.95**
 This versatile bait attracts both Raccoon and Skunk. It has an overtone aroma of succulent sweet corn, along with a "kicker" of sweet honey, and contains bits of kernel corn for eye appeal that will entice even the finickiest critter. This is a great year round attractor.

Mellow Yellow Paste Bait *Skunk* **NWS004** **\$7.00** **\$12.50** **\$64.95**
 This paste bait mimics nature's perfect fruit, the Bannana! Powerful, lingering, and intensely sweet. A good Spring & Summer bait that animals really work for. WCS "Premium Grade" baits will not dry out like some of the others, and is cat "resistant".

N. B. Squirrel & Rodent Paste Bait *Mouse, Rat, Squirrel* **NWS002** **\$7.00** **\$12.50** **\$64.95**
 N. B. Squirrel & Rodent is a rich mix of nut oils, nutmeats and seeds that squirrels and other rodents simply find irresistible. This bait, like all of the "Premium Grade" products, is spiked with an anti-drying agent to increase the baits effectiveness. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on all types of Squirrel, Mice, Chipmunks and Norway Rats.

Lure	Target Species	WCS Code	8 oz. (-8)	16 oz. (-16)	Gallon (-Gal)
------	----------------	----------	------------	--------------	---------------

"Rosebud" Skunk Paste Bait *Skunk* **NWS005** **\$7.00** **\$12.50** **\$64.95**
 This is a loud, reach out and "grab ya" bait. It really holds their interest and is loaded with an attractant that inspires excitement, along with a pungent odor carrying side tone. As the name implies, especially made for the "Little Stinkers". This bait contains no fish and is cat resistant.

Tree Berry "Multi-Animal" Paste Bait *Raccoon, Skunk, Opossum* **NWS003** **\$7.00** **\$12.50** **\$64.95**
 Our personal favorite for a general-purpose paste bait. This sweet smelling bait fills the air with its' aromatic scent and is a combination of tree-ripened fruit essences and puree, along with an under tone of bush berries. Place on your favorite bait holder and position so animal must pass over the pan to get to it and watch the results. Great on coon & skunk.

Whistle Pig Paste Bait *Groundhog* **NWS09** **\$7.00** **\$12.50** **\$64.95**
 This bait has just the right amount of leafy, green vegetables and fruit essences, which really make those finicky chucks, sit up and take notice. Long lasting and very fragrant.

WCS "Paste Bait Sampler"	Corn Dog, N.B., Rosebud, Tree Berry, Whistle Pig in 4 oz. sample jars	NWS010	\$22.00
---------------------------------	--	---------------	----------------

Applelicious Paste Bait *Muskrat, Groundhog, Raccoon, Skunk* **NWS014** **\$7.00** **\$12.50** **\$64.95**
 Great for muskrat, raccoon and skunk, this paste-based bait has an explosive apple aroma, designed to fill the air around your trap. Field-tested to attract more finicky critters.

"Green Machine" Paste Bait *Mouse, Rat, Squirrel* **NWS016** **\$7.00** **\$12.50** **\$64.95**
 Unique and alluring, this is a great change up to traditional paste baits or liquid lures. The smooth paste consistency with added essential oils attracts all kinds of rodents, including mice, rats and squirrels. Caution: contains peanut products and oils.

WCS Beaver Lure Products

Lure	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)
Beaver Blaster	<i>Beaver</i>	NWS001	\$15.00	\$42.00
This lure was 5 yrs. in the making. It's some of the finest beaver lure ever poured into a bottle. This oily, castor-based lure is loaded with just the right blend of essential oils and is 'fixed at its peak' of attracting capabilities. It stands up to the elements and will put a nice slick on the mud or water. Satisfaction Guaranteed!				
Beaver Buffet Food Lure	<i>Beaver</i>	NWS006	\$15.00	\$42.00
This paste lure has absolutely no beaver castor or oil added. Made for warmer weather, it has several food oils, plus a "curiosity kicker". Smear on peeled sticks by waters edge and watch the results. Won't arouse suspicion!				
Beaver Castor	<i>Beaver</i>	NWS011	\$15.00	\$42.00
Pure dark beaver castor, finely ground, then preserved. Great for beaver castor mounds or in formulation of lure. Good on coon, otter, fox, etc.				

WCS Trailing & Attractant Products

Lure	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)	16 oz. (-16)
Fruit & Nut Rodent Lure	<i>Squirrel/Rodent</i>	NWS0302	\$6.00	\$12.00	\$36.00
This is the liquid form of my "Premium Grade" squirrel paste bait. We call this, "nut essence with a fruit twist." Proven effective on all types of squirrels, chipmunks, and other rodents. Use as a trailing scent, leading animal into the trap, baited with N. B. Squirrel & Rodent Paste, it is an unbeatable combination.					

Lure	Target Species	WCS Code	8 oz. (-8)	16 oz. (-16)	Gallon (-Gal)
"Yellow Stripe" Skunk Trail	<i>Skunk</i>	NWSSYS01	\$8.00	\$15.00	\$100.00
As the name implies, this skunk trail scent really lays down a "yellow stripe" leading to the trap. Very fragrant, and sweet smelling, will not attract cats. Lead the skunk right into the trap. Will work equally as well on raccoon and opossum.					

Lure	Target Species	WCS Code	Gallon (-Gal)
GroundHog "Kokaine"	<i>Woodchuck</i>	NWSGHK1	\$30.00
Made and patented by wildlife pros for wildlife pros. Unlike those other hog baits this bait DOES NOT need an "eye attractant", it works all by itself and needs nothing else. We've had some of our referral pros testing this all over the country and now they are begging for more! It is simply that good. If you trap Groundhogs you need this bait!			

Lure	Target Species	WCS Code	2 pack (5 oz. cubes)
"Coon Cakes"	<i>Raccoon</i>	NWSFC	\$3.00
No more dealing with sloppy, smelly fish! Made of 100% dried and compressed fish, each Coon Cake can be broken into pieces to make 6-8 sets. Just place in undercut banks, in your grizz trap or behind the triggering pan of a cage trap. The wetter they get, the better the fresh fish smell. In packets of 2.			

Lure	Target Species	WCS Code	6 lb. millet (Gallon jug)
"Sparrow Treat"	<i>Sparrows</i>	WCSSP4	\$18.95
Sparrow Treat consists of millet (white and/or red mixture) which has found to be preferential to house sparrows during trap testing over a period of eighteen months. This is the recommended bait to use when deploying Sparrow Sleds in "big box" stores. You can use a couple of pieces of white bread for EYE APPEAL to enhance the baiting program, but you should be using millet as your primary bait when your target is house sparrows.			

WCS Trailing & Attractant Products

Lure	Target Species	WCS Code	(16 oz.)
Triple Treat Powdered Bait/Lure Combo	<i>Raccoon, skunk, mink opossum, weasel</i>	WCSTT	\$6.95
Triple the power, triple the results. Unlike your typical powder baits, Triple Treat has additional food quality materials that enhance the fish powder base. Sprinkle some as a trailing scent into your cage and place about 2 tablespoons behind the triggering pan – no other bait or lure is necessary. Won't wilt or spoil in high heat. Great for raccoon, skunk, opossum, weasel, mink and more.			

Baron's Brand

Paste Bait Products	Target Species	WCS Code	6 oz.
Critter-Get-Er	<i>Raccoons</i>	WCSBBCG	\$5.50
A very strong berry type bait for raccoons. Excellent for summer and early fall use, holds up well in heat and rain.			

Paste Bait Products	Target Species	WCS Code	6 oz.
Squirrel Jelly	<i>Squirrels, Rodents</i>	WCSBBNN	\$5.50
Squirrel Jelly Bait (formerly No-Nuts Squirrel Bait), when your nut type squirrel baits don't seem to be producing, try this one! Works great in cold weather, or on finicky red or grey squirrels. Note: With this squirrel bait do not use as a prebait or outside the trap. New name but this is the same great formulation!			

Paste Bait Products	Target Species	WCS Code	6 oz.
Rock Pile	<i>Skunk</i>	WCSBBRP	\$5.50
A non-fish type bait developed for use on skunks in cat sensitive areas. Outstanding all spring and summer. Holds up well under rain and dry weather.			

Paste Bait Products	Target Species	WCS Code	6 oz.
Rebel Rodent	<i>Woodchuck</i>	WCSBBRR	\$5.50
A unique combination of woodchucks favorite foods. Strong and long-lasting, holds up well in rainy and dry weather.			

Paste Bait Products	Target Species	WCS Code	6 oz.
Squirrel Bait	<i>Squirrels</i>	WCSBBSB	\$5.50
If you think your peanut butter and seed mixes work well then it is obvious you haven't tried this one. Second to none for squirrels, chipmunks, and ground squirrels. During cold weather mix some Blockbuster trailing scent, this will make it creamier and increase the odor output.			

Paste Bait Products	Target Species	WCS Code	6 oz.
Super Sweet Coon Bait	<i>Raccoons</i>	WCSBBSSC	\$5.50
A very thick paste that holds up well in rain and heat. Excellent all year long. Good for cage traps. Great for post dormancy periods. Put up in plastic for durability.			

Liquid Lure Products	Target Species	WCS Code	4 oz.
Chuck Roads Trailing Scent	<i>Woodchuck</i>	WCSBBCR-4	\$6.00
Developed originally to assist groundhogs in finding the trap entrance. Although quite different than Rebel Rodent in composition, its attractiveness is in fact quite comparable. Just lay a trail from the hole or travelway into the trap. Tip: When trapping woodchucks in live traps, layering the bottom of the trap with dirt or fresh greens seems to improve success.			

Liquid Lure Products	Target Species	WCS Code	4 oz.
Squirrel Trail Mix Trailing Scent 4 oz.	<i>Squirrels, Rodents</i>	WCSBBIOC-4	\$6.00
Squirrel Trail Mix (formerly Blockbuster) was highly underrated as an attractant. During the course of a season Scott Behren's goes through gallons of this product. Research conducted showed that squirrel traps which used this product only as a trailing scent outperformed traps utilizing only bait placed in the back of the trap by a 2 to 1 margin. If trailing scents haven't been a part of your operation in the past we highly recommend you give them a try.			

Blackie's Blend Products

Bait Products	Target Species	WCS Code	8 oz. (-8)
---------------	----------------	----------	------------

Fatal Attraction *Bear, Mink, Raccoon* **BBADC06** **\$6.95**
(Fortified Shellfish)

Cuts the cold night air like a razor. Sharp bite of shellfish, top notes of oyster, clam and sardine and stale undertones of extracts, emulsions and oils. Absolutely the best there is for picky coons in chilly weather

Fur King (Sweet Paste) *Raccoon, Skunk* **BBADC04** **\$6.95**

Don't let the name fool you – this highly effective bait cleans out coons around barns and dwellings without catching housecats. Loud and sweet, it creates a hunger/curiosity effect year-round and won't dry out in summer. Perfect for A.D.C. work.

S-K-B Skunk Paste *Skunk* **BBADC02** **\$6.95**

Pungent, tart and zesty bait specially made for spring, summer or fall "grubbers". Strong main theme of crustaceans backed up with vibrant musk/oil middle tones. Ready to go no matter what the season.

Thumbs Up *Coyote, Mink, Raccoon* **BBADC09** **\$6.95**

Top mink and coon bait for early season. Heavy fresh fish paste, laced with bold side odors and top tones to carry and penetrate. A lot of work went into making this bait the best around.

Whistle Stop *Woodchuck* **BBADC01** **\$6.95**

Anti-dry out, heavy paste made from plants chucks love to eat! Enhanced with several oils and herbs. Place a spoonful or so on fresh cabbage leaves or broccoli for eye appeal. Works well in summer heat, too!

Lure Products	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)
---------------	----------------	----------	------------	------------

Num-Chuck *Rabbit, Woodchuck* **BBADC03** **\$4.25** **\$15.25**

Targets woodchucks and rabbits ONLY. Made of 100% plant base with no artificial oils, heavy lure has a thick creamy texture. Apply to apple slices or your favorite lure holder (e.g. cotton ball, bait stick). Great companion to your favorite bait.

Boar's Delight *Rabbit, Woodchuck* **BBADC03** **\$4.25** **\$15.25**

Outshines other sweet or food-type lures from mid-late season. A great choice for isolating adult males and catching prime winter coon.

Hanging Bait Crevice Devices

WCSPTB-Kit
100 pack \$21

Ditch those annoying pipe cleaners. Just draw these grooved bait sticks through your favorite paste bait and hang them from their wire hangers in your cage trap. You'll have the proper amount of bait and a whole lot of extra time.

Bob Noonan Lures

Lure	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)	Gallon (-Gal)
------	----------------	----------	------------	--------------	---------------

Cottontail Cager *Rabbit* **WCSBNCC** **\$14.00** **\$34.95** **\$162.50**

Pull in territorial males and curious females. Lure contains heavy, pungent dose of mature male cottontail glands, mixed male rabbit urine and curiosity ingredient. Males will come looking for a fight, females for fun. Use on small piece of white cloth or similar to mimic fur and add fresh greens for extra appeal.

Masked Magic *Raccoon* **WCSBNMM** **\$14.00** **\$34.95** **\$162.50**

Masked Magic is a viscous lure with a sweet, penetrating odor. The blend of seven ingredients, properly aged make it a combination call/curiosity/food lure. They investigate even when not hungry. Its' odor is clinging and long-lasting; get it on your fingers and you'll need soap and water to remove it. Fortunately, the odor is pleasing. Raccoon really work for this lure.

Muskrat Love *Muskrat* **WCSBNML** **\$14.00** **\$34.95** **\$162.50**

A reliable, time-tested Muskrat Lure. A sweet, sharp food lure blend with several attractive natural oils and touch of musk, Muskrat Love is also attractive to raccoons. Muskrats are strongly attracted to lure and can pinpoint its source quickly. They have small home ranges, and the penetrating odor of Muskrat Love stays low, at their face level, and spreads rapidly across the water or ground, saturating their range.

Black Magic Bruin

WCSBNBMB

16 oz. \$8.95

Gallon \$24.95

Another time tested favorite, particularly among Canadian outfitters, primarily used to help Black Bear find bait stations. Bear will relish it and return for more. Use as a trailing scent, this cannot be over applied and is completely edible. Apply single drop to an ounce or more of your favorite bait and set every few feet.

3 Tips for success using Baits and Lures

1. Wild animals are inherently finicky. The best way to ensure success is to experiment with different baits in different traps. That's why we offer such a wide selection.
2. To Experiment with different baits more affordably, we offer special pricing when you purchase any four 8 oz. WCS "Premium Grade" paste baits. See page 4.
3. As you become more familiar with using baits and lures, you may want to try creating your own formulas. WCS carries only premium grade bases, preservatives and essential oils to help ensure effectiveness.

Coon Grabbers

Bait Products	Target Species	WCS Code	Dozen
---------------	----------------	----------	-------

Coon Grabbers the all NEW lure & bait combination. This new product is designed to be used in dog-proof traps and can be reusable. It is currently being produced in 8 different scents.

<i>Coon Grabbers (Anise)</i>	<i>Raccoon</i>	<i>WCSCG01</i>	<i>\$8.00</i>
<i>Coon Grabbers (Fresh Shrimp)</i>	<i>Raccoon</i>	<i>WCSCG02</i>	<i>\$8.00</i>
<i>Coon Grabbers (Raspberry)</i>	<i>Raccoon</i>	<i>WCSCG03</i>	<i>\$8.00</i>
<i>Coon Grabbers (Shellfish)</i>	<i>Raccoon</i>	<i>WCSCG04</i>	<i>\$8.00</i>
<i>Coon Grabbers (Ozark Special)</i>	<i>Raccoon</i>	<i>WCSCG05</i>	<i>\$8.00</i>
<i>Coon Grabbers (Wolfers KB)</i>	<i>Raccoon</i>	<i>WCSCG06</i>	<i>\$8.00</i>
<i>Coon Grabbers (Grape)</i>	<i>Raccoon</i>	<i>WCSCG07</i>	<i>\$8.00</i>
<i>Coon Grabbers (Shad)</i>	<i>Raccoon</i>	<i>WCSCG08</i>	<i>\$8.00</i>

Dobbins Lures

Lure Products	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)
---------------	----------------	----------	------------	------------

Woodchipper *Beaver* *NWSPD001* *\$5.50* *\$18.00*

This is a food-type beaver lure. It is a favorite for the summer A.D.C. jobs when the beaver are extremely finicky. Also a great all-season lure used at food-type sets.

Backbreaker *Beaver* *NWSPD002* *\$5.50* *\$18.00*

This is a heavy castor-based beaver lure. It's great for all times of the year, but works best during the late fall thru spring. This lure is a staple for many pros.

Beaver Plus *Beaver* *NWSPD003* *\$5.50* *\$18.00*

This is a curiosity-type beaver lure. It works all year and it brings in otter and raccoon too. This lure will increase your catch.

Coon Candy *Raccoon* *NWSPD004* *\$5.50* *\$18.00*

This very sweet lure is too attractive for raccoons to pass up. It works very well around areas where pets roam free. This is also a great A.D.C. lure for summertime use.

Muskrat #1 *Muskrat* *NWSPD005* *\$5.50* *\$18.00*

This muskrat lure has the ingredients that muskrats crave. It works well at all lured sets. Has proven itself all over the United States.

Canine Select *Coyote, Fox, Bobcat, Raccoon* *NWSPD006* *\$5.50* *\$18.00*

This curiosity paste canine lure drives them nuts. This lure works great on fox, coyote, cats and Raccoon. Doesn't get 'em rolling.

Lure Products	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)
---------------	----------------	----------	------------	------------

All Call *Bobcats, Raccoons, Otter* *NWSPD009* *\$5.50* *\$18.00*

A call lure for all the canines. It's loud and reaches out to where you need to go. NWSPD010 Mississippi Special is a canine food lure made to stimulate the appetite of the most finicky canines.

G.L 40 *Fox, Coyote, Bobcats, Raccoons* *NWSPD011* *\$5.50* *\$18.00*

This is a red fox gland lure that has added ingredients to make it attractive all year long.

Purrfect *Bobcat* *NWSPD012* *\$5.50* *\$18.00*

This is a Bobcat Gland lure formulated to take advantage of the cat's curiosity, hunger and passion.

Klondike Call Lure *Canines and Cats* *NWSPD013* *\$5.50* *\$18.00*

A penetrating lure by Paul Dobbins. This lure is for canines and 'cats. It is an excellent cold weather lure for predators.

Dobbins Economy Pack

Beaver, Muskrat, Raccoon, Coyote, Fox, Bobcat *NWSPD007* *\$27.50*

If you've ever wanted to try Dobbins' famous lures, here's a pack at the right price! Six 1 oz. bottles of Woodchipper, Backbreaker, Beaver Plus (all beaver), plus Coon Candy, Muskrat #1 and Canine Select.

Dobbins 3-Pack

1 each 4 oz. Woodchipper, Backbreaker, Beaver Plus *Beaver* *NWSPD008* *\$45.00*

Fur Country Lures by John Graham

Lure Products	Target Species	WCS Code	4 oz.
---------------	----------------	----------	-------

Badlands Bob *Canine, Bobcat* *WCSJGBB* *\$16.00*

This lure has a bobcat gland base, and will appeal to bobcats in a variety of uses! One of the very best combination 'cat and canine lures made. No other lure smells even remotely like this one.

Blaster Bonanza *Canine, Raccoon* *WCSBB-4* *\$16.00*

An extremely attractive food/curiosity lure. A completely different base than other Bonanza Lures. This lure will make canines and coon lick, scratch, and hang around a set.

Bobcat Gland *Canine, Bobcat* *WCSJGBG* *\$16.00*

Simply put, a quality, mellow 'cat gland lure (4 oz.). No fillers, only the best glands are used. Works excellent on cats, as well as canines. Try this on any canine set, you will see the results.

Bonanza Cold *Canine, Bobcat, Skunk, Fisher, Martin* *WCSBC-4* *\$16.00*

A loud reaching call lure. Can be used at or above the set. Great on canines, as well as cats, fisher, and marten. If you want SKUNK, this is it!

Bonanza Mild *Canine, Bobcat* *WCSBM-4* *\$16.00*

Year after year, John's biggest seller. A mild, grease based scent that predators will want to lick, grab and bite. Great at gang sets for canines and cats.

Crossfire *Canine, Bobcat* *WCSJGCF* *\$16.00*

A loud, fragrant food based lure. This was designed as a concentrated paste to draw canines and cats to capture locations. For the money, a good reliable attractant.

Fur Country Lures by John Graham

Lure Products	Target Species	WCS Code	4 oz.
Deception	Coyote	WCSGGLD	\$16.00
Coyote with a capital "C", made from pure fresh glands. The natural smell of coyotes concentrated. One of John's personal favorites on canines, and has helped catch a lot of Big Tom bobcats over the years. Even "shy" coyotes will respond, hungry or not.			
Enticer	Fox	WCSFGLE	\$16.00
Made from fresh fox glands, but with an extra "kick" to entice "fickle fox". One of John's personal favorites, he carries a jar of this in his bag year-round. One of his biggest selling lures.			
Fall Fox	Fox	WCSJGFF	\$16.00
This is a NEW lure by John Graham. All the bases are covered with this lure- food: curiosity, greed, etc. Capitalize on what makes a fox tick. Don't let the name fool you, it will catch coyotes and 'cats too. All season, all purpose.			
Magnolia	Beaver	WCSJGM	\$16.00
A blend of beaver food they can't resist, it works well all seasons. Paste type consistency for use in wet conditions, the base of this lure alone will attract beaver, but by blending in several food/curiosity ingredients you get a superior beaver food lure.			
Super Bonanza	Canines	WCSSB-4	\$16.00
One of the hottest lures available. This is essentially Bonanza Mild with some "kickers" added. The result is a quality curiosity/call type lure with a "sweet skunk" smell.			
Tomcat	Bobcat	WCSBGLT	\$16.00
Without a doubt, the best bobcat lure on the market today. Gland based, with passion and curiosity ingredients added to make a superior, all around cat lure. This lure will call cats from a distance, yet won't cause them to "shy" from a set, like some lures seem to do. A great canine change-up lure.			
Paste Baits	Target Species	WCS Code	16 oz.
Cat Creek	Canine, Bobcat, Raccoon	WCS CCP	\$11.95
This is a thick, heavy, paste bait made from a ground bobcat meat base. It is attractive to canines, bobcats and raccoon and has proven itself on thousand of animals on John Graham's own trap line.			
Double Cross	Canine, Bobcat	WCSJGDC	\$11.95
Made entirely from fresh animal products with loud food type calling agents blended in. The result is a bait predators will scratch and dig for. Popular with canine and bobcat trappers.			

Hard-Core Raccoon Lure

WCS901-1
1 oz. \$3.95
WCS901-4
4 oz. \$12.00
WCS901-16
16 oz. \$28.95

Instructions: Soak 10 – 20 drops of Hard-Core into a cotton ball or another type of scent dispenser. Place it so the raccoon must pass over the trap to reach the lure. If the lure is 6" to 12" above the ground or water, it will attract them from a greater distance. Add another 5 – 10 drops of lure every 5 to 7 days, depending on conditions.

Jameson's Ultra Blend Products

Jameson's Lure Products	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)	16 oz. (-16)
-------------------------	----------------	----------	------------	------------	--------------

Formula One L.T.S. Woodchuck NWSBJ02L \$5.00 \$15.00 \$40.00

A powerful, curiosity odor that is a proven call lure to the woodchuck when applied to some type of leafy greens for eye appeal. You cannot find a better combination. It can also be used alone as a trailing scent. Just apply a few drops of lure to the ground at the burrow or den entrance and lead the scent trail to the cage trap.

Formula Two L.T.S. Woodchuck NWSBJ03L \$5.00 \$15.00 \$40.00

A rich blend of food odors that has been specially formulated for woodchucks. This is a selective nuisance control product that is tailor made for vegetation eating animals. In addition to Woodchuck, Rabbits find both Formula One and Two very attractive as well. While Dogs and Cats find it of little to no interest. It can also be used alone as a trailing scent. Just apply a few drops of lure to the ground at the burrow or den entrance and lead the scent trail to the cage trap.

Mouse, Nutcracker L.T.S. Rat, Squirrel NWSBJ04L \$5.00 \$15.00 \$40.00

Heavy oil based food call lure developed specifically for all nut-eating rodents. Its nutty fragrance will endure arid climates and still give off its unique nutty fragrance. Excellent for leading squirrels into cage traps and works wonders with our Nutcracker Paste Bait.

Nite Flyer L.T.S. Flying Squirrel NWSBJ06L \$5.00 \$15.00 \$40.00

A balanced blend of naturally occurring wild nut essences combined with a spike of wild fruit to top off the mix. Flyers are very impressed with this product and that's all that counts.

Chuck Matrix Woodchuck Gland L.T.S. Woodchuck NWSBJ08L \$5.00 \$15.00 \$40.00

A true woodchuck gland lure made according to the same rigid standards as our canine gland lures. This excellent formulation was built to allow controlled odor emission (in hot temperatures also), which aids in the active life of the lure. This can be used alone with eye appeal or with our Formula One or Two Paste Baits.

Piney Bluff L.T.S. Red Squirrel NWSBJ10L \$5.00 \$15.00 \$40.00

A target specific lure built for the pesky pine grove loving red squirrel. This wild nutmeat blend was formulated with a light touch of mellow pine fragrance. Nothing compares to Piney Bluff for effective red squirrel work.

Skunk Mate L.T.S. Skunk NWSBJ12L \$5.00 \$15.00 \$40.00

This all season lure trailing scent will prove to be an "ace in the hole" for all NWCO's. This lure, with the addition of small marshmallows for eye appeal can be a real winner. This works great with "Grub Stake" paste use of bait.

Peaches & Cream L.T.S. Raccoon, Skunk, Opossum NWSBJ14L \$5.00 \$15.00 \$40.00

Distinct aroma of ripened peaches with soft touch of sweet cream. Use as trailing scent with Jameson's Peaches & Cream (pg. 7).

Jameson's Specialty Lure	Target Species	WCS Code	4 oz.
--------------------------	----------------	----------	-------

Bat Call Bats WCSBJ01-4 \$15.00

For use in bat traps and proven to be a valuable asset to any wildlife control operator's business. Use in bat traps for removal purposes or in bat house applications as an attractant. Bat Call will promote faster response time and acceptance in either situation. Excellent for bat houses when used in conjunction with structural exclusion work.

Jameson's Specialty Lure	Target Species	WCS Code	1 oz.	4 oz.
--------------------------	----------------	----------	-------	-------

Chuck Mate Woodchuck Gland Lure *Woodchuck* **NWSBJ07L** **\$7.00** **\$15.00**
 A true woodchuck gland lure made according to the same rigid standards as our canine gland lures. This excellent formulation was built to allow controlled odor emission (in hot temperatures also), which aids in the active life of the lure. This can be used alone with eye appeal or with our Formula One or Two Paste Baits.

Feral Cat (Wild Cat) *Feral Cats* **NWSBJ13L** **\$15.00**
 WildCat Feral Cat Lure (4 oz.) is just as the name implies, specifically designed and formulated to be highly attractive to feral cats, in fact, all members of the feline species. This lure has a thick, syrupy consistency and will hold up well in all kinds of weather. Wildcat incites both a curiosity and feeding response with just the right blend of oils & essences which felines find irresistible. Use on your favorite bait holder in the rear of the cage or use as a trailing scent to lead the cat into the cage.

Erminator Gland Lure *Weasel* **NWSBJ17L** **\$6.00** **\$18.00**
 Erminator Weasel Gland Lure is Bob's latest addition to his Ultra Blend line of lures. This is a thick paste lure with plenty of weasel musk infused into it. This is a limited supply product based on the scarcity of quality weasel glands.

Power Call (Magnum shellfish) *Coyote, Fox, Mink, Raccoon* **NWSBJ17-8** **8 oz.** **\$10.00**
 Sharp, full bodied and long lasting. Power Call has it all with a striking odor of shellfish, tuna and fresh fish paste as a base. A power boosting ingredient has been added for that needed push in cold temperatures.

Jameson's Specialty Lure	Target Species	WCS Code	16 oz.
--------------------------	----------------	----------	--------

Trail Mate - Type 1 *Coyote, Fox, Bobcat* **NWSBJ15L** **\$15.00**

Trail Mate - Type 2 *Bear, Mink, Raccoon* **NWSBJ16L** **\$15.00**

Jameson's Specialty Lure	Target Species	WCS Code	8 oz.
--------------------------	----------------	----------	-------

K-9 Stopper *All canines* **NWSBJ16L** **\$8.00**
 This is a non-meat formulated egg blended bait that can be used alone or in combination with a lure. This bait has a unique odor which causes an aggressive digging response by predators. A great pre bait formula.

Long Liner *All canines* **NWSBJ08** **\$9.00**
 (Fortified Paste Bait for Canines) This highly concentrated paste bait is so powerful that it may be classified by some as a lure, however don't be misled. This bait packs a wallop. Canines find it equally attractive both early and late season. It really makes them dig to get at that alluring morsel. ½ teaspoon or less is all that's needed per set. Long lasting and it won't wash away or dry out.

Night Stalker *Canines chunk bait* **NWSBJ18** **\$8.00**
 Jameson's UltraBlend. Use 1 or 2 pieces of bait per set. Rebait only after a catch.

Jameson's Bait Products	Target Species	WCS Code	8 oz. (-8)	16 oz. (-16)	Gallon (-Gal)
-------------------------	----------------	----------	------------	--------------	---------------

Formula One Paste Bait *Woodchuck* **NWSBJ02** **\$7.00** **\$13.00** **\$65**
 This full-bodied herbal based bait is developed from the woodchuck's favorite food sources. Built with full strength food call ingredients that compliment the bait without overpowering the rich natural aroma. Chucks find this lush fragrance difficult to pass up at any time of the year.

Formula Two Paste Bait *Woodchuck* **NWSBJ03** **\$7.00** **\$13.00** **\$65**
 A unique but different blend of herbs and oils that woodchuck can't resist. Like "Formula One" this bait has a lush green base that is also a proven staple food of woodchuck. The bait's aroma can't be matched in calling power attracting woodchuck to cage traps. Use with broccoli suspended in the back of a cage for eye appeal!

Jameson's Bait Products	Target Species	WCS Code	8 oz. (-8)	16 oz. (-16)	Gallon (-Gal)
-------------------------	----------------	----------	------------	--------------	---------------

Nutcracker *Mouse, Rat, Squirrel* **NWSBJ04** **\$7.00** **\$13.00** **\$65**
 This fortified paste bait spells "lunch time" for all species of squirrels and nut eating rodents. This is a rich nut flavored blend of the squirrel's favorite foods, all in one unique bait. Smear some bait on a few walnut shells or a handful of acorns for eye appeal. Place bait in the back of your cage trap so traveling squirrel can see it easily. The sweet nutty fragrance of Nutcracker will do the rest. Very durable and weatherproof. A great all season bait.

Grub Stake *Skunk* **NWSBJ05** **\$7.00** **\$13.00** **\$65**
 A powerful and proven bait that was tailor made for the nuisance control operator. This is actually a complex blend of food call ingredients with a sharp side odor added for a push. The result is a natural sweet/sour aroma that skunks find irresistible. Used with a few cracked eggshells for eye appeal, this bait can't be beat in performance. It's heavy, durable and attractive year round.

Fireball *Raccoon, Skunk* **NWSBJ09** **\$7.00** **\$13.00** **\$65**
 Heavy Paste Bait. A rich blend of natural food odors and uncommon oil extracts that are put up in a durable edible base. A proven bait in both warm and cold temperatures. It also contains a special "wetting" agent that holds scent longer and increase the active life of this all season bait. This bait has been proven to hold its sharp fragrance.

Urban Wildlife *Raccoon, Skunk, Opossum* **NWSBJ11** **\$7.00** **\$13.00** **\$65**
 This universal paste bait has quite an impressive track record. Professional trappers and A.D.C. personnel have used it for 20 plus years. This enticing bait is the result of many years of scent formulation experience. Virtually cat proof by nature.

Peaches & Cream *Woodchuck, Raccoon, Skunk* **NWSBJ15** **\$7.00** **\$13.00** **\$65**
 One of the most popular choices for nuisance wildlife specialists. Rich, edible base with fresh aroma of peaches and vanilla can't be ignored. Nationwide field tests show it stands up to hot summer sun and substantial rain without losing effectiveness.

Chuck Relish *Woodchuck* **NWSBJ19** **\$7.00** **\$13.00** **\$65**
 Chuck Relish is a product consisting of a unique base material that in and of itself is an excellent bait when used as a standalone. It is the result of 2 years of testing various materials and determining those that are well accepted as preferred food and odor choices of woodchucks.

WCS™ Coon Cakes

NWSFC
Single 2 pk. (5 oz. cubes) \$3
Six 2 pks. \$15.00
Twelve 2 pks. \$27.00

No more dealing with sloppy, smelly fish! Made of 100% dried and compressed fish, each Coon Cake can be broken into pieces to make 6-8 sets. Just place in undercut banks, in your grizz trap or behind the triggering pan of a cage trap. The wetter they get, the better the fresh fish smell. In packets of 2.

J.R. & Sons

J.R. & Sons Paste Bait Products	Target Species	WCS Code	4 oz. (-4)
---------------------------------	----------------	----------	------------

Multi-Berry *Raccoon, Opossum, Skunk* **NWSJR001** **\$4.75**
Very sweet bait that won't attract cats. Great on skunk, raccoon, woodchuck and opossum.

Groundhog Paste Bait *Woodchuck* **NWSJR002** **\$4.75**
Vegetable base makes its highly attractive to hogs and other plant-eating wildlife.

La-Pew *Skunk* **NWSJR003** **\$4.75**
Designed specifically for skunk. This paste bait's pungent aroma attracts even the most finicky of critters.

Cherry *Raccoon, Opossum, Skunk, etc* **NWSJR004** **\$4.75**
Loud cherry aroma.

Sweet Corn *Raccoon* **NWSJR005** **\$4.75**
Sweet aroma of corn.

Persimmon *Raccoon* **NWSJR006** **\$4.75**
Ripe persimmon aroma.

J.R. & Sons Liquid Lure Products	Target Species	WCS Code	1 oz. (-1)	4 oz. (-4)	16 oz. (-16)
----------------------------------	----------------	----------	------------	------------	--------------

Woodchuck Liquid *Woodchuck* **NWSJR007** **\$8.00** **\$18.95** **\$68.95**
For taking woodchucks in box traps. Use as trailing scent to trap and on lettuce leaf inside.

J.R. & Sons Chunk Bait Products	Target Species	WCS Code	One Pint 16 oz.
---------------------------------	----------------	----------	-----------------

Erie Special *Fox, Coyote, Bobcat, Raccoon* **NWSJRES** **\$10.00**
Chunks of fish put up fresh and preserved give this bait a lasting fish smell. Try it on water lines for great results. Works all season.

Finicky Fox *Fox, Coyote, Bobcat, Raccoon* **NWSJRFF** **\$10.00**
All-meat and chunked for your convenience. Aged and preserved just right, with special ingredient added for spice. Good all season.

Specialty	Target Species	WCS Code	1 oz.
-----------	----------------	----------	-------

Mystic Mink *Mink* **NWSJR008** **\$4.75**
It is a Gland, food and call. Use one capful per set. Good all season.

Predator Survey Discs

WCSPSD-WOS
without Scent \$25.95

WCSPSD-WS
with Scent \$70.95

The expert's choice for canine lures, developed by the folks at the USDA's Pocatello Supply Depot. Buy these plaster discs impregnated with a fatty acid scent or soak them in your own choice of urine or oils. In packs of 110.

Leggett's Lures

Leggett's Lures Liquid Lure Products	Target Species	WCS Code	4 oz. (-4)
--------------------------------------	----------------	----------	------------

Leggett's Groundhog #2 Lure *Woodchuck* **NWSGDHL#2** **\$11.95**
Used with success on Leggett family traplines for 25 years! Totally liquid lure has mild pumpkin aroma and can be dispensed from a squirt bottle – a few drops are all you'll need for lure or trailing scent. Irresistible to garden-chewing hogs. Do not combine with other bait, lures or urines.

Leggett's Coon Exciter Lure *Raccoon* **NWSCE** **\$12.95**
Designed for year-round coon trapping and A.D.C./NWCO work. Totally liquid lure has a beaver castor base and comes in handy squirt bottle. Great for box traps and dry land sets. Do not use with other baits, lures or urines.

Leggett's Feline Exciter Lure *Cats* **NWSFEX-4** **\$12.95**
The Leggetts have brought in hundreds of cats on this trusty lure. A few drops are all you'll need. Totally liquid, it comes in handy squirt bottle – no lure holder necessary. Do not use with other baits, lures or urines.

Leggett's Coyote & Fox Exciter Lures *Coyote & Fox* **NWSCFE1** **\$12.95**
NWSCFE2 **\$12.95**
Fewer traps dug out, fewer non-targeted species and equipment that remains uncontaminated. Use this mild odor lure year-round in dirt hole or on backing of urine post sets. No other bait or urine needed.

Dakota Line Lures

Canine Kicker

WCSDL02
16 oz. \$12.95

Kicker Coon

WCSDL02
16 oz. \$12.95

Dakota Line Kicker Lil' Grizz Coon Lure is designed for use with Lil' Grizz Get'rz and is also excellent for any kind of coon trapping. This contains a blend of obscure ingredients that cause coon to work sets aggressively. Apply to sheep wool and the odor will last up to 21 days. Kicker was used in the trapping video "Running Hard with the Grizz". 61 coons were harvested with Kicker while shooting this video!

Mark June Lures

Mark June Products Lures	Target Species	WCS Code	4 oz. (-4)
--------------------------	----------------	----------	------------

Brown Sugar *Mink, Otter, Fox, Coyote* **MJ08L-4** **\$15.95**
 Brown Sugar is a thick blend of high grade mink glands and musk oils from food sources that mink prey upon every day. Full of drawing power, designed for the slippery bucks. Also an excellent otter lure.

Canine Candy *Canines* **MJ05L-4** **\$15.95**
 Canine Candy performs all season long on coyote, fox, and timber wolves and is exceptional on all cat species as well. A "deadly sweet" change-up to gland based lures.

Cherry Red *Fox* **MJ01L-4** **\$15.95**
 Cherry Red is a pure fox gland lure that never goes out of style. Fresh preserved glands are mixed with properly aged glands with a pinch of urine to produce that "foxy" smell that really slams 'em.

Flattail Frenzy *Beaver* **MJ09L-4** **\$15.95**
 Flattail Frenzy is not a plain castor paste, but rather a liquid lure containing castor, oils and highly alluring musks designed to increase success at all baited beaver sets. When you place a drop on the water, it actually swirls and dances as it heads off downstream looking for beaver.

Fox Frenzy *Fox, Badger, Coyote, Bobcat, Lynx* **MJ02L-4** **\$15.95**
 Fox Frenzy is a lure you can depend heavily on all Season long for red and gray fox, badgers, coyote, bobcat, lynx and most main predators. It is a thick blend of fox glands and musks that is truly different.

Predator Frenzy *Fox, Coyote, Bobcat* **MJ03L-4** **\$15.95**
 Predator Frenzy is a phenomenal lure made from red fox, coyote and bobcat glands. the curiosity aspect of this gland combination can not be overstated. Predators love it! What a concept, the 3 glands that attract many of the primary predators all in one bottle.

Primetime Coon *Raccoon* **MJ10L-4** **\$15.95**
 Primetime Coon is for those who like a food based raccoon lure. Extremely permeating musks plus shellfish essence as a kicker. In the Mark June line of lures, this is a top seller every year!

Ridgerunner Coon *Raccoon, Muskrat* **MJ11L-4** **\$15.95**
 Ridgerunner Coon is the super sweet partner to Primetime Coon. A food based lure with a strong, minty aroma, this call can be used anywhere raccoons are found, but best along waterways. This lure really dissipates and works great on those muggy, warm, foggy nights. Also great for attracting muskrats!

Shell Fire *Canines, Cats, Badgers, Marten, Fisher* **MJ12L-4** **\$15.95**
 Shell Fire is pure, uncut shellfish oil with an additive for extra punch. There aren't many products that even begin to compare with this fine oil when it comes to pure calling power for canines, cats, raccoon, mink, otter, fisher, marten or muskrats.

Silent Stalker *Bobcat* **MJ07L-4** **\$15.95**
 Silent Stalker is a gland based bobcat lure with ingredients that are proven cat attractants. When going after bobcat, you don't want to mess around with under performing lure.

Songdog Supreme *Canines* **MJ06L-4** **\$15.95**
 Songdog Supreme is an all weather lure that contains the same formula as the best selling Fox Frenzy, except its loaded with aged and fresh cut coyote glands instead of fox glands. Great at attracting coyote.

Mark June Products Lures	Target Species	WCS Code	4 oz. (-4)
--------------------------	----------------	----------	------------

Canines, Cats, Badgers, Marten, Fisher

Windwalker **MJ04L-4** **\$15.95**
 Windwalker is a predator food lure with a thick, syrupy consistency. for those of you who like a pinch of pure quill skunk, it's in there. The seven ingredients used to make this lure are all natural to a predator's diet so there is nothing to spook them off. It's effective at all types of sets. Great on your canines, all cats, badgers, marten and fisher.

Mark June Products Paste Baits	Target Species	WCS Code	16 oz. (-16)
--------------------------------	----------------	----------	--------------

Canines, Raccoon, Mink, Otter

Crawfish Bait **MJCFB-16** **\$10.00**
 Crawfish Bait is a tremendous seller across the U.S. in the Mark June's line. This crawdad based bait attracts animals that feed on crayfish including canines, raccoon, mink and otter. Field testimonials say "This stuff is amazing".

Canine, Bobcat, Lynx, Badger, Marten, Fisher

Widowmaker **MJWMB-16** **\$10.00**
 Widowmaker - Predator Paste Bait made of non-tainted bobcat meat base designed to catch targeted animals. (Tainted meat tends to catch non-targets) You can smell the top-grade mink glands and beaver castor in this bait, and high grade agents like lanolin keep the bait "going and going" in harsh wet or dry weather. Great for use for coyote, fox, bobcat, lynx, badger, marten, fisher and all meat eating predators.

Raccoon

Ringtail Cocktail **MJRC** **\$10.00**
 Ringtail Cocktail - Coon Bait, to get superior results from raccoon bait it has to reach out and call masked bandits wherever they travel. This all season coon bait does just that. Years of catching piles of raccoon led Mark to this powerful formula. A #1 selling coon bait. Thick and Powerful!

Night Owl

Night Owl Products Lures	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)
--------------------------	----------------	----------	------------	--------------

Cold Roller *Canine* **NOCR** **\$16.00** **\$48.00**
 Cold Roller is a non meat food call lure found invaluable at flat and projection sets as well as dirtholes. Very sticky and syrupy. Great when you're trapping in an area for the first time as this is a penetrating, far-reaching lure.

Coyote Gland *Coyote* **NOCG** **\$16.00** **\$48.00**
 Coyote Gland Lure is thick, creamy and loaded with aged glands processed locally. All the same principals that go into Night Owl's fox gland lure goes into this lure. If you're serious about targeting coyotes you should have this lure in your bag of tricks!

Creekside Call *Mink, Muskrat, Raccoon* **NOCC** **\$16.00** **\$48.00**
 Creekside Call is an honest to goodness all call lure. Excellent on muskrats and mink, but can be used early season for canines and raccoon.

Crossbones *Canine, Fisher* **NOCB** **\$16.00** **\$48.00**
 Crossbones is an LDC lure with unmatched calling abilities. Pure skunk odor that won't get hidden under a blanket of greasy or waxy film. Introduced in 2003, this lure is one of Night Owl's top call lures.

Night Owl

Night Owl Products Lures	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)
High Honors	Canine	NOHH	\$16.00	\$48.00
High Honors Lure is a base of ground mice that makes this lure a universal attractor for many predators. Carefully blended ingredients added to the base enhances the food odors in this lure.				
Ontario	Beaver	NOOBL	\$16.00	\$48.00
Ontario Beaver Lure is a castor based lure crammed full of castors from beavers taken from tributaries of Lake Ontario and upper NY state. Only premium dark grained, eastern castors are considered when compounding this lure.				
Red Tornado	Canine	NORT	\$16.00	\$48.00
Red Tornado is a mild meat based food lure with a blend of musks and castors that provides a mellow call ideal for early and mid season canines, raccoon and southern cats. Creamy paste.				
Plum Loco	Raccoon	NOPL	\$16.00	\$48.00
A very unusual and complex four part base goes into producing Plum Loco. A sweet and sour smell drives raccoon crazy. Certain to be different from any other product you're using. An original paste formula you won't find copied.				
Red Fox Gland	Fox	NORFG	\$16.00	\$48.00
Red Fox Gland Lure is thick, creamy and loaded with aged glands that are processed locally. This is real gland material and as foxy as it gets.				

On Target Bait & Lure

On Target Products Paste Baits	Target Species	WCS Code	6 oz.	Gallon
Acorn Paste	Squirrels	WCSRE03	\$5.50	\$60.00
Very mild smelling, attractive to all kinds of squirrels and chipmunks. Try it as a change-up for a finicky squirrel.				
Anise Paste	Raccoons	WCSRE14	\$5.50	\$60.00
Bring 'em in with the tempting licorice-like scent of anise. Coons of all sizes can't say no.				
Apple Paste	Raccoons, Woodchuck, Muskrat	WCSRE08	\$5.50	\$60.00
Just as the name implies. A very strong sweet odor of apple that is great for all species. Good on muskrat.				
Bacon	Raccoon, Opossum, Skunk	WCSRE11	\$5.50	\$60.00
A must for any nuisance trapper doing summer work. Tallow fat oil base means it can't be washed away or dried up when exposed to elements.				
Bacon & Cheese	Raccoon, Opossum, Skunk	WCSRE15	\$5.50	\$60.00
On-Target's Bacon with added cheese attractant. Tallow fat oil base means it can't be washed away or dried up when exposed to elements.				
Big Time	Raccoon	WCSRE10	\$5.50	\$60.00
Big Time has an anise smell to it, but has a honey base. It is a very sharp distinct aroma that is very attractive to coons.				
Checita - Banana	Raccoon	WCSRE09	\$5.50	\$60.00
This is another of our favorite paste baits. It is very attractive to skunks in the Spring. It is also very effective for raccoon all year round.				
Chuckster Paste	Groundhog	WCSRE26	\$5.50	\$60.00
This bait works very well for late spring and early summer groundhogs. It hangs on the stick and can't be washed off.				

On Target Products Paste Baits	Target Species	WCS Code	6 oz.	Gallon
Golden Maize/Sweetcorn	Raccoon, Skunk	WCSRE06	\$5.50	\$60.00
The sweet smell of sweetcorn is what makes this bait a real coon slayer. In the early summer and all the way through Fall.				
Grub Paste	Skunk	WCSRE24	\$5.50	\$60.00
Effective bait works on both roaming and grubbing skunks. Give it a chance when other attractants aren't doing the trick.				
Honey-Gland	Raccoon	WCSRE01	\$5.50	\$60.00
This is fantastic bait for both raccoon and skunk during the summer and fall of the year. It has a gland base and plenty of honey to keep their undivided attention at the set until they get caught				
Raspberry	Raccoon, Opossum	WCSRE12	\$5.50	\$60.00
Forget the breakfast jam. This long-lasting bait has a powerful aroma that's sweet, sugary and irresistible to coons.				
Smoked Fish	Raccoon	WCSRE19	\$5.50	\$60.00
This unique paste is a combination of smoked fish that has been aged to perfection then blended with just the right amount of tallow fat oil. Although it is semi solid during the cold weather, it is still very easy to work with. During the hot summer it will liquefy but still give off the odor necessary to draw critters from long distances.				
Squirrel Paste	Squirrels	WCSRE04	\$5.50	\$60.00
This bait blows peanut butter and sunflower seeds off the face of the earth. It has 7 different nut essences and plenty of real nuts and grains to boot.				
Strawberry	Raccoon	WCSRE13	\$5.50	\$60.00
Commercial jams and jellies don't hold up under bad weather or retain their aroma. This bait is cost-effective and works ten times better.				
Sweet Tooth	Raccoon	WCSRE02	\$5.50	\$60.00
This bait will attract raccoon from very long distances, as it has an intense sweet burning odor no coon can resist.				
Tuti Fruit/Persimmon	Raccoon	WCSRE07	\$5.50	\$60.00
This bait has a very strong odor of over ripe fruit. An excellent summertime bait for raccoon, skunk, opossum, and muskrat.				
Very Berry/Loganberry	Raccoon	WCSRE05	\$5.50	\$60.00
By far the best selling raccoon paste bait that Rob produces. It only takes a little smeared on a stick to produce a sweet berry odor that carries for long distances.				

On Target Products Liquid Lures	Target Species	WCS Code	1 oz.	4 oz.	16 oz.
Chipmunk Lure	Chipmunk	WCSRE20	\$5.00	\$14.00	n/a
Finally a lure that's not attractive to squirrels, but deadly on those chipmunks.					
Coon-SB	Raccoon	WCSRE23	\$4.00	\$10.00	\$22.00
On-Target's Coon SB lure was originally compounded to attract skunk, but during testing it was found that raccoons came from far and wide to get to it. This lure will shine at all times of the year and calls wildlife in from a very long way. Very strong, so a little goes a long way. Not attractive to cats!					
Flying Squirrel Lure	Flying Squirrel	WCSRE18	\$5.00	\$14.00	\$39.95
This special lure is designed for use on flying squirrels that do not respond to any other bait or lure. It was tested extensively in many parts of the country and proven extremely effective on both flying squirrels and red pine squirrels.					
Garden Fresh	Woodchuck	WCSREGF	\$5.00	\$14.00	\$35.00
This product was specially manufactured per Rob's instruction. It is a combination of different vegetable essences and has a long lasting odor that will lure groundhogs during the late summer and fall, until they go into hibernation. This product is also very effective for striped skunks in mid to late summer.					
Hog Juice	Woodchuck	WCSREHJ	\$5.00	\$14.00	\$35.00
Contains essential oils from as far away as Holland. This lure is absolutely deadly during the Spring and Summer of the year. You trail this liquid from the hole to the trap, using a large leaf of cabbage for eye appeal.					

On Target Products Liquid Lures	Target Species	WCS Code	1 oz.	4 oz.	16 oz.
------------------------------------	----------------	----------	-------	-------	--------

Liquid Chuckster **Woodchuck** **WCSRELC** **\$5.00** **\$14.00** **\$35.00**
 Rob uses this liquid in conjunction with the chuckster paste during the summer months. NWCO's across the country have written testimonials regarding its' effectiveness. You only need several drops. (This product will attract raccoons).

Liquid Grub **Skunk** **WCSRE22** **\$3.00** **\$10.00** **\$22.00**

After approx. 10 years of testing, Rob Erickson believes this product will dramatically improve your success ratio when trapping both grubbing and roaming skunks. This lure is NOT to be trailed into the trap. Place a tablespoon at the back of the trap, forcing the skunk to cross the pan, trying to reach the lure.

Skunk Trailing Lure **Skunk** **WCSRE17** **n/a** **n/a** **\$11.00**

Rob wishes he had the secret formula that would get skunks to respond to live traps 100% of the time when they are in their grubbing mode. He can't promise that but, this lure will definitely help.

Sweet Coon Lure **Raccoon** **WCSRE16** **\$4.00** **\$14.00** **n/a**

A unique blend of rocky raccoon's favorite sickeningly sweet essential oils. Won't catch cats and works all year. A little goes a long way.

Economy Pack \$37.95	Target Animal	WCS Code
Hog Pack (1 each 4 oz. Garden Fresh, Hog Juice, Liquid Chuckster)	Woodchuck	WCSRE25

Specialty Items

Red Fish Powder **Raccoon** **WCSRERFP** **\$6.75**

This unique product was developed by Rob specifically for summer A.D.C. work. It is not affected by heat and can be used as a trailing scent. Just sprinkle about 2 tablespoons leading into the trap and a little at the back. Use all times of the year.

Proline Lures

Proline Products Lures	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)	Gallon (-gal)
---------------------------	----------------	----------	---------------	-----------------	------------------

Alley Cat **Feral Cat** **WCSTJAC** **\$15.00** **\$42.00** **\$325.00**

A Gland Lure that was formulated with feral cats in mind. It works equally well on Bobcats and during testing in Missouri worked very well on Grey Fox. Test in Mississippi found it to outperform other Cat lures taking Bobcats consistently. This one is reduced to a liquid and very little is needed at a set.

Collarum Bait **Canines** **WCS014** **\$15.00** **\$42.00** **\$325.00**

This one was formulated to be used on the Collarum™ cable restraint for canines. Causes an excellent "bite & pull" response. M44's, grubstake and dirthole sets are all great uses of this canine food lure/bait. As an extra bonus we have found it to be an excellent spring skunk and raccoon bait.

Fisher Red **Fisher** **WCSTJFR** **\$15.00** **\$42.00** **\$325.00**

Gary Jepson, Master Predator Trapper, Lure Maker, and Instructor at the Fur-Takers College has developed a **NEW** ProLine fisher specific lure called Fisher Red. This is a unique blend of food attractants and territorial musk for that "got to have it" response. Punched up with just the right amount of mink. Will cause the fisher to commit or dig for the smell at a standard dirthole, running pole, or cubby.

Outreach **Fisher, Marten** **WCSTJOR** **\$15.00** **\$42.00** **\$325.00**

A different food combination lure with just enough skunk to call them from a distance. Good for fisher and marten.

Proline Products Lures	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)	Gallon (-gal)
---------------------------	----------------	----------	---------------	-----------------	------------------

Roadrunner **Canines** **WCSTJRR** **\$15.00** **\$42.00** **\$325.00**

Roadrunner is a very special food lure that can stand on its own. It will work equally well on all carnivores. Attractive to coyote, fox, feral dogs, dingos and jackals. Made of fresh animal products, this lure holds up well in all conditions as a mild food attractant. Extremely attractive to coyote when used as an early season lure. Works very well for "bite & pull" response devices like the Collarum.

Roundup **Raccoon** **WCSTJR** **\$15.00** **\$42.00** **\$325.00**

Raccoon food lure designed to pull them in regardless of food habits. Round up is attractive to urban Raccoons stealing the pet's food, grubbing the lawn or raiding the garbage. Great in cages or dirt holes on the fur line.

Saber Tooth **Canines** **WCSTJST** **\$15.00** **\$42.00** **\$325.00**

A premium quality canine curiosity lure. Use in any standard dirt hole set for Fox, coyote and even taking good numbers of Bobcat. My favorite set with this lure is a small mouse vertical hole with a well blended trap up close to the hole

Selector **Canines** **WCSTJS** **\$15.00** **\$42.00** **\$325.00**

A premium Gland Lure for Fox and Coyote. Use at Flat or Post Sets. Has that little extra bang! Selector is my choice for spring and summer Coyote trapping

SilverTip **Badger** **WCSTJSTO** **\$15.00** **\$42.00** **\$325.00**

This is a NEW product designed specifically for badger. SilverTip will attract badgers to cages or traditional dirt hole sets equally well. Badger will aggressively go after this food-type lure. Other predators will also be attracted to SilverTip and makes a great multiple species choice. If you're after badger, you can't go wrong with this lure.

Sweet Sabotage **Summertime Beaver** **WCSTJSS** **\$15.00** **\$42.00** **\$325.00**

This Beaver food lure has that little extra that works well in Hancock-type and other live trap situations for those castor shy beaver. Don't let the sweet molasses aroma fool you. This lure is a blend of many other attractive ingredients and works well on summer beaver. Has shown to be a great groundhog, rodent and raccoon lure as well.

Target **Beaver** **WCSTJT** **\$15.00** **\$42.00** **\$325.00**

Highest Quality Beaver Gland Lure. Made from only fresh ground glands. Will take young and old beaver alike.

Wildcat **Bobcat** **WCSTJWC** **\$15.00** **\$42.00** **\$325.00**

ProLine's fresh meat product, specifically designed for bobcats. A great all-around Cat attractant, this bait/lure combination was used during the filming of Gary Jepson's trapping videos. Pair it with Alley Cat for bobcats or with "Big Cat" for mountain lion.

Big Cat (for Mountain Lion)	Target Species	WCS Code	4 oz.	16 oz.	Gal.
--------------------------------	----------------	----------	-------	--------	------

Big Cat **Mountain Lion** **WCSTJBC** **\$20.00** **\$60.00** **\$365.95**

A very high quality mountain lion gland lure, this is as pure as it gets and should work very well as a curiosity lure for all predators and of particular importance for research population studies involving mountain lion or other large feline. Only quality fresh lion glands are used in this product and quantities are extremely limited.

Specialty Items	Target Species	WCS Code	4 oz.	Gal.
-----------------	----------------	----------	-------	------

"Strike-Um" Snake Lure **Snake** **WCSTJSL** **\$18.95** **\$300**

Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

Lures	Target Species	WCS Code	4 oz.	16 oz.	Gal.
-------	----------------	----------	-------	--------	------

Underground **Moles, Armadillos, Skunks, Raccoons** **\$15.00** **\$42.00** **\$325.00**

Underground was formulated to cause moles to work the area under the trap. Using "Underground" will improve your chances with moles that dig around or under set traps. Apply to soil directly below trap triggers on scissor (Out-o-Sight) or harpoon traps and between the jaws of the "No-mol" mole traps. Because of its fresh insect base, the lure has been extremely effective on Raccoons that are grubbing in lawns. We suspect it will prove effective for Armadillos and Skunks as well.

Proline Lures

Proline Products Lures	Target Species	WCS Code	4 oz. (-4)	16 oz. (-16)	Gal. (-gal)
------------------------	----------------	----------	------------	--------------	-------------

McRat **Muskrat** **WCSTJMcR** **\$15.00** **\$42.00** **\$325.00**

The hottest attraction available for muskrats. Excellent for use on float and pocket sets as well as food piles and edges of houses. A food attraction that when used on floats will require a twelve hour check! As soon as your traps are full there is nothing stopping them from getting your bait and any wood structure you might have applied the lure to. Caution must be used to not allow contact with any surface you do not want to be eaten.

Rat Bang **Muskrat** **WCSTJRB** **\$15.00** **\$42.00** **\$325.00**

Results are at least equal to McRat. It has passed the same tests with super results. We formulated this one achieving the same reaction we saw with McRat. A little extra difference added to create variety. Muskrats are sometimes very attracted to differences in their environments. Using a combination of sets with different attractants can be very productive. Half the sets with McRat and half with Rat Bang will achieve superior results.

Uncle Kirk's Magic Lures by Kirk LaPierre

Uncle Kirk's Products	Target Species	WCS Code	4 oz. (-4)	8 oz. (-8)	16 oz. (-16)	32 oz. (-32)	Gal. (-Gal)
-----------------------	----------------	----------	------------	------------	--------------	--------------	-------------

Dark Magic Gel **Rodents** **DMGL** **\$12.00** **n/a** **\$38.15** **n/a** **\$310.00**

Specially designed to attract flying squirrels. Although attractive to other rodents, flyers find this gel consistency lure irresistible.

Gold Magic Gel **Rodents** **GMGL** **\$11.95** **n/a** **\$35.95** **n/a** **\$310.00**

20 years in the making! This gel consistency lure is highly attractive to a variety of rodents including mice, rats, and squirrels. Just a little goes a long way!

Midnight Madness Bait **Rodents** **MMB** **n/a** **\$14.00** **\$27.50** **n/a** **\$250.00**

Proven on hundreds of finicky Flyers. This seed-based bait has a special combination of coating oils, making it an enticing attractant - there's no other product like it. Great as a "change-up", when other baits seem to be losing effectiveness.

Gold Magic Liquid Lure Concentrate **Rodents** **WCSKL** **n/a** **\$26.95** **\$38.95** **\$57.95** **\$240.00**

Works its magic in cage traps, bait stations, on snap traps - anywhere you want to lure a rodent! Use with or without bait.

Gold Magic Kit **Rodents** **WCSKL-KIT** **\$24.00** **n/a** **n/a** **n/a** **n/a**
(16 oz. spray bottle with 4 oz. of Concentrate)

Westchester Wildlife Lures

Westchester Wildlife Lures	Target Species	WCS Code	8 oz.
----------------------------	----------------	----------	-------

Liquid Peanuts **Mice, Rats, Rodent Lure** **Chipmunks, Squirrel** **WestLP-2** **\$12.95**

This chemically formulated lure is highly concentrated and emits an extremely penetrating smell of peanuts. Only 1 - 2 drops are necessary per application.

Magnum Maple Raccoon Lure **Raccoon** **WestMM-8** **\$12.95**

MAGNUM MAPLE is a SUPER new raccoon lure by Westchester Wildlife. It has a loud, very sweet scent of maple that raccoon and similar animals find irresistible. Comes in liquid form only for easy application. Place a few drops leading into the cage and some on an absorbent lure holder in the rear of the trap. Super attractive.

Banana Blaster Skunk Lure **Skunk** **WestBB-8** **\$12.95**

According to trappers, skunks go ape for the intense banana scent of this lure. Liquid formulation for easy application. Great for domestic settings. Not attractive to cats.

Sweet Berry Treat Multi-Purpose Liquid Lure **Raccoons, Skunks, Woodchucks, Possum, Rats & Mice** **WestSBT-8** **\$12.95**

Very easy to use, comes in a flip-top bottle, very fragrant!

Melon Madness **Woodchuck** **WestMMWL-8** **\$12.95**

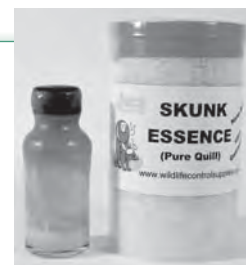

The strong sweet smell of melon will draw in the woodchucks. Just a few drops is all that's needed.

Java Joe Paste Bait **Raccoon** **WestJV-8** **\$6.00**

A paste base with the strong smell of coffee, a fret change up bait to attract raccoons to cage traps.

Skunk Essence
100% PURE QUILL
WCSSKUNK
1 oz. \$17.95

100% pure skunk essence - NOT a tincture! Works great as a trapping or cover scent. Put up in 1 oz. glass bottles, with caps that are triple dipped in hot wax. Sealed and packed with odor absorbing material to prevent smell from leaking. None better!

BAGS & PACKS

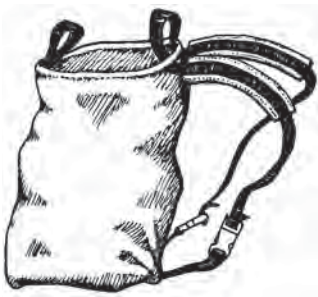

John Graham Fur Country Badlands Heavy Duty Canvas Bag
 Features: Large 2 gallon capacity in main pockets, two outside pockets, Inside pockets for covers, screens, tools, etc., Two sturdy handles make carrying easy. Just the ticket for land trapping fox, coyote, moles, rodents, etc.
WCSBBAG \$29.95

NEW! John Graham Fur Country Coon River CarryAll

This bag is made on the same basic design as the Badlands Bag - 2.5 gallon capacity, 2 large inside pockets, and sturdy handles. An inside middle divider has been added to keep bait jars, lure, etc., separate from tools and traps. This bag is made super tough "poly-vinyl" which is what truck tarps are made of. The CRC is green in color, and is easily washed.

WCSJGCRCI \$36

John Graham Fur Country Trappers Trail Pack
 Made of Heavy O.D. Green canvas Just the ticket for Beaver Trappers. Adjustable Shoulder Straps. Carrying Handles Straps. Great for Snaring.
WCSTTP Trappers Trail Pack \$48.50

Fiber-Tuf Packbasket

Fiber Tuf packbaskets are constructed of durable fiberglass and were made with the beaver trapper in mind. The opening of the basket is especially wide for easy carrying of 330 bodygrip traps. Comes complete with a harness. Two models available; one with a pouch or compartment on the rear of the basket for carrying lures, pliers, etc.; and one without the compartment. (17L x 13W x 18D)

FT8- WP with Pouch \$65.00
FT8 without Pouch \$58.00

Make your own baits and lures

WCS has everything you need to make your own secret formula

BASES & PRESERVATIVES

Looking to experiment with your own bait recipes? Let WCS provide the ingredients! Start with a base like our fruit base, Propylene Glycol or Tallow as a basic mixing paste and mix in your own choice of essential oils. Then add preservatives and stabilizers like Sodium Benzoate, and Glycerin to give your baits long life and staying power. Have a question? Call us at 1-877-684-7262.

Fruit Base

Our secret recipe fruit base is an excellent starting point for paste baits. We specially formulate it to absorb your oils well. Want to try making your own paste bait? Start with this fruit base and mix in your own choice of essential oils!

- NWSPB005-16 16 oz (approx. 50 sets) **\$6.00**
- NWSPB005-GAL Gallon (approx. 3-400 sets) **\$28.50**
- NWSPB005-5G 5 Gallon Pail "Bait Maker Special" **\$110**

Propylene Glycol Base

Propylene Glycol, (USP) High Grade. Commonly used as a tincturing base. If using as an antifreeze at dirt sets – mix 1 part glycol to 3 parts water and apply in several layers at the set.

- NWSPB3 16 oz **\$5.95** gallon **\$23.95**

Tallow Base

An all-purpose waterproof base for a canine lure or bait.

- NWSPB004 1 lb **\$2.75** 5 lbs **\$12.50**

Glycerin (STABILIZER)

Add body to urine and prevent its evaporation and freezing with our high quality glycerin. Great as an antifreeze, stabilizer, binder, etc., but NOT a preservative.

- NWSPB2 16 oz **\$7.95** gallon **\$18.95**

Sodium Benzoate (PRESERVATIVE)

Sodium Benzoate (Bait Makers Compound) Use 2 tablespoons per pint or 1 cup per gallon to preserve fresh or aged meat or fish baits.

- NWSPB001 16 oz **\$6.75** 5 lbs **\$20**

Lanolin (Anhydrous) Base

Lanolin is a natural, waterproof emollient derived from sheep wool. It is commonly used to create a bait or lure that will withstand harsh weather conditions, i.e. rain. It acts as a moisturizer for use in cosmetics and skin and hair care products. Lanolin can soothe burns as well as irritated or dry skin and helps retain moisture. Lanolin can be added to soap and bath and body products for a rich, creamy lather. It also has other uses such as a lubricant.

- WCCLANP 16 oz. **\$12.95**

WCS "Premium Grade" Essential Oils

When the bottle says "Premium Grade," you can rest assured that it is the finest quality, purest oil on the market! Through our import contacts, we source the best ingredients from around the globe and use these oils in our "Premium Grade" baits and lures. Your satisfaction is guaranteed! A little goes a very long way, so apply sparingly until you have a feel for what works best.

Keep Birds out of Your Flight Path

Field Proven Solutions from WCS

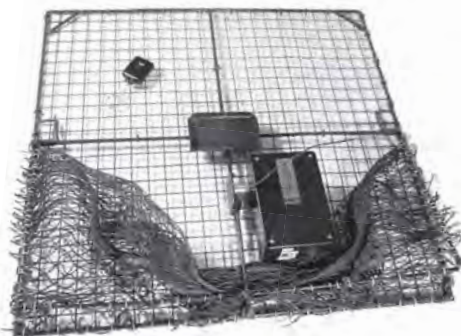

TRAPS & NETS

WCS "EZ" Catch Bird Trap

Proven to work, easy to use, safe for the birds – that's why we trust our EZ Catch Bird Traps. A spring-loaded gentle nylon net closes like a clamshell over the birds when they trigger the bait pan, to trap them quickly and effectively. The metal mesh base frame is powder coated for rust resistance. Can be mounted on walls, buildings or placed in trees. Base and net are green to blend with surroundings.

- WCSRC17** 17" x 17" x 2.5" – Woodpecker **\$65.95**
- WCSRC24** 24" x 24" x 2.5" – Crow/Duck/Grackles **\$77.95**
- WCSRC36** 36" x 36" x 2.5" – Duck/Chicken **\$117.95**

WCS "EZ" Catch Bird Trap with Remote Trigger

We took our effective EZ Catch Bird Trap and added a unique remote trap trigger that provides an onsite, manned operation for selective capture. Rigorously field-tested, with a maximum effective range between 100'-150' and success up to 200' depending on terrain and interference. When you need to monitor capture and select specific targets, the EZ Catch with Remote Trigger is a powerful solution.

WCSRC36-Remote 36"x36"x2.5" (ships at 90lb rate) **\$363.95**

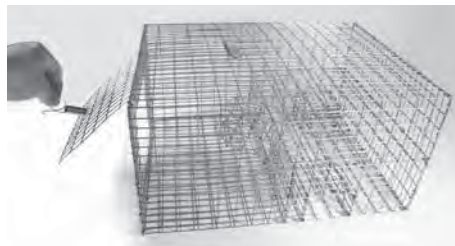

WCS Wooden Bird House Trap for Sparrow

WCS's Birdhouse with a Twist!

Sparrows invading bluebird boxes, bird feeders and other enclosed areas cannot resist this non-lethal trap when it's placed in their flight path. On the outside, this looks like a normal birdhouse with a hole just big enough for a sparrow. Inside, a spring-loaded door snaps shut when the sparrow lands on a perch below the opening. A convenient fluorescent orange sticker on the door shows you if it's been closed. Trap inside is detachable. Remove birds promptly.

NWSSTWH Trap – Wooden Bird House for Sparrow **\$38**

Multi-Catch Sparrow Trap

No moving parts to worry about! Bait this economical, multi-catch trap with seed or breadcrumbs in gathering areas and sparrows won't be able to resist investigating. Two entry points and side release door. Made of 1" x 1/2" galvanized wire mesh.

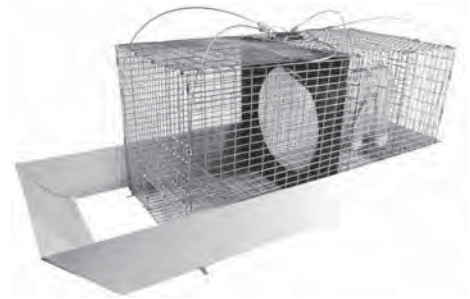

WCSKBSPWT 16" x 12" x 8" **\$32.95**

"Starling Stopper" Trap

WCS's unique, no-fuss way to humanely remove young starlings from bathroom and dryer exhaust vents. A clear plastic one-way door allows birds to enter while an exposed mesh end to the outside allows the mother to call and feed her young until you're ready to free them. Detachable nose cone for easy bird removal.

JPSS "Starling Stopper" Trap **\$43.95**

WCS Sparrow Sled Live Trap

A unique solution for professionals providing services to "big box" retailers, factories and hangars. When suspended from the rafters, this trap's sled-shaped base allows for a landing location (or bait area) and keeps any debris from falling onto unsuspecting employees and customers. Front entry compartment has a funneled door and cone funnel to back compartment; back compartment is equipped with a mesh box that holds 2 water bottles for thirsty captured birds. Trap made of 1" x 1/2" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" 4"H.

WCSSPWSLDE **\$115.95**

Mist Nets

A dependable solution for small bird capture and control. Net is threaded with horizontal cords to form pouches for starlings, sparrows and pigeons to fall in. Very fine, very strong, and folds to fit in a sandwich-sized plastic bag.

- WCS10x20MN** 10' x 20' Mist Net **\$65**
- WCS10x40MN** 10' x 30' Mist Net **\$85**
- WCS10x40MN** 10' x 40' Mist Net **\$100**

Birds can be incredibly persistent. And because they often roost where they are not easily seen, they can inflict a great deal of damage before they are discouraged. WCS makes it easy to repel, exclude or scare virtually any species before they become a health or architectural nuisance.

Nothing but net! A great shot every time.

NEW! WCS Net Blaster™

Eliminate the need for explosives. Developed in conjunction with APHIS and the USDA Wildlife Services, the WCS Net Blaster™ is the first-ever air propelled net cannon specifically for capturing wildlife.

Field Tested 90% capture rate on birds within 12'-18'

Efficient Compressed air launches 4.5 lb. projectiles attached to the net

Versatile Shoots multiple size nets (up to 40'x60')

Safe Built-in safety features and remote trigger

Includes

- » WCS Net Blaster™ with 20-gallon 150 psi tank
- » 12-volt Remote Trigger
- » 50' Electric Cable (Extensions to 250' Available)
- » 6' Air Fill-hose with Ball Valve
- » 4 Steel Weights with O-rings
- » 2 Tie-down Anchors

Sold Separately Net and Air Compressor

Golden Eagle Thermal Fogger

(Electric Start XL, Model 2610, Series 3)

Designed for large indoor warehouse use and outdoor insect/pest control. This handy tool can dispense oil-based insecticides, fungicides, germicides, disinfectants, odor control and other chemical products and excels at reaching hard-to-get places. New electric starting system gives it greater reliability and fuel efficiency. Complete with instruction manual, batteries, auxiliary start cable, 2 cleanout brushes, tool kit (export only) and spare parts kit (export only). Built to order – allow 4 to 6 weeks for delivery.

403470 Golden Eagle Thermal Fogger **\$1750**

Fog Force by Rejex-It

Designed specifically for fog application. Like Migrate for Turf, it contains Methyl Anthranilate, a nontoxic agent with no adverse effect on people, pets or animals. Very effective on nuisance birds roosting in warehouses, loading docks, porches and other open areas.

Fogging agent for flocks

WCSFFS Gallon **\$175.95**

1-866-380-WILD**SCARING TACTICS**

Exploit Nature's instinct. Use in isolation or combination with exclusion and repellents.

Star-Burst Holographic Tape

Frighten them with flashing eyes.

"Starburst" Scare Tape is an extremely reflective material in sunlight and has a hologram effect that resembles eyes. Hung

in short segments, it's especially effective on woodpeckers.

WCSSTARBRST 2"x290'L \$14.95**Bird Scare Flash Tape**

Protect territory from marauding birds. When strung around an area, this tape flashes brilliantly, scaring fliers away. Effective, environmentally friendly and safe for animals.

NWSOC2-S 290' 12mm Red/Silver \$5.25**Bird Flasher**

Dangling on the outside corner of a building, this wind-blown flasher is an effective stop sign for intrusive woodpeckers and swallows. For best

results, install within 20 feet of the damage and cover holes or knock down nests as soon as it is up. Note: Avoid attaching to metal chimney caps as sound from spinning flasher may carry through structure.

WCSWBR Bird Flasher \$9.50**Scare Eyes**

Scare Eye Balloons are used for woodpeckers and other small birds like sparrows, etc. The bright colors, large eyes and hanging reflective streamers on this 12" diameter balloon are threatening to birds - they think they're being watched by a predator.

NWSSEB-Y Scare-Eyes (yellow) \$8.50**NWSSEB-B Scare-Eyes (black) \$8.50****Terror-Eyes**

Drive bird gangs away! This terror-eyed vinyl inflatable predator can be used for parking lots, building roofs, airports, marinas, highway & bridge underpasses, granaries, orchards, vineyards, feed lots, farm fields, gardens and homes.

NWSBXV001 Terror-Eyes \$46.80**Octopus Bird Scarer**

Give double the warning to birds with scare eyes and flashing mylar streamers.

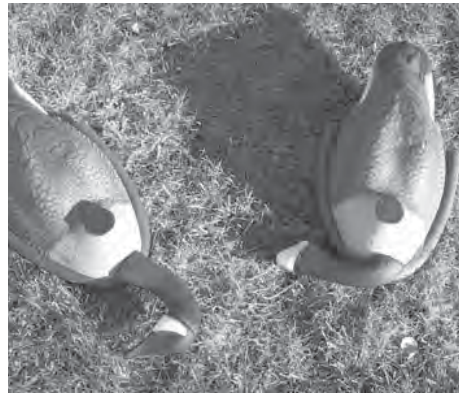

NWSOC1 Octopus Bird Scarer \$9.50

Attack Spider

Chase away damage-causing woodpeckers and other nuisance birds.

Activated by sound, this battery-operated spider quickly drops down on an 18-inch string while making a loud noise. Then it climbs back up the string to await another stimulus. Use enough units to protect your home; we recommend 1 unit every 10 feet in problem areas. Requires 2 AA" batteries (not included).

WCSAS-S Attack Spider **\$13.95**

Dead Goose Decoy Kit

Nobody likes a dead goose, especially live geese. Formed in a lifelike "agony" position, this Goose Guard convinces live geese there are predators in the vicinity - hence the fresh "kill". Can be used on land and water (water applications must be anchored so they won't float away). A minimum of two decoys must be used for flocking geese to believe predators will return to inflict more damage. Includes two decoys in "killed" position, plus chord and anchors for water applications.

NWSDG01K Decoy Kit **\$109.95**

Edge Decoys by Expedite

Rid properties of unwanted birds with a safe, humane and cost-effective solution. these Decoys project a life-like 3D photo on weather-resistant material for ultimate durability and effectiveness. Easy to set up and take down, they can be moved as need to different areas.

- WCSCOY2S** Coyote 2-pack **\$45.95**
- WCSCOY2C** Coyote (Case of 10) **\$429.50**

- WCSTOX2C** Fox (Case of 10) **\$375.95**

Jackite Eagle

Looks just like the real thing! This handcrafted kite will soar and swoop menacingly in variable or gusty winds to frighten prey away. To install, attach to a flexible pole using heavy gauge fishing line or stainless steel lead wire and crimps. Made of Tyvek with high quality inks to resist fading. Ideal for open areas or to augment other systems.

- NWSKite51** Unassembled **\$58.95**
- NWSKite52** Assembled **\$68.99**

Exclude, Repel or Scare?

The best tactic for deterring birds depends on the species. Woodpeckers and other transient species may only require the presence of a subtle deterrent, like flash tape, whereas flocking birds, like pigeons and starlings require exclusion or scare tactics. Please call us or visit us online for help in choosing the best option for you.

Gator Guard

This 25-inch life-sized alligator is enough to make any goose, duck or fish-eating bird keep away from the areas they love. Floats in water to avoid spoiling the look of a property. Made of durable weatherproofed urethane foam with UV coating. Includes anchor hook on bottom.

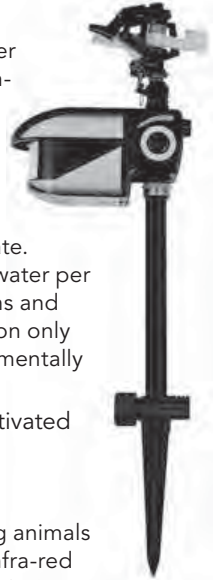

WCSGG01 Gator Guard **\$67**

Scarecrow

The smartest scarecrow ever invented! When the motion-activated sprinkler sees an intruder it instantly releases full garden hose water pressure on the trespasser. The effect is both startling and immediate. Uses only about 2 cups of water per deterrence. Runs for months and "fires" thousands of times on only one 9-volt battery. Environmentally friendly.

NWSCRO102 motion activated sprinkler **\$59.95**

Spray Away

After detecting animals or birds with infra-red sensors, Spray Away releases 3 seconds of water from an attached garden hose to chase wild animals away. Adjustable sensitivity detector and random spray pattern prevents animals from growing accustomed to the sprayer. A 180-degree front sweep with infrared motion detection combines with a water spray up to 35 feet to protect up 1000 square feet. Uses 9-volt battery power for thousands of activations.

NWS5265 motion activated sprinkler by Havahart **\$58**

We really appreciate our business relationship with WCS. It has been a pleasure to work with you. Our orders have been taken care of promptly and courteously. If ever I have questions about a product or how to place an order that is "not run of the mill" it has been taken care of with the ease that only comes with a company that REALLY cares about its reputation. I wish all the companies we dealt with had the pride you show in your company. I say pride because it shows in how you deal with us – your clients. If it wasn't for US you wouldn't exist and without YOU our job would be much tougher.

– Sharon & Bill, Shoreline, WA

Safely and effectively repels birds 24/7.

BirdGard PRO

Repel birds with crystal-clear digital recordings of enemies and distress calls. The Bird Gard® Pro is designed for smaller applications with coverage up to 1.5 acres. It features a built-in amplifier and speaker and mounts easily to a post or fence using the included mounting bracket. The unit comes pre-recorded. The BirdGard units can be fitted with a variety of digital chips to address various nuisance bird situations. Give us a call at 1-877-684-7262 with your specific situation and we can find the sounds that will work!

System includes generating unit with built-in speaker, power adapter with 50 feet (15 meters) of cable, weatherproof enclosure and mounting bracket. Optional accessories: External speaker, 5-watt solar panel, battery cables with clips.

- NWS0033-11A Residential Woodpecker **\$179.95**
- NWS0033-1A Agricultural **\$179.95**
- NWS0033-2A Marine **\$179.95**
- NWS0033-42A Pigeon **\$179.95**
- NWS0033-53 Sparrow/Starling **\$179.95**
- NWS0033-7A Crow **\$179.95**
- NWS0010X Extension speaker w/100' cable **\$43.95**

5 watt solar panel comes with a battery cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery and a power plug to connect to the Bird Gard unit. The kit also includes a mounting bracket and hardware to attach the solar panel to a post or pole.

- WCS0099 5 watt Solar Panel and Mounting Kit **\$150**
- WCS0093 20 watt solar panel **\$400**

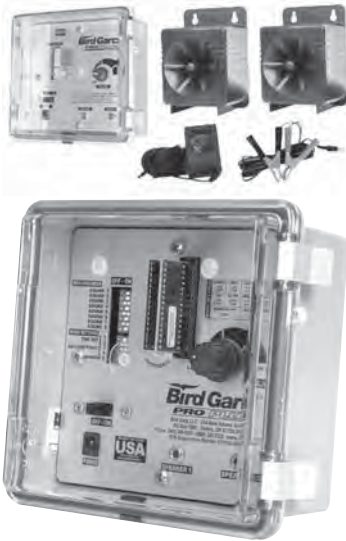

Battery cable comes with 10 feet (3 meters) of cable with red (positive) and black (negative) alligator clips at the end for attachment to a 12 volt battery.

- NWSB-0010 Battery Cable w/Clips 10' **\$16.95**

Call for additional chip set options for other nuisance species.

Build a bigger wall of sound.

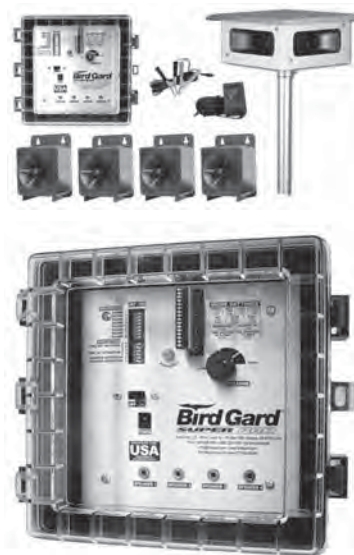

Bird Gard PRO PLUS

Extend your coverage up to 3 acres with the PRO PLUS. Two speakers create diverse sound coverage patterns. Solid-state electronics are contained inside a NEMA-rated control box, making this system suitable for most any weather condition. Generating unit mounts easily to post or pole. Comes with enhanced random operation for sound frequency and an EPROM recording chip that can be easily changed in the field.

System includes generating unit with two built-in amplifiers, power adapter with 50' of cable, two external

speakers (each with 100' of cable) and a 10' battery cable with clips.

- NWS0035-11A Woodpecker (11A) **\$308.95**
- NWS0035-40 Super Starling (40) **\$308.95**
- NWS0035-62 Sparrow (62) **\$308.95**

Bird Gard SUPER PRO

Bird Gard's most popular unit! With the same quality components as the PRO PLUS, The SUPER PRO features 4 external speakers with built-in amplifiers, giving it coverage up to 6 acres. Every six seconds a randomly selected sound is broadcast from a random speaker, making it sound like many different birds in distress spread throughout the protected area.

Complete system includes the generating unit with four built-in amplifiers, power adapter with 50 feet' of cable, four external

speakers (each with 100' of cable) and a 10' battery cable with clips. Optional accessories: 20-watt solar panel, four external speakers in a single enclosure.

With the right chips set, you can protect marinas, vineyards, boat docks, gardens, ball fields and much more. Call for more details.

Big clients, big buildings, big job?

We're with you every step of the way. WCS stocks a wide variety of quality exclusion products and we're ready to help you custom design the best bird control system for your needs. We can even assist in preparing a quote for your client. Just call 1-877-684-7262.

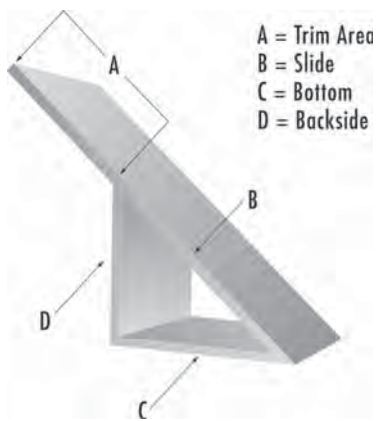

EXCLUSION (or physical deterrents)

BirdSlide™

When total exclusion for ledges, eaves, angle irons, I-Beams and most "L" shaped ledges is the goal. As many bird control experts know, there are ledges where heavy pressure (nesting birds) demands an exclusion system, and netting may be visually unacceptable. BirdSlide completely protects the ledge against all bird species; they simply can't get a grip and "slide" right off the ledge. BirdSlide comes in Beige and Grey, but can be painted to match any color to blend into the structure.

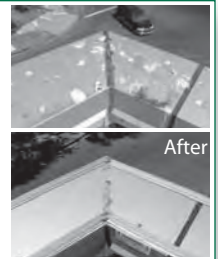

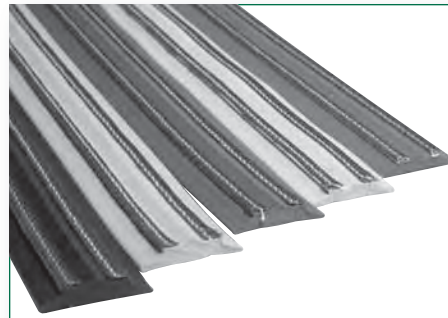

For ledges 6", the flat base simply glues or can be screwed to a clean surface. For narrow ledges, the "fin" can be trimmed down; for wider ledges an extension can be added.

- SL-G25 BirdSlide Seam Connectors Grey (12) **\$32.50**

I have always had my doubts about trapping a single sparrow in a grocery store and recently had a local grocery store chain call about a sparrow in the store. I told them "Clean up the birdseed isle!" but only a day prior to me setting one of your Sparrow Sleds. I found a preliminary perch on a freezer that the sparrow used prior to the birdseed buffet. I set the trap just as the directions suggest for baiting and caught the bird in less than 48 hours. Thanks for another great product! – Jason, Blue Ridge Wildlife - Roanoke, VA

(see Sparrow Sled on page 15)

Bird Barrier Bird-Shock Flex Track

Perfect for high pressure areas and on all species of pest birds. This low-profile ledge deterrent system provides intermittent electric bursts, giving birds a non-lethal but effective conditioning to stay away.

Flex Track is:

Flexible and Adaptable

A low-profile electrified track that conforms to any architectural configuration. Flex-Track curves up and down, and side to side; and the stainless steel strapping gladly follows the PVC base without wrinkling.

Virtually Invisible Flex Track is only ¼ of an inch high and is available in a wide variety of colors to match the structure. Hard to notice close-up and virtually invisible from the distance. Cannot be seen looking up from below.

Long-Lasting Made from UV stabilized PVC and Stainless Steel, Flex Track will be in service far longer than its five-year warranty.

Humane The intermittent shock is painful, but does not hurt the birds. (It simply teaches them to stay away, long-term.)

Warning Do not install in areas easily accessible to pedestrians.

Bird-Flite

Bird-Flite is installed on thousands of U.S. buildings with an incredible success rate, even under heavy bird pressure. Its thin, stainless steel rods and U.V.-resistant polycarbonate base are extremely durable and it is also the least conspicuous spike product on the market. Unlike similar products, Bird-Flite's spikes are blunted, preventing injury to birds or unsuspecting workmen. Bird-Flite's wires are spaced 1.5 inches on center far enough apart to repel pigeons, yet avoid entrapping debris. The base can be glued or screwed in place. Available in one foot lengths, each section can be broken into smaller sections to accommodate any architectural configuration.

CANNONS

Inexpensive to operate, low maintenance and undeniably loud. A propane cannon is best suited to agricultural and other wide open spaces where flocking birds congregate. The loud report scares them away.

M3 Single Bang Propane Cannon

Produces single bangs using flint ignition. Each flint provides up to 1,000 ignitions. **WCSRJM3** M3 Single Bang Propane Cannon **\$290**

M4 Single Bang Propane Cannon

Produces single bangs that can be regulated from one bang every thirty seconds to one bang every twenty minutes. The piezo ignition system operates without batteries or electricity and produces up to 200,000 ignitions.

WCSRJM4 M4 Single Bang Propane Cannon **\$330**

M8 Single Bang Propane Cannon

Produces six bangs within 90 seconds. Three bangs are fired in the first 30 seconds and three additional bangs are fired at irregular intervals. Frequency of six-shot series may be adjusted from one series every 45 seconds to one every 20 minutes.

WCSRJM8 M8 Multi-Bang Propane Cannon **\$385**

Clock Timer

Battery-operated, this timer activates and deactivates the Scare-Away LP Gas Cannon automatically, with no winding necessary. Operates for an entire season on just one AA battery.

WCSP0125 Clock Timer **\$120**

Roto Mat Revolving Platform

Enables the Scare-Away Propane Cannon to change direction each time it fires, extending the effectiveness of the cannon in all directions.

WCSRJRM Roto Mat Revolving Platform **\$230**

Proven effective up to a mile!

Accurate, safe and silent, the Avian Dissuader uses a laser beam to disperse flocking birds. Non-lethal and non harmful, occasional use between dusk and dawn (outdoors) or anytime indoors (in hangars, warehouses, etc.) will prevent birds from nesting or roosting.

Avian Dissuader – Hand Held Laser *

Developed after the US Air Force found that laser products used for the military showed evidence of scaring birds away when the laser was targeted in their direction. Using the military's "flashlight" model, the laser was tested in conjunction with the USDA/ APHIS/ WS Wildlife Research Center in Sandusky Ohio (testing funded by FAA). The results of that testing, both penned and field, show that the 650nm wavelength "Red" laser is highly effective on most aquatic, wading, and night flying birds. Recommended for the humane, non-lethal hazing of geese, ducks, gulls, egrets, herons, cranes, plovers, ibis, cormorants, stilts, crows, ravens, mynas and vultures, plus others. Pistol grip for easy aiming at smaller targets.

NWSBDL650 Avian Dissuader Hand Held "Red" Laser **\$955.95**

NWSBDL-532 Avian Dissuader Hand Held "Green" Laser **\$1895**

* **NOTE:** Bird Banger & Shellcracker purchase require a Bureau of ATF Explosives License. This must be obtained directly from the ATF.

** **NOTE:** Screamer Siren & blanks purchase require a completed Wildlife Control Statement. The blank ATF form can be obtained from us.

HAZARDOUS MATERIAL: All pyrotechnic products are considered hazardous material and as such are applied a separate HAZ MAT fee by the shipper that is passed along in the shipping charges. This items can only shipped via ground services only. No expedited shipping method is allowed.

Bats

Out of the belfry, the attic and the chimney!

These territorial little insect-eaters are great for the environment, but not for your client's peace of mind. We have the answer. Our selection of capture, bat-proofing and housing products will help ensure that bats set up their homes elsewhere.

Bat Cones™

Durable Bat Cones™ are a humane, one-way exclusion device for ridding any building of unwanted bat colonies – forever. Since they cannot grip the slippery inside of the Bat Cone, bats have no way to crawl back in. Set these Bat Cones with a slight downward incline to make it easier for bats to exit. Once they have been safely excluded, you can permanently seal the exit points with copper mesh and Todol Foam or quality silicone caulking.

Bat Cone Pro-Cone

Newly redesigned to meet the durability needs of the professional. Now available in heavy duty injection-molded plastic, versatile Pro-Cones come with a built-in solid flange and mounting holes. Can also be used to exclude flying & red squirrels, sparrow and starlings. Available in three different styles: Corner, Round and Square.

Bat Cone II – Bat Excluder

For fast, easy installation, this model can't be beat. The reusable, long lasting cone attaches quickly with push-pins, nails staples or even duct tape. Gray polyethylene excluder is 6" long and comes with four flexible tabs at one end to attach over entry/exit point.

- BCEX-1** Bat Cone or Excluder (Single) \$12.95
BCEX-12 Bat Cone and Excluder (Dozen – Mix & Match) \$147

Bat Cone White Cedar (Small)

Bat House made out of long-lasting white cedar. The attractively appealing bat house is perfectly suited for housing up to 50 bats. The outside of the bat house has been sanded smooth, while the inside has been left rough to allow the bats to easily climb up in to it. This bat house measures 24" L x 9" W x 3" D and has a 5.5" opening at the bottom where the bats will access it.

BCBH-SM \$49.95

TRAPS

Batrap

Specially designed for bat colony removal/relocation and field-tested by NWCOs. This multi-catch live trap has a tube that leads bats through a one-way baffle into a confinement chamber – bats can leave but can't re-enter. Lightweight and easy to set up, it comes with an instruction manual and flexible hose to attach trap to your building. Pair with Pur Black foam and copper mesh for successful bat-proofing.

- NWS2301 12" \$117.95** **NWS2302 18" \$124.95**

NETTING

Bat Netting

Keep 'em out. Stiff but pliable black poly netting is great for exclusion and/or creating bat valves (also known as one-way doors). Not easily chewed or ripped. Easy to form against buildings, this netting can be stapled or held in place with Hercules Putty [see page 35] on

aluminum or vinyl sided structures. 1/4" is stiffer than a common window screen, though not as stiff as 1/6". Call for larger custom cut sizing.

- NWS3018-10** 1/4" - 14' x 10' \$32.95
NWS3018-50 1/4" - 14' x 50' \$159.95
NWS7100-10 1/8" - 14' x 10' \$39.95
NWS7100-50 1/8" - 14' x 50' \$192.95

HOUSES

Batchelor Pad Bat House

Sometimes the only encouragement bats need to relocate are swanky new digs. This wooden home houses up to 30 bats in single chamber (20"h x 10"w x 3"d). Designed for cooler locations preferred by solitary males, but also suitable for a small nursing colony. Large screened landing pad, roughened interior surface for secure grip and echolocation slot. Install on buildings, at least 12' off ground (ideally 15-20'), before bats return in spring. When using in conjunction with exclusion, install at least 2-6 wks before eviction.

WCS00133 \$34.95

Bat Cone White Cedar (Large)

Large Bat House by Batcone constructed of long-lasting white cedar. This multiple chamber bat house (2) can easily accommodate 200+ bats and is made to appear like a gable vent on a house. So rather than place just a plain flat sided structure on your house, use the Batcone bat house that looks like any other vent. The inside of the interior chambers are left "rough" for easier climbing and clinging by the houses inhabitants. Measures 22"H x 16"W x 7"D.

BCBH-LG \$149.95

Get out and stay out From the smallest weep hole to the largest chimney, we have everything you need to keep nuisance wildlife out of buildings. In addition to trusty Todol Foam, we stock a full range of copper mesh, vent guards and chimney products for projects large and small. We've also made it easy to order Custom Chimney Caps that are as beautiful as they are functional.

FOAM PRODUCTS

Todol Foams

For best results, we follow the manufacturer's advice: shake the can well, keep its temperature above 60°F, leave it on the gun to prevent moisture from entering. Note: except for Pur Black NF, these polyurethane foam sealants require foam guns for application.

Pur Black Gun Foam

Especially developed for outdoor use. Stops gases, water, sound and pests. Black color blends into surrounding environment and never looks dirty. Perfect for roofers, pond installers & nuisance control professionals. To be used with a foam gun (see selections below).

Sandable and paintable. 12 dispensed gallons.

NWS0601 32 oz **\$16.95**

NWS0601C 32 oz. (case of 12) **\$179.95**

Pur Fill 1G Foam

Todol's versatile foam, in beige. Used on a Foam Gun, this is very economical, with unlimited start-ups and closures. USDA approved. Excellent for sealing around windows and doors. 12 dispensed gallons.

NWS0606 32 oz. (beige) **\$16.95**

NWS0606C 32 oz. (beige - Case of 12) **\$179.95**

IPF Professional Hot Spice Foam

A perfect weapon for the Pest Control Professional! This closed cell, expanding foam contains 600 ml of natural scented aroma (hot spice) to deter insects, birds, rodents and small animals. 9 dispensed gallons. Used on a Foam Gun.

NWS0604 IPF 24 oz. **16.95**

NWS0604C IPF Case of 12 **\$179.95**

Pur Black NF Foam

Keep this single-use, straw dispensed canister in your truck as a backup or use it for smaller-sized rodent and bat exclusion. Ozone-friendly, Todol's Pur Black foam works on all kinds of outdoor jobs. 5 dispensed gallons.

NWS0605 16 oz. (one-time use) **\$10.95**

NWS0605C Case of 12 **\$102.95**

CLEANERS

Pur Clean

To clean uncured foam, a convenient acetone solvent in spray form. Good for spot cleaning during and after a job.

NWS0704 4.5 oz. **\$7.50**

NWS0704-12 Case of 12 **\$78**

Gun Cleaner – Pur Fill 1G

Screw this acetone cleaner onto your Pageris gun to get the most out of each foam

cartridge purchase, to remove uncured foam and extend the life of your gun in one easy step. Only use when the flow of foam stops or slows.

NWSGC01 screw on 20 oz.

can **\$11.95**

NWSGC01C Case of 12 **\$135**

GUNS & ACCESSORIES

Professional Foam Gun Kit

Everything you'll need for professional results every time. Includes 12" Pageris foam gun; three 32 oz. cans of Pur-Black foam; 1 full-size screw-on foam cleaner; one 5 oz. can of Pur-Clean; three needle tips, three syringes and a flexible plastic tube. Comes in a handy green plastic molded carrying case.

NWS603C **\$205**

Pageris Foam Gun

The industry's standard and essential equipment for any NWCO. The Pageris gun gives complete control with no messy clean-ups and wasted foam. Built to last, with stainless steel barrel and Teflon-coated adaptor, it'll pay for itself many times over. Can be loaded with black, white or beige foam.

NWS0706 (12") **\$95**

Pageris Foam Gun -

Long Extend your reach with the Long Pageris foam gun. The 24" barrel is just right for reaching the toughest of spots, like under soffit from near the top of a 40' ladder.

NWS0707 24" nozzle **\$137.50**

Pageris Plastic Syringe

Fits over the nozzle so needle can screw right on. Great for hard-to-reach places.

NWSPA01 **\$0.45 ea**

Pageris Needle Tip

Fits on end of Pageris syringe to help deliver a fine stream of foam to effectively seal small cracks and crevices. Metal with green base.

NWS0705 (metal w/green base) **\$0.35 ea**

Economy Foam Gun

This reusable, economical all-metal gun adjusts product flow (to reduce waste), and is hermetically sealed to prevent hardening of product inside. Long barrel model is perfect for hard-to-reach places.

WCSFGGE all metal **\$32.95**

WCSFGGB Long Barrel Economy Foam Gun (all metal, 31" barrel) **\$85**

Flexible Tubing 2'

Extend the reach of your Pageris into inaccessible areas. Attach by stretching one end over gun nozzle. A little duct tape helps ensure tubing stays attached for the entire job.

NWSFT01 **\$2**

Plastic Case (see kit for pic)

Keeps your 12" Pageris Gun and accessories clean and protected between uses and always ready for the next job. Tough molded plastic construction.

NWSCASE01 Green Molded for 12" gun **\$45.95**

Copper Mesh

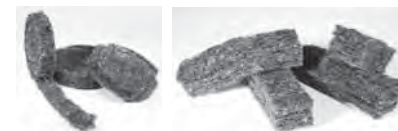

A rust-free solution for thousands of exclusion projects. This round metal stocking stretches like a slinky and can be stuffed in holes and voids to keep out rats, birds, bats – you name it. Use it alone to allow for free airflow or use it with foam to make an impenetrable barrier to rodents.

WCCLM01 100' **\$29.95**

WCCLM02 400' **\$98.95**

Xcluder™ Stainless Steel Fabric

The best mouse, rat and insect prevention tool professional's use is now available for the consumer to prevent rodents and pests from finding their way into any structure! Xcluder™ is made from a blend of coarse stainless steel and poly fibers to form a highly resilient and impenetrable barrier against rodents and pests. 100% non-toxic, environmentally safe, easy to install and guaranteed. Xcluder™ won't shrink, stain, pull out or corrode.

WCS162720-S 1" x 4' Roll - SINGLE (Bag with 3 rolls) **\$10.50**

WCS162720-C 1" x 4' Roll - BULK CASE (3 rolls per bag/12 bags per case = 36 rolls, 144') **\$110.00**

WCS162707-S 4" x 10' Roll - SINGLE **\$23.95**

WCS162707-C 4" x 10' Roll - BULK CASE (5 rolls) **\$110.00**

WCS162715-S 6 Pack Blocks 2" x 2" x 7.5" **\$18.95**

Pigeon Excluder

Pigeon Exclusion Door, is constructed of a wooden frame with individual lightweight aluminum bobbins. This pigeon excluder measures 12" x 12". When fastened over an opening in a cupola, steeple, window or vent frame this exclusion device will allow the pigeons to leave and NOT return. Once all the birds are out of the structure, you simply remove the one-way pigeon door and permanently seal up the opening.

2130 **\$36.95**

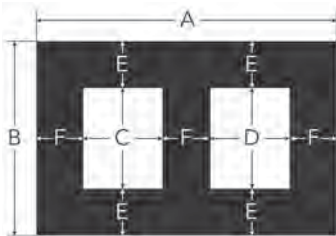

Chimney Caps

Chimneys are vulnerable to all kinds of nuisance wildlife, as well as snow, ice and acid rain. Caps are a great way to protect your client from these threats and prolong the life of their expensive masonry.

Customized chimney caps with WCS

Odd sizes? Tricky flues? Give us a call at 1-877-684-7262 and we can help customize chimney caps to your precise specifications. Here are a few things to keep in mind when sizing up your job:

- » Custom models can be created for top mount or outside mount applications.
- » When determining proper cap size, make sure the cover height measures a minimum of 5" from the top of highest flue tile.
- » In situations where oil, coal, or wood pellets are used as primary source of heat, do not use aluminum or painted-black galvanized steel covers.

A & B – measurements of the crown of the chimney; C, D, measurements for each of the flues in the chimney (inside measures); E – measurements from outside of each flue to the long side of the crown; F measurements from the outside of each flue to the short side of the crown and measurements between each flue, if multiples.

HY-C Chimney Caps

You won't find any brand tougher or more reliable than HY-C's Draft King (Single Flue) and Big Top (Multi-Flue) Chimney Caps. Their super-strong, maintenance-free construction is guaranteed. Made in USA, both styles include the following features:

- » Entirely constructed of 304 Stainless Steel parts (even the fastening bolts) – won't rust or corrode
- » Removable, single piece 24 Gauge Stainless Steel hood with scalloped corners and roll formed edges for easy cleaning
- » 24 gauge Stainless Steel base flanges for extra strength in mounting
- » 18 Gauge 3/4" expanded Stainless Steel mesh in 8", 10", 14" heights (or 18 Gauge 5/8" expanded Stainless Steel mesh in 8" and 14" heights for California)
- » HY-C lifetime warranty

Draft King (SINGLE FLUE)

HY-C designed their single flue caps for outside mounting to the flue liner, ensuring unrestricted ventilation. The cap's durable 16 gauge Stainless Steel base is slightly turned-in on the bottom to create a tight seal on the flue tile and comes with Stainless Steel hex-head bolts for installation. Chimneys without a flue tile extending above the crown require optional stainless steel heavy-duty leg kit (below).

MPSS1313	13" x 13" – 4 pack	\$227

Stainless Steel Leg Kits for Flush Flue Tiles

When the flue tile is "flush" with the crown, with no tile to bolt your chimney cap to, this is the easy answer. Simply bolt the four Stainless Steel fingers to the underside of the cap, then place the legs inside the flush tile to form a friction fit. You're done!

LK4SS \$10

Big Top (MULTI-FLUE)

Flue tiles in close proximity can make capping tricky. Enter the Big Top. HY-C's multi-flue covers attach to the mortar crown and come complete with Tapmark masonry screws and silicone adhesive.

HY-C Dryer Vent

Create a no-go zone around your client's vents. Birds, squirrels and rodents cannot chew through this cover's heavy-duty construction. Plus the stainless steel mesh won't rust or corrode. Easy to install over most 3" or 4" dryer and bathroom exhaust vents. White powder coat finish. 7 x 7 x 4 1/2 (5/8" mesh).

RVG-DVG-S	Single	\$19.95
RVG-DVG-6	6 pack	\$114.95

Universal Dryer Vent Bird Guard

We're a big fan of these molded plastic guards, available in brown or white. They're inexpensive, paintable and far superior to wire mesh models. A really nice business add-on for wildlife control professionals.

NWSDV01B	(Brown) – single	\$3.95
NWSDV01B-12	(Brown) – dozen	\$42
NWSDV01W	(White) – single	\$3.95
NWSDV01W-12	(White) – dozen	\$42

Crown Vent Guard

Developed by plumbers, these all-season weatherproof guards prevent debris and critters from getting inside roof ventilation, main stack vents or unscreened vent pipes. Patented two-piece twist lock makes installation a breeze. Available in white or black PVC, they are suitable for 1 1/2" - 4" PVC roof vents.

WCSVG101-WHTE	white	\$12.99
WCSVG101-BLK	black	\$12.99

Christman Vents

Add an extra margin of safety against critters to attic fans and roof vents. Easy to install, these black polyurethane, 1/2" x 1/2" vinyl-coated wire covers blend in and last long. Some assembly required using hog rings (not included – see pages 42, 43)

NWS14155-4	14" x 15" x 5" Roof Vent Cover (Black) Poly-coated 4-pack	\$129.95
NWS262610-5	26" x 26" x 10" Attic Fan Cover (Black) Poly-coated 5-pack	\$239.95

Retrofit Weep Hole Covers

Weep holes on masonry may be necessary to vent moisture, but they open the door to pests like rodents, snakes, lizards and insects (mice need just 1/4"). Slam that door shut with these innovative covers that maintain the indoor air quality objectives accepted by US EPA. Allow weep holes to drain/vent and prevent mold growth inside wall cavities. Cut to height needed and apply with clear caulk.

WCSWHV25	Grey; 25 per pack; 5" h x 1/2" W x 1" d	\$25.95
-----------------	---	----------------

No-Pest™ Vent (Low profile)

Keeps pests out of exhaust vents, saves energy, and is practically maintenance-free. Its unique, dual door design prevents birds, mice, and other pests from entering the vent. The outer door creates a vortex effect, drawing additional external air to provide more door lift and flush lint away. This is the highest air flow, cleanest operating vent available. Comes in white or brown.

WCSNPVW-1	White	\$11.50
WCSNPVB-1	Brown	\$11.50

Energy Saving Dryer Vent Cover

Keeps outside air out as well as birds, bugs, and rodents; as opposed to conventional dryer vents, where outside air enters your home through the exposed dryer vent, which means higher heating bills in winter and higher cooling bills in summer. It can be painted and easily mounted over a 4" vent pipe.

WCSHEV-1	(single)	\$12.95
WCSHEC-6	(case of 6)	\$72.95

Supurr-Vent Louvered Vent Hood

Opens with ease for maximum exhaust flow

- Curved louvers for

quieter operation

- Durable weather resistant
- Available in Brown and White

HS4W-12	White (single)	\$3.95
	(dozen)	\$20.25
HS4B-12	Brown (single)	\$3.95
	(dozen)	\$20.25

Kritter Caps

Kritter Caps are the perfect fit to install in Vinyl-Sided corner caps

where rodents, bats, insects, and other pests like to travel. They simply snap into place so no tools are necessary. They are self-secured (dab of silicone caulk optional) and are completely hidden once installed.

COLLARUM®

WCS's Standard Bearer for Humane Canine Capture

www.collarum.com

We set out to find the best humane canine capture trap on the market, and feel we've succeeded. The Collarum® throws a secure, non-choking cable loop over a canine's head and around the neck, making capture faster, easier and more humane than ever before. The Collarum is recommended for capturing dogs, foxes, dingoes, coyotes and wolves. Unlike other canine traps, the Collarum delivers three major advantages.

100% CANINE-SPECIFIC.

The adjustable trigger uses a "bite and pull" action

(similar to the proven M-44 cyanide gun action), not the "push or depress" mechanism employed by conventional traps. Unlike other capture devices, the only animals caught during the Collarum's development and trialing were canines.

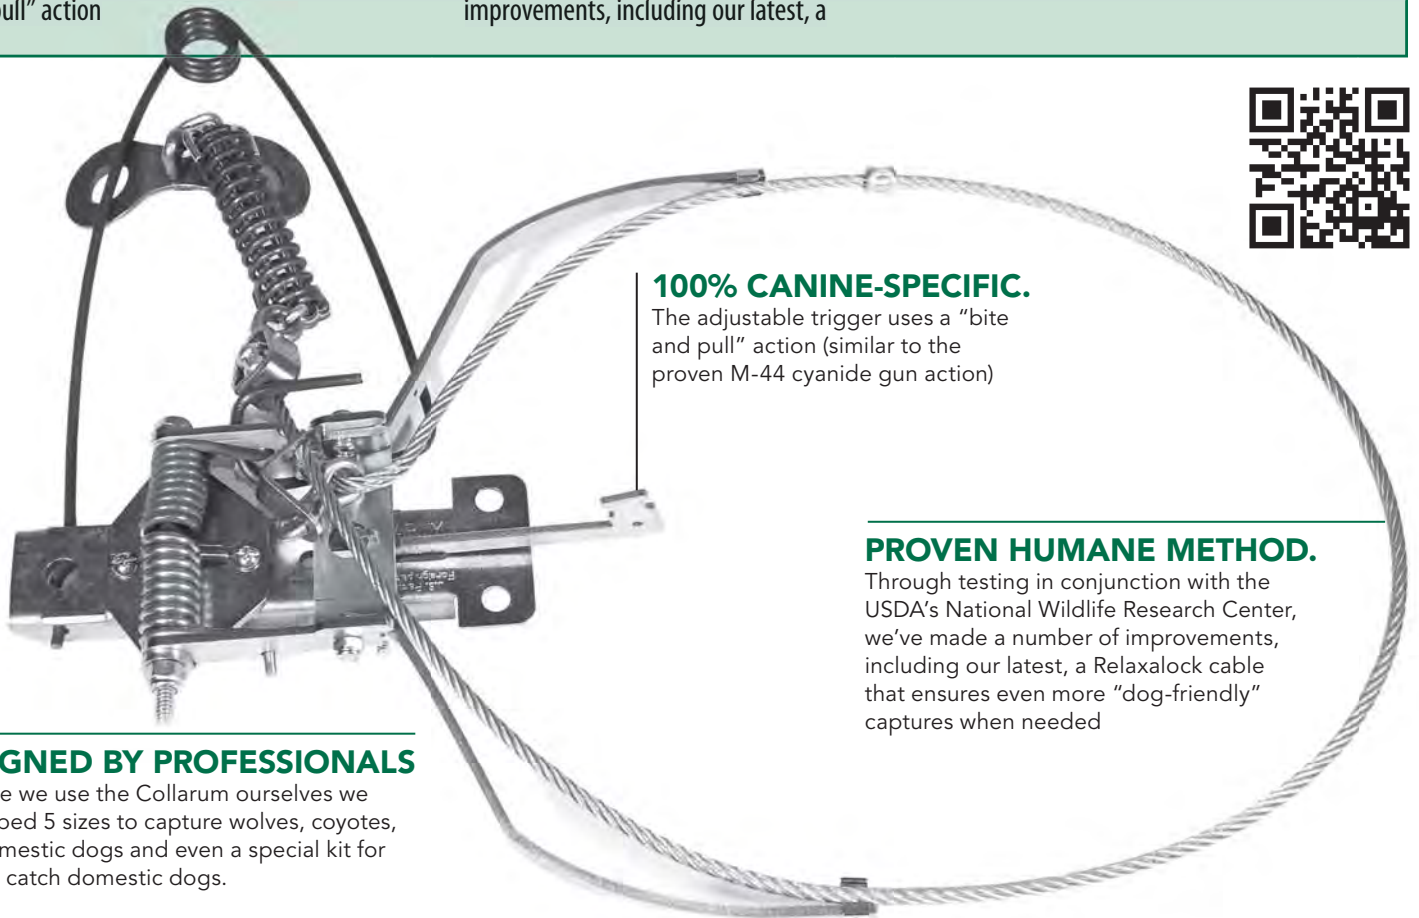

PROVEN HUMANE METHOD.

From day one, the Collarum was designed to meet International Humane Standards. Through testing in conjunction with the USDA's National Wildlife Research Center, we've made a number of improvements, including our latest, a

Relaxalock cable that ensures even more "dog-friendly" captures when needed.

IDEAL FOR ALL AREAS.

Light, compact and easy to hide, the Collarum poses little risk to humans, livestock and pets—a particular advantage for Animal Control Officers in high traffic and high visibility areas. Over the past 10 years, the Collarum has been proven in urban backyards and landfills, coyote-plagued pastures and remote rural settings worldwide.

100% CANINE-SPECIFIC.

The adjustable trigger uses a "bite and pull" action (similar to the proven M-44 cyanide gun action)

PROVEN HUMANE METHOD.

Through testing in conjunction with the USDA's National Wildlife Research Center, we've made a number of improvements, including our latest, a Relaxalock cable that ensures even more "dog-friendly" captures when needed

DESIGNED BY PROFESSIONALS

Because we use the Collarum ourselves we developed 5 sizes to capture wolves, coyotes, fox, domestic dogs and even a special kit for hard to catch domestic dogs.

All Collarum models are made of stainless steel and have one of three reusable cable options:

Relaxalock: relaxing lock designed for live capture, specifically for dogs trained to leash, choke chain or collar

Shurlock: non-relaxing lock designed to hold canine with minimal damage

Lethalock: non-relaxing lock designed for quick kill and less fur damage

Each Collarum includes a complete set of assembly and setting instructions plus instructional DVD. If you'd like to see the Collarum at work before you order, visit www.collarum.com

Collarum Deluxe (FOR COYOTE, DINGO, WOLF ETC.)

Heavy duty and humane. In a study conducted by the USDA's National Wildlife Research Center, 70% of coyotes caught with the Collarum showed no significant injuries. Note: If using to capture wolf, please contact us as special length custom cables are needed. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and double stake swivel. 1 replacement cable. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.001 Collarum Deluxe for Coyote, Dingo, etc **\$76.95**

Collarum FOR FOX

Has 1" shorter throw arms than coyote model to allow for size. Includes base unit, 1 complete 3/16 cable with Shurlock, shock spring and single stake swivel. 1 replacement cable. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.003 Collarum for Fox **\$76.95**

Collarum FOR DOMESTIC DOG

Has Relaxalock cable and lighter throw springs than coyote model for shorter set periods. Includes base unit, 1 complete 3/16 cable with Relax-A-Lock, shock spring and double stake swivel. 1 replacement cable. 2 bite pieces, 4 extra clips, instructional DVD.

NWSCDM.002 Collarum for Domestic Dog **\$96.95**

Animal Control Officer Special (ACO SPECIAL)

All you need for dog capture in one complete kit. Includes an instructional video on DVD, Field Guide and Setting & Assembly Instructions, along with the following components:

- Domestic Dog model Collarum (stainless)
- Rebar stakes (2) for anchoring the cable
- Pegs for anchoring the Collarum baseplate
- Screw link on cable for easier transfer of canine
- Prepared bait cap
- 4 oz. jar of canine specific attractant bait
- Bait Spreader for applying bait
- 5 ft. security cable for theft prevention

This is a complete kit, right out of the box, nothing else necessary for capturing canines.

NWSACOSP ACO Special - Complete Kit **\$124.95**

Accessories

Conversion Kits

Increase or decrease the size of capture cable and arms to accommodate different canines.

Keeping Everything Under Control

When you're handling animals, the last thing you should have to worry about is the durability of your equipment. We find the best and offer the best solutions that are tailor-made for tricky captures.

Hand Nets

WCS Hand Capture Net

The professional choice for close quarters bat capture and even squirrels in the fireplace! Our net's soft, 1/4" black nylon mesh keeps animals safe and comfortable, while the 5" foam grip handle makes for easy gripping. 11" w x 15" l x 12" d.

WCS3401 Hand Net 11"x15" - Black Nylon, with 5" Handle **\$13.95**

WCS Magnum Net

The standard for brute strength, durability and professional grade performance. We make our Magnum with a tangle-free, super soft nylon netting - safe for large birds, domestic animals and wildlife. Then we add an extra heavy-duty aluminum handle with a double walled frame and extendable 4'-8' reach. 32" x 41" teardrop hoop, weighted 48" deep net and 2" mesh accommodates animals to 60 lbs. and is ideal for goose control. Handle requires assembly.

NWS3480Kit Magnum Net Kit **\$144.95**

Bat-Bird-Mammal Net

A versatile favorite for small animals. This square net holds bats to cats and comes with a tough 6' aluminum handle that telescopes to an incredible 18"! With soft, fine-mesh black netting. 17" x 19" D hoop, 24" deep Micro Mesh net with 1/4" mesh.

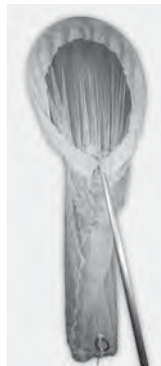

NWS3543 Bat-Bird-Mammal Net **\$68.95**

Y-Pole (for Animal Control)

Heavy duty, aluminum pole to move, restrict and stop advancing wildlife. Also great for moving hoof stock.

100-YP-4 Y-Pole 4' **\$115**
100-YP-5 Y-Pole 5' **\$115**

Dura-Flex By Tomahawk

Tomahawk doesn't mess around when it comes to net construction. Their flexible Standard and Heavy nets boast full 1" aluminum shafts and solid polycarbonate hoops. The Dura-Flex fits flush

against hard surfaces, allowing you to stand upright while netting and restraining, while a tie-off cord provides a comfortable 3' of space beneath. Too small to prevent animal entanglements, the 1/4" nylon mesh won't unravel or weaken from adjacent tears. Two layered woven nylon hem around the hoop. 24" neoprene slip-free grip and a shaft that holds up to heavy jobs. 48" deep.

Standard Dura-Flex with Shaft

Perfect for cats, small/medium dogs, bats, birds, raccoons and rodents. 60" circumference and 1/2" x 5' polycarbonate hoop.

SN201 Standard Dura w/ 3' Shaft, 8 lbs **\$97.90**
SN202 Standard Dura w/ 4' Shaft, 8 lbs **\$108.90**
SN203 Standard Dura w/ 5' Shaft, 8 lbs **\$119.90**
SN200 Standard Replacement Net, 3 lbs **\$53.90**

Heavy Dura-Flex with Shaft

A great choice for cats, dogs, raccoons. 96" hoop circumference and 5/8" x 8' polycarbonate hoop.

HN301 Heavy Dura w/ 3' Shaft, 9 lbs. **\$163.90**

HN302 Heavy Dura w/ 4' Shaft, 9 lbs. **\$174.90**

HN303 Heavy Dura w/ 5' Shaft, 9 lbs. **\$185.90**

HN300 Heavy Replacement Net, 3 lbs. **\$86.90**

Quick Draw Collapsible Net

For one-handed capture! Held in a belt clip at your side, the net comes into play instantly with the flick of a wrist and the touch of a button. The handle's auto-telescopic action and the net's knotless design give a tangle-free performance every time. Made of durable, lightweight aluminum, this triangular net is great for corners or walls and sturdy enough to handle even the big animals. Includes handy tote bag for transport and storage.

QN100 (15" x 14" hoop; 19" to 28" handle; 19" net. 4 lbs.) **\$39.50**

QN101 (23" x 17" hoop; 25" to 40" handle; 24" net. 5 lbs.) **\$44.95**

McLean Folding Net

Spring-loaded and ready to fire. We like the telescoping McLean for its 5/8" soft nylon mesh, gentle and strong on small birds and mammals. But we're also very fond of the anodized, corrosion-resistant aluminum handle (21 1/2", 4' extended) and the elastic front portion of the triangular net - very handy for corners, columns and irregular surfaces. All this, and it's small enough to fit in an included belt scabbard. 15 1/2" long, 21 1/2" across, 21" deep.

WCSMFN McLean Folding Net **\$92.95**

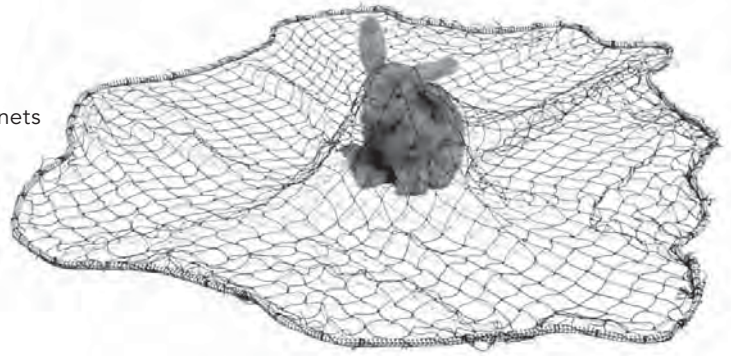

Throw Nets

Throw Net

When getting close to an animal is almost impossible and conventional nets haven't worked, throw nets can save your day. Thrown like a Frisbee, they'll safely capture birds, cats, dogs and wildlife. With a little practice, you'll find they are easy to use and can be very accurate. Netting is nylon with weighted perimeter. With smaller mesh openings for tighter jobs.

- TN4 4' Throw Net w/ 1" openings, 3 lbs \$85.25
- TN6 6' Throw Net w/ 2" openings, 4 lbs \$96.50
- TN8 8' Throw Net w/ 4" openings, 5 lbs \$108.95

Poles

Ketch-All Poles

Our personal favorite is also the number one choice of wildlife professionals around the world. Ketch-All's looped poles handle almost any animal in any situation – up a tree, under a building, down a storm drain – you name it. In addition to restraining cats and dogs, professionals have used them for the humane capture of bears in the California mountains, wolves on the Alaskan tundra and alligators in the Florida everglades.

Made in the U.S.A. since 1952, these tough poles are quality-constructed from aircraft grade aluminum. A draw cable locking mechanism allows for various loop sizes and a quick release on the back of the pole makes for controlled handling. When retracted, extended versions work well as heavy restraining devices. In variety of sizes:

3' Standard Ketch-All Pole Favored in kennels for cats and small dogs. **NWS0901-3 \$70**

4' Standard Ketch-all Pole The most popular pole for general use. **NWS0901-4 \$77**

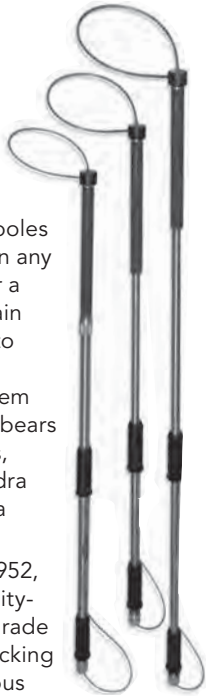

5' Standard Ketch-all Pole When you need additional length and a larger noose. **NWS0901-5 \$86**

4' - 6' Ketch-all Pole Extending/retracting version can reach where you can't. **NWS0901-4-6 \$105**

7-12 ft. Extension Ketch-All Pole Great for rescuing animals from waterways, trees or storm drains. **NWS0901-7-12 \$143**

28" Baton Type Ketch-all Pole For small animals in confined areas like cages. **NWS0901-28 \$67**

NWS0907 Leather Baton Holder for 28" Baton **\$11.95**

Stainless Steel Poles

The Stainless Ketch-All Pole is a high quality constructed device crafted of Stainless Steel for maximum durability. Designed for the humane handling of animals while affording maximum protection to the handler. Used by animal handlers & wildlife control professionals in all 50 States and the District of Columbia, as well as many foreign countries.

- NWS0901SS-4** 4' Stainless Steel Pole **\$107**
- NWS0901SS-5** 5' Stainless Steel Pole **\$114**

Ketch and Release Poles

In addition to the proven and trusted spring loaded release mechanism, Ketch-All has added a unique emergency release feature: a simple lift and slide of the knob allows the cable loop to drop away. Ketch-All has retained the essential swivel head mechanism, now redesigned for emergency release and quick, easy reattachment of the cable, making the Ketch & Release All Pole unlike any other on the market.

- NWS0902-3 \$88.00**
- NWS0902-4 \$94.00**
- NWS0902-5 \$102.00**

Ketch-All Replacement Parts

- WCSCC01-4** 4 ft. cable complete with spring, ball and plastic **\$19.95**
- WCSCC01-5** 5 ft. cable complete with spring, ball and plastic **\$30**
- WCSCC4-6** 4 - 6ft. cables complete with spring, ball & plastic **\$24.95**
- WCSCC7-12** 7 - 12ft. cables complete with spring, ball & plastic **\$35**
- WCSCH01** Head - complete with hair-guard, lock ring and collar **\$25**
- WCSCR** Chuck & Ring (for extension pole) **\$14.75**
- WC SHG01** Hand grip (designate if for standard or extension pole) **\$3**
- WC SRK01** Release Knob- with washer (designate for standard or extension pole) **\$6.75**
- WCSTG** Tooth-guard (fits all poles) **\$5**

Animal Graspers (Tongs)

Animal Graspers (AKA CAT TONGS)

Humanely handle small animals and fractious or feral cats. Tongs have a sturdy aluminum construction, smooth jaws with rubber covers and contoured handgrip for gentle and effective capture. Available in two lengths.

- NWSCG28** 28" Cat Tongs **\$70.95**
- NWSCG38** 38" Cat Tongs **\$75.95**

Jaw Covers

When an instant grip is important, rubber covers are key. These replacement jaws will keep your graspers good as new. Great for animal control officers and professionals handling small to medium sized animals. 4".

- NWSAAGS** Jaw Covers (Set of 2) **\$ 9.75**

Ready to Repel All Intruders

Productivity, safety or just plain sanity – there are lots of reasons for wanting to keep animals away from buildings and outdoor areas. That's why we have repellents and deterrents for everything from fruit trees to forests, attics to ponds and restaurants to golf courses. Have a question about ingredients or proper application? Give us a call at 1-877-684-7262.

Repellents

MULTI-PURPOSE

Bobbex-R Animal Repellent
(RABBITS, GROUNDHOGS, CHIPMUNKS, SQUIRRELS, VOLES)

Feed your plants while repelling nibbling critters. This rain-fast spray, made from natural and recycled ingredients, has an odor and taste that chowers find offensive but remains harmless to wildlife. Used year-round, this spray slowly releases its nutrients and helps plants retain moisture, protecting against drought and frosts.

(concentrate)

- B550120 Quart \$32.95
- B550130 .5 gal. \$50.95
- B550185 2.5 gal. \$126.95
- B550135 5 gal. \$208.95

(ready to use)

- B550125 Quart RTU 21.95
- B550190 48 oz. RTU Pump Spray \$30.95
- B550205 1 gal. RTU \$42.95

CritterRidder

(SKUNK, WOODCHUCK, DOGS, CATS, SQUIRRELS, RACCOONS)

USDA-approved for organic gardening, this granular repellent's pepper-based formula produces a powerful odor and taste barrier. Can be used inside, in non-living areas, and outdoors on lawns, gardens and trees. One application lasts up to 30 days. Not for use on food crops.

- WCS3142S 2.2 lbs. \$14.25

Plantskydd

(DEER, RABBITS, ELK, MOOSE, OPOSSUM, RABBITS)

An all-natural, odor-based repellent that deer and friends can't stand. A mixture of dried blood (porcine/bovine) and vegetable oil, this nontoxic spray is perfect for use on forests, landscapes and gardens. Rain-fast in 24 hours, it lasts up to 6 months on dormant plants with no mixing required. The choice of many North American forest management companies.

Pre-mixed, ready to use

- PS-1L 1 QT, Spray bottle – Single \$21.95
- PS-1L-10 1 QT, Spray bottle – Case of 10 \$197.55
- PS-5L 1.32 gal, Jug – Single \$54.95
- PS-5L-3 1.32 gal, Jug – Case of 3 \$159

Soluble Powder Concentrate

- PSP-R1 1 lb – Single \$24.95
- PSP-R1-12 1 lb – Case of 12 \$288

BAT

Dr. T's Bat-A-Way (BAT SCAT)

Send them scattering. Place this granular product in trays or package in sachets, and then insert into affected areas. Bats can't tolerate the odor and volatility of its key ingredient naphthalene. Lasts approx. 1 month. Works on birds and squirrels too. Keep away from children and pets.

- NWSBS4 4 lbs. \$20.95
- NWSBS4C 4 lbs., case of 6 \$104.50

DEER/ELK

Bobbex Deer Repellent

Create forage-phobia with this nontoxic foliar spray. Its natural ingredients and wintergreen scent create an odor and taste that is offensive to deer, but pleasant to the applicator. Long-lasting and non-burning, it leaves a slight visible residue that lasts up to 2 months and won't wash off in rain. Nutrient-rich for plant vitality.

(concentrate)

- B550100 Quart, \$32.95
- B550105 ½ gallon concentrate \$52.95
- B550160 2.5 gallons \$126.95
- B550115 5 gallon pail \$208.95

(ready to use)

- B550110 Quart, Ready to Use \$20.95
- B550170 EZ RTU Pump 48oz \$29.95
- B550200 Gallon \$34.95

GEESE & NUISANCE BIRDS

Bobbex-G Geese Repellent Concentrate

Eject grazing geese from the field. Bobbex-G is a special formulation designed to supplement the applications of fertilizers and leaves a taste that geese can't stand. Won't wash off with rains, hosing or

irrigation. Also works on wild turkey. Lasts up to 8 weeks.

- B550140 ½ gallon \$46.95
- B550155 5 gallon pail \$195.95

Migrate for Turf by Rejex-It

Rid your ground of geese and grazing birds. This nontoxic, taste-aversion agent is formulated from a food grade ingredient, Methyl Anthranilate (MA), a naturally occurring compound with reduced risk to environment. Grass growth re-treatment required.

- WCSMS Gallon \$93
- WCSMC (4 gallons/case) \$340

Fog Force by Rejex-It

Designed specifically for fog application. Like Migrate for Turf, it contains Methyl Anthranilate, a nontoxic agent with no adverse effect on people, pets or animals. Very effective on nuisance birds roosting in warehouses, loading

docks, porches and other open areas. Fogging agent for flocks.

- WCSFF-S Gallon \$175.95
- WCSFF-C 4 gallons/case \$680

Golden Eagle Thermal Fogger

(Electric Start XL, Model 2610, Series 3)

Designed for large indoor warehouse use and outdoor insect/pest control. This handy tool can dispense oil-based insecticides, fungicides, germicides, disinfectants, odor control and other chemical products and excels at reaching hard-to-get places. New electric starting system gives it greater reliability and fuel efficiency. Complete with instruction manual, batteries, auxiliary start cable, 2 cleanout brushes, tool kit (export only) and spare parts kit (export only). Built to order – allow 4 to 6 weeks for delivery.

403470 \$1750

4 the Birds

For the busy bird control expert. Discourages roosting or perching on inside supports and outside vegetation. Lasts for months. Active ingredient: Polybutene.

Transparent Liquid

WCS677-Gal 1 Gallon **\$37.95**

WCS677C Case of 4 Gallons **\$142.95**

Transparent Gel Tube

NWSBRG-1 10 oz. **\$8.95**

Pignx®

The first ever EPA approved Bio-Repellent for birds. This is the first pigeon bio-pesticide that does not contain polybutene. PIGNX® is eco-friendly, harmless to birds, mammals and humans. This larger capacity 5 gallon pail is used with a Bulk Applicator Gun which holds 24 oz. of product when filled and a 5 gallon follow plate that allows material to be removed from the pail effectively. This bulk pail is equivalent to 56 tubes of PIGNX.

BBRT1002 12 **\$240.00**

BBRT1001 1 **\$21.95**

BBRB1003 Bulk - 5 gallon pail **\$700.00**

MOLE/GOPHER

Dr. T's Mole Out Granules

Great for use on lawns, golf courses, flowerbeds, playgrounds and turf recreational areas. A biodegradable, natural castor oil coats the moles' food source and encourages them to relocate. Lasts 2-3 months.

NWSMO5 5 lbs. **\$13**

NWSMO5C 5 lbs. (case of 6) **\$62**

RABBIT

Bobbex-R Animal Repellent

Protect gardens and plantings from pesky herbivores with this year-round repellent. Made from natural and recycled ingredients, it's harmless to animals and insects and free of petrochemicals. Plus Bobbex-R's protective mixture won't wash off in rain, helping plantings retain their moisture in frosts and droughts.

B550120 Quart Concentrate **\$32.95**

(See page 32 for more sizes.)

RAT

Dr. T's Rat-A-Way

Dr. T's patented and EPA-registered rodent repellent, approved for outdoor use. This granular product prevents rodents from invasion and infestation, and eliminates the risk of odor problems and accidental bait poisonings. Lasts 2-3 months. Key ingredients: naphthalene and sulfur. Keep away from children and pets.

NWSRW4 4 lbs **\$12.50**

NWSRW4C 4 lbs - 6 per case **\$69.50**

SNAKES

Dr. T's Snake-A-Way

Ring areas with powerful protection. Dr. T's granular repellent contains naphthalene and sulfur, which interfere with a snake's sensory reception and drives it off. 2-3 months. Keep away from children and pets.

NWSSA1112 4 lbs. **\$14.95**

NWSSA1112C Case of 6 **\$81.50**

Snake Out®

The active ingredients in Snake Out® are natural oils, and are exempt from EPA regulation. Does not contain naphthalene and it is biodegradable. It will not harm lawns, gardens, flower beds or other desirable plants when used as directed and can be used in areas where children and pets play. You can apply it around homes, yards, landscaping, gardens, foundations, barns and outbuildings, garages, woodpiles, sheds, campsites—any place where snakes may be a problem.

WCSNSO-1 4 lbs. **\$18.25**

WCSNSO-C Case of 6 **\$102.94**

Deterrents

ELECTRONIC DETERRENTS

Squirrel Evictor

Flash them out. The high strobe light in this evictor annoys squirrels' sensitive eyes and disrupts their living cycle, driving them from infested spaces. Harmless, energy-efficient and portable, the light covers 600 square feet – great for attics. For best results, we suggest operating it continuously and keeping enter/exit holes unsealed for at least 1 month.

WCSMB10K **\$249.95**

Scat Mat

A touch-sensitive training pad for headstrong pets. Low-power electronic pulses, similar to static electricity, condition animals to avoid prohibited areas. Most stay away after only 1-2 exposures.

NWS-SKM422 Medium 30 x 16 **\$50.95**

NWS-SKM412 Large 48 x 20 **\$59.95**

Electronic Deer Repellent

Give deer a firm "keep away" message. The repellent's posts attract deer with a lure scent, then repel them with 400 volt shock. Includes 3 posts, covering approx. 1000 square feet of total area. Two AA batteries (not included) will give life of one year.

NWSEDR01 **\$60**

NATURAL DETERRENTS

Vanish Raccoon Eviction Paste

Vanish is a natural by-product of boar raccoon, which are predators to female raccoons during the birthing period. When placed in a den area, the female instinctively senses that a danger to her young is nearby.

It has the consistency of a thick, creamy paste and has been formulated to stand up well in all weather conditions. Easy to handle, it will stay where it is placed.

WCSTJV 4 oz. **\$38.95** 16 oz. **\$129.95**

Raccoon Eviction Fluid

These will help to move nursing raccoons out of difficult to trap locations. Apply to a cloth or tennis ball and toss in the direction of where the animals are located.

Raccoon eviction fluid

NWS1115-1 fluid 1 oz. **\$10.95**

NWS1115-4 fluid 4 oz. **\$36.95**

NWS1115-16 fluid 16 oz. **\$128.95**

RODENTS

End the Rat and Mouse Game

An infested warehouse or grain store, a home with children, a restaurant in the city – for every imaginable rodent problem, there’s a solution. Whether you’re developing a large control plan or just need a couple of Victors, we have the traps, glue boards and bait stations for the task.

MOUSE & RAT TRAPS

Lethal

Big Snap-E (MOUSE OR RAT)

Sanitary, safe and simple to set. This reusable, easy-clean snap trap has “finger-free” removal and pre-formed holes in the base plate for surface mounting. Durable polystyrene and steel.

Big Snap-E Mouse Trap

NWSBSM	(single)	\$2.50
NWSBSM12	(dozen)	\$23.95

Big Snap-E Rat Trap

NWSBSR	(single)	\$4.25
NWSBSR-12	(dozen)	\$46.50
NWSBSR-24	(case of 24)	\$79.95

Electronic Trap (MOUSE OR RAT)

Get a high-voltage guaranteed kill in 5-10 seconds, with no poisons or snapped fingers. The trap takes 4 AA batteries, with blinking green indicator light when activity is detected. Safe for use around pets and children.

Electronic Mouse Trap

NWSM250	M250	\$19.95
NWSM250C	M250 (case of 6)	\$107.95

Electronic Rat Trap

NWSM240	M240	\$43
NWSM240C	M240 (case of 4)	\$164

Rat Zapper (MOUSE OR RAT)

A deadly shock kills mice and rats quickly and humanely, with no accompanying blood or gore. These ingenious traps, powered by batteries, have a red light that signals when a catch has been made, making it easy to see if you’ve had success. We find it baits well with ordinary dry cat food.

WCSRZ-Ultra

WCSRZ-Ultra	Rat Zapper Ultra	\$47.95
Requires 4 D batteries, not included		
WCSRZ2K001	Rat Zapper Classic	\$36.95
Requires 4 AA batteries, not included		

Victor Standard (MOUSE OR RAT)

Familiar wooden snap trap with metal pedal. Set in baited or unbaited manner on flat surface perpendicular to wall. Keep trigger end towards wall.

Standard Mouse Trap

NWS1500	single	\$0.79
NWS1500C	case of 72	\$29.50

Standard Rat Trap

NWS03T4	single	\$2
NWS03T4C	case of 12	\$16.95

Victor Professional Traps (MOUSE OR RAT)

Specifically designed for professional pest management. A unique control allows you to use sensitive setting for normal situations or firmer setting for places with vibrating machinery or manufacturing operations.

Professional Mouse Trap with expanded trigger

NWS1701	Single	\$0.99
NWS1701C	Case of 72	\$32.50

Professional Rat Trap with expanded trigger

NWS1702	Single	\$2.50
NWS1702C	Case of 12	\$18.95

Live

Ketch-All Multiple Catch

Wind-up repeating live trap that's safe to use around children and pets. Mice investigating the tunnel trip a paddle and are pushed inside. Made of galvanized steel, this trap catches several mice in one setting and does not have to be reset after each catch. When full, simply slide back the lid to release.

WCS101-0-006S \$16.95

Mice Cube

A well designed, clean and reusable molded plastic live mousetrap. Small holes in the trap's door allow bait odor out, while a free-swinging door in an inward direction keeps rodents in. For hands-free release, take trap outdoors and turn upside down.

WCSMC-1 Mice Cube \$1.99

Victor Tin Cat

A multi-catch live trap favored by food plants, grocery stores and warehouses. Large entrance holes allow up to 30 mice in, but not out. Air holes on side and optional see-through plastic lid for easy inspection. Galvanized steel, non-rust trap can be set baited or unbaited.

Solid Top

NWSM312 Single **\$11**
NWSM312C Case of 12 **\$125**

Clear Top

NWSM308 Single **\$12**
NWSM308C Case of 12 **\$135**

Victor Corner Cat

Designed to provide an unobtrusive fit in any corner. This multi-catch live trap has a low profile and is made of durable, shatter-proof, easy-to-clean ABS plastic. Approved for use in USDA and FDA facilities. Holds up to 6 mice.

M411S Corner Cat – Single **\$8.50**
M411C Corner Cat – Case of 12 **\$92.50**

Victor Corner Cat Glue Board

The Corner Cat Glue board is designed specifically to fit in the Corner Cat mouse trap. No cutting or sizing, just drop it in the trap and it's ready to work.

M305 Case of 36 **\$13.00**

Strong enough to hold a 1 lb. rat!

Hercules Putty

The rodent professional's best friend. Use this all-purpose black adhesive putty to secure traps, bait stations and bat netting. Placed in the four corners of a glue board, Hercules Putty will even help hold a full pound Norway Rat! Won't run in heat, unaffected by cold and easily removed with putty knife or hands. Sticks to all kinds of surfaces and leaves floors stain-free.

WCSHP01 HP1-15 15" \$13.95

GLUE PRODUCTS

Nontoxic and rodenticide-free, glue boards are safe for homes, hospitals and restaurants. Place along walls (but not in front of entry/exit holes or corners) to intercept rodents between their food source and nesting sites. Apply vegetable oil to release accidental "catches" of pets and children.

"Pest Pro" Mouse Glue Board

The most economical option we stock! Great for floors, countertops or anywhere you detect signs of where mice routinely travel.

NWS320PP Single **\$0.65**
NWS320PPC Case of 75 **\$17.95**

Catchmaster "Glue Louee"

Easy on the pocket, tough on rats. Glue comes pre-scented with food attractants. Cuts easily for contoured applications.

NWS60RBS Rat boards single-12" x 6" **\$1.15**
NWS60RBC Rat boards (case of 60) **\$67.95**

Catchmaster Giant Rat Glue Board (24GRB)

Will hold even the largest Wild Norwegian rat. Stronger than conventional glue boards, Giant Rat can also catch multiple mice in high infestation areas. Fold and cut for situations requiring irregular shapes. We recommend using Hercules Putty to stop rats from dragging when caught.

NWS24GRB 24GRB (single) **\$3.00**
NWS24GRBC 24GRB (case of 24) **\$66.95**

Catchmaster Glue Tray (RAT 48R)

A deeper plastic tray means the 48R has more holding power than smaller, cardboard-backed traps. Catchmaster fills its durable trap with glue that's been temptingly scented with food-attractants.

NWS48RC Rat 48R (48 per case) **\$57.95**

Catchmaster Bulk Glue

Custom-make your own cardboard or plastic traps to fit your needs. Catchmaster glue is easily spread, won't run in high temperatures or lose its effectiveness in the cold. Great for rats, mice and crawling insects.

NWS2550B Gallon **\$32.50**

Trapper Bulk Glue

Scientifically designed to capture rodents over a wide range of temperatures.

BELLTG2520-S Gallon **\$37.95**

BAIT STATIONS

When you want to keep bait or traps secure from children, pets and clients, enclosed bait stations are the way to go. We have both indoor and outdoor stations, with some models that can hold traps, blend in with the environment and protect bait from the elements.

Protecta RTU

Ready to use on crafty mice. Place this unique station, with its strategically angled holes, flush against a wall or snug in corner. An interior baffle system leads mice right to the bait block. Like the Protecta Mouse, it comes with a two-pronged key mechanism and a durable plastic construction that won't let you down. * Bait not included.

PS2620C Case of 12 \$23.95

Protecta LP patented Rat-Sized Bait Station

A low profile option perfect for placing under pallets. This heavy-duty plastic station is 3 3/8" tall and 9" deep – small enough for all kinds of indoor use. Use flush against wall or in corners. Accommodates block baits, liquids, cereal baits and Super-Sized Blox, but won't fit snap traps. * Bait not included.

LP2625C Case of 6 \$56.95

JT Eaton Top Loader Bait Station

Deliver bait to areas where you just can't fit a normal station. The top-loading design has room for seven 1 oz. bait blocks, and automatically reloads bait into feeding compartments as rodents deplete stores. Professionals mount this rugged, weatherproof plastic trap high on rafters, beams and ceiling girders for excellent results. * Block baits not included.

WCS902 Case of 6 \$70.95

Trap-Friendly (Indoor and Outdoor)

The below items can be used with rodenticide but also are large enough to hold some of the more common rodent snap traps. Traps that work in these stations are listed under each.

Protecta Mouse-Sized Bait Station

Our top-seller! Simple to use and immune to abuse, this tough plastic station can also act as a monitoring device and trap. A two-pronged key locking mechanism makes it tamper-resistant. Fits up to four 1 oz. bait blocks – great for high volume infestation. Fits Snap-E mouse or Victor standard or Pro mouse traps * Bait not included.

PS2539C Case of 12 \$36.95

Protecta Rat-Sized Bait Station

An economical station that won't dent and ding when you throw it in your truck. Rats enter through one of two openings and into a chamber with 2 bait areas. Big Snap-E Rat and Victor Power Kill Rat traps fit in with no modifications. Metal screw-lock and standard locking prongs for superior tamper resistance. Measures 9"L x 8 1/4" W x 4 1/4" H * Bait not included.

PS2540S Single \$14.95

PS2540C Case of 6 \$69.95

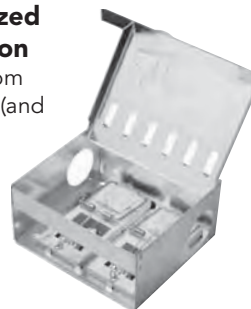

JT Eaton Rat-Sized Snap Trap Station

Hide snap traps from inquisitive animals (and humans). Easy to load, with dual entryways, station fits two rat-sized traps. Durable, rust-resistant galvanized steel makes it a dependable, hard-wearing tool for professionals. Fits big Snap-E and Victor Standard or Professional Rat Traps and Victor Power Kill. * Bait not included.

401STSS Single \$11.75

401STSC Case of 6 \$65.95

For Outdoors (Blends in with Landscape)

Protecta Landscape

A tamper-resistant station that blends right into the landscape. Naturally textured "stone" comes in sandstone or granite, with two entry points built into the bottom. Plastic line tray means it's quick and simple to bait and clean. Fits a T-Rex snap trap. * Bait not included.

PLBSSGRANS Single-Granite \$20.95

PLBSSGRANC Case/4 \$75.95

PLBSSSANDS Single-Sandstone \$20.95

PLBSSSANDC Case/4 \$75.95

Rodent Rock

Fool even the most suspicious rodent with the Rock's camouflaged entry points. Available in slate gray, granite or sandstone, this station has low profile and clamshell opening. It can hold a Big Snap-E Rat or Victor Power Kill Rat trap.

* Bait not included. Please specify color

WCSRR01S Single \$21.95

WCSRR01C Case of 4 \$79.95

ContraC All-Weather Blox

(MOUSE OR RAT)

Multi-edged, single feeding bait blocks that stay fresh whatever the weather. Contains the anticoagulant Bromadiolone, authorized by USDA for use in federally inspected meat and poultry plants. Colored blue for safety

601566 4 lb. pail **\$22.50**
EPA Reg 12455-79

Get rid of rodents FAST with Fast-Kill® Brand rodenticide.

Quickly knock down rodent populations with Victor® Rodenticides—the mouse poison and rat poison brand consumers trust! The new premium formula in Fast-Kill® Brand eliminates rodents fast, leaving your property clean and fear-free.

Fast-Kill brand contains super-fast-acting Bromethalin for a speedy death, as well as high-quality ingredients that rodents find irresistible. Fast-Kill Brand is easy to use, too. 6 lb bucket of Blocks, for indoor/outdoor use in bait stations.

WCSM2020 Fast-Kill® Brand Bromethalin Blocks - 6lb. bucket **\$49.95**
(Not for sale in PR) EPA Reg #47629-11

FASTRAC All-Weather BLOX

The active ingredient, Bromethalin, is Bell's fastest-acting rodenticide formulation. An acute bait, FASTRAC gets unsurpassed rodent acceptance and control, killing rats and mice in one or two days, often within 24 hours! More rats and mice can be controlled with less bait because rodents stop feeding after eating a lethal dose. Technicians save money and bait with FASTRAC BLOX.

675978 4.2 lb. Pail **\$70.95**
EPA Reg 12455-95

Final All-Weather Blox (MOUSE OR RAT)

A popular choice for moist conditions. Hard multiple-edged bait is made with food-grade ingredients and contains Brodifacoum, a powerful anticoagulant. Recently reformulated for greater palatability. High visibility red.

656163 9 lb. pail **\$39.95**
EPA Reg 12455-89

FORMUS (Blocks)

Contains the powerful single-feed, second-generation anticoagulant, Brodifacoum, in an economical 15g BLOX. Specifically developed to appeal to mice, every ingredient in FORMUS was chosen with a focus on mice - with the ultimate aim of controlling the most difficult mouse infestations.

WCS4015 18 lb. Pail **\$89.95**
EPA Reg 12455-108

Kaput Mouse Blocks (MOUSE, RAT, VOLES)*

The only product approved in the U.S. to control white-footed and deer mice, two prime carriers of ticks with Lyme disease. Poison bait contains the active ingredient warfarin, shown by the EPA to pose a lower risk to non-target animals than other commonly used compounds.

071305 4 lb. pail **\$25.95**
EPA Reg 72500-7

Kaput Place Packs

4 lb. bucket contains 32 easy to use 2 oz. place packs with green colored grain bait, and the rodenticide is Warfarin. Kills Norway & Roof rats, house mice, voles.

WCS403S 4 lb. Pail **\$22.95**
Case/4 Pails **\$77.25**
EPA Reg 72500-6

VICTOR® Multi-Kill® Brand Blocks

Made with a powerful single-feed anticoagulant. Multi-Kill® brand is the ideal bait for year-round rodent control. Made in the USA, Multi-Kill® brand baits use the highest quality, bakery grade ingredients that rodents find irresistible. Some of these premium ingredients, such as oats, have been left whole to further entice rodents by appealing to their desire to gnaw. Block bait formulations offer versatility and convenience for rodent infestations in any location since they can be used indoor and outdoors. Block baits are made in the form of extruded blocks — similar to the method that is used for making dry dog foods. The block is extruded in a unique shape designed to provide an attractive gnawing item for rodents. Typically, block baits are used in bait stations or nailed into the ground to prevent rodents from translocating the bait from one location to another. The rodent's inability to move block bait provides a good way to monitor activity by observing if the bait has been gnawed at or if it is still intact.

WCSM2030 Multi-Kill® Brand Difenacoum Blocks - 18 lb. Bucket **\$70.95**
(Not for sale in PR) EPA Reg# 47629-16

TERAD3 BLOX

Bell's newest rodenticide, expertly combines the most recent advancements in bait formulation to yield a highly weatherable BLOX with the low hazard benefits of the active ingredient, Vitamin D3. A dense, tightly compacted

1-oz. extruded BLOX with superb durability and weatherability. Incorporating an advanced preservation system, TERAD3 BLOX is mold and moisture resistant. Its high melting point keeps the bait stable in temperatures as high as 200 degrees F.

785630 18 lb. Pail **\$102.50**
EPA Reg 12455-106

TERAD3 Pellets

Bell's new pelleted rodenticide offering PMPs the low hazard benefits of the active ingredient, Vitamin D3. TERAD3 with Vitamin D3 kills anticoagulant-resistant rats and mice yet substantially reduces the risk of secondary poisoning. It also poses low toxicity to birds. Its broad label makes it an excellent choice for controlling rodents at agricultural and animal production facilities, warehousing and food processing plants, as well as for commercial and residential accounts.

785629 6 lb. pail-dry granular blend **\$38.95**
EPA Reg 12455-105

Humane Solutions for Snake Removal

We love snakes, but we know that they aren't always welcome visitors. Along with quality-made tongs and hooks for professional handlers, we carry traps and repellents that make removal safe and easy.

Snake Traps & Lures

Snake Guard Snake Trap

A live, single use trap with a "no-touch" removal system. Humane, effective and simple to use, this closed cardboard trap contains a super-sticky glue pad. A snake entering from either end cannot escape. To release the snake, transport the trap to a remote location and pour a liberal amount of vegetable cooking oil on the snake and the glue. The snake will usually work itself free in under an hour.

- NWS0105 Single \$21
- NWS0105C Case of 12 \$204.50

Cahaba Snake Trap & Glue Pads

Weather-resistant and commercial-grade, this plastic trap protects the glue pads used for trapping snakes or other rodents. Used with the appropriate-sized pad, it easily handles all kinds of nuisance snakes indoors or out. When the snake is caught, the glue pad and snake can be tipped into a bucket. The trap can then be re-used. Glue inserts are effective for up to 12 months.

- WCSCSTL Large w/ 3 glue pads 32"L x 10"W x 2.5"H \$53.95
- WCSCSTS Small w/4 Glue Pads 16"L x 5.25"W x 2.25"H \$26.95
- WCSCSTRL Large Glue Pads 3 pack \$12
- WCSCSTRS Small Glue Pads 4 pack \$8
- WCSCCST Collapsible w/1 Glue Pad 32"L x 9.5"W x 2.5"H \$27.95

Strike 'Em Snake Lure

Snakes won't be able to resist this powerful formula created by the pros. Just drop 4-6 drops on a cotton ball or sheep's wool and place in the center of your glue trap. Usually takes 12-72 hours, depending on the snake's feeding cycle. Caution: Keep out of reach of children and avoid contact with eyes.

- WCSTJSL-4 4 oz. \$18.95

Tongs & Hooks

Snake Tongs by Midwest

The finest snake tongs on the market! We designed and field-tested these to withstand years of daily use. Contoured pistol grip style handle ensures gentle squeezing. Tumbled grips have no sharp edges or rough spots to damage you or the animal. Reliable stainless steel cable securely attaches snake grip to the handle. Not just for snake work, our customers tell us that these grippers are a great extra set of hands for the elderly or wheelchair-bound. Color: Blue.

25": For cages or smaller working areas. Because of its short length, caution is advised.

40": Most popular. Comfortable for an average-sized person.

52", 60" and 72": Extra length provides an extra margin of safety when extra reach is required.

Standard Tongs have an anodized aluminum shaft 0.045" thick.

- NWS0801-25STD 25" Snake Tongs \$56
- NWS0801-40STD 40" Snake Tongs \$58
- NWS0801-52STD 52" Snake Tongs \$67
- NWS0801-60STD 60" Snake Tongs \$79
- NWS0801-72STD 72" Snake Tongs \$99

Super Tongs, perfect for lifting heavy snakes, have an aluminum shaft with interior walls twice the thickness (.090") of the standard.

- NWS0801-25ST 25" Snake Tongs \$74.95
- NWS0801-40ST 40" Snake Tongs \$74.95

- WCSM1T52 \$79.95
- WCSM1T60 \$94.95
- WCSM1T72 \$114.95

Gentle Giant Snake Tongs

A humane handling solution. 2 ¼" extra-wide jaws gently disperse pressure over a greater surface area of the snake's body, reducing the risk of injury and eliminating much of the snake's stress. Triple rubber-coated top jaw gives a secure hold, while polished lower jaw reduces the snake's ability to move forward. Made of aircraft-grade aluminum tubing with concealed stainless steel cable and spring. Color: Blue.

- WCSGG-T40 40" \$79.95
- WCSGG-T60 60" \$103.95
- WCSGG-T72 72" \$124.95

Standard Snake Hook

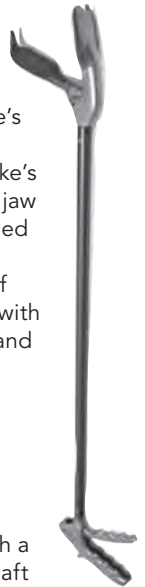

The snake handler's #1 tool! With a slightly flexible stainless steel shaft and 3 ½" wide aluminum hook (in red), this tough hook is the most widely used one on the market. Hook end made from solid anodized aircraft-grade aluminum. Measures 40".

- STD-HK-LT Standard Snake Hook (RED) 40" \$28.95

Heavy Duty Collapsible Snake Hook

A super-strong solution for backwoods trips and foreign travel. Our collapsible hook has grooved tubes to prevent rotation and a thick shaft made from aircraft-grade aluminum. We've even anodized the hook end! Extends from 17-39", with a 3 ½" diameter opening. Do not use to pin snakes or to lift or flip debris.

- WCSHDCL-HK (Red) 13" to 35" \$43.95

MOLES

Mole Solutions Made Easy

Every year WCS works hard to dig up the most effective mole solutions on the market. From our own unique and field-tested NoMol® to trusted brands like Victor and Nash, we have everything you need to customize your control methods. Note: all featured traps and baits are lethal.

BELOW GROUND

NoMol® by WCS

The safest and most effective trap on the market! With a completely below ground profile, our lightweight NoMol traps are the professional's choice for inexpensive mole management. Easily set in pairs, back-to-back, these in-tunnel traps are great for bilateral catches of moles, voles and shrews. Excellent for deep tunnels as well as sandy and heavy soil. Completely safe for use around children, pets and lawn equipment.

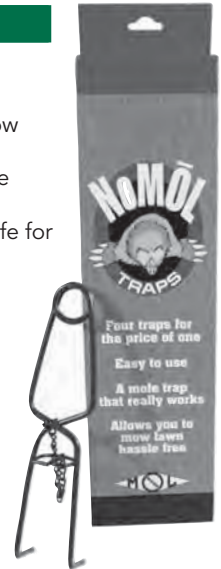

NoMol 4 pack A starter pack that introduces you to the NoMol trap. Comes with 4 traps, 4 dowels and detailed instructions on how to set.
NWSNM01 Package of 4 **\$19.95**
NWSNM01C Case - 16 pkgs of 4 **\$285.00**

NoMol with Rust Resistant Coating Prolong the life of your NoMols. Available for the professional in the PRO-PAK dozen or Magnum PRO-PAK 5 dozen.

NWSNMDZ1NR-S Magnum (5 doz.) **\$249.95**

NoMol Triggers Replace lost triggers, not the trap.
NWSNMT Package of 12 Triggers **\$10.50**

NoMol Booklet by Stephen Vantassel with Alan A. Huot All you need to know about using NoMol.
WC SNMB01 **\$10.50**

Tips For Successful Trapping

Trapping is the most reliable method of mole control

Moles create two types of tunnels: Travel and Feeding. Locate the main travel tunnels and set with mole traps or use bait for effective success

The best time to trap moles is in the spring when newly-made surface tunnels are easy to spot and when pregnant females are about

Fall is another good time before moles move deeper for the winter. They begin to reopen old tunnels and throw up new mounds

Though spring and fall are optimal trapping times, success can be enjoyed in other seasons except in very cold or dry weather.

I purchased your 4-pack of NoMol traps recently after watching your video. I have to tell you that I have been battling moles for 5 years with absolutely NO success. After I set your traps, I have trapped 5 moles in the last two weeks!!!! I am thrilled with your product.

– Mary, La Crosse, WI

Cinch Mole Trap

A smaller version of the Cinch Gopher trap used successfully by the U.S. Forest Service. Placed directly in the tunnel system, back-to-back, the Cinch Mole trap relies on its powerful steel spring and jaws for effective capture. Just open up the tunnel and set in pairs.

NWSCT02 Package of 2 **\$27.50**
NWSCT02 6 pair/dozen **\$140.00**

Moleinator

The smaller version of the original Gophinator developed in CA, this stainless steel trap sets completely underground.

WC SMOLE1 Single **\$7.50**
WC SMOLE12 Dozen **\$83.50**

SPEAR-TYPE

Victor Spear Mole Trap

Easy to set and particularly effective in mole-damaged gardens and lawns. Equipped with six pronged spears, this trap comes with a safety pin to eliminate false firings. Moles are killed when they trigger the spears.

NWS02T5 Model #0645 **\$12.25**
NWS02T5-6 Model # 0645 (Case of 6) **\$72.95**

Predator 1 Pro Mole Trap

The Spear trap on steroids. With a frame of 1/8" cold rolled steel and four ground spears (no sheared tips), the professional-grade Predator 1 uses its 4.5" coil spring to punch through the most difficult soils. Built to last and extremely powerful, this trap requires a moderate amount of strength to set. 24" X 6" X 6". 5 lbs. **Note: Due to its partial above ground profile, the above traps should be used with caution around pets and children**

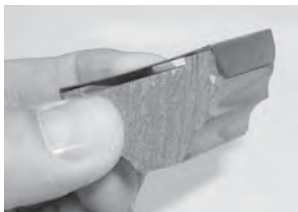

WCSBCP1 Single **\$21.95**
WCSBCP12 Dozen **\$240.00**

SCISSOR-TYPE

Victor Out O'Sight Mole Trap

Strength and durability are the hallmarks of Victor's Out O' Sight traps. With its malleable iron jaws and powerful spring, this trap's scissor action provides an effective and professional in-tunnel solution. Each trap comes with a pair of tongs to make setting easier and positioning in the tunnel simpler. Once set, Out O' Sight traps have a 50% profile above ground.

NWS0600 Single with setting tool **\$8.75**
NWS0600-12 Case of 12 **\$99.95**

Little Woodie – Out O'Sight Scissor Trap Trigger Modifier

The battle with dirt mound speed bumps is over! This tunnel choke slides conveniently over the trigger pan of an Out O'Sight trap to save you time and effort. Developed by expert Tom Schmidt, "The Mole Man," it's especially designed for use in dry and sandy soils or mulch that just won't pack. Made of redwood and tempered copper for years of service. *(Trap not included)*

NWSLW01-S Single **\$3.25**
NWSLW01-12 Dozen **\$34.95**

Talpid Mole Trap

Designed for safe, easy use, TALPIRID Mole Trap features dual springs for maximum power and curved jaws that scoop moles for improved capture. The trap's yellow foot pedal makes setting "hands free."

WCS787280-1 Single **\$19.50**
WCS787280-4 Case of 4 **\$72.95**

MolePro Mole Trap

Moles have no chance under the deadly grip of the MolePro. Constructed of hardened galvanized steel, the trap's sturdy scissor jaws sit in the tunnel while the trapper sets the above ground handles. Easily squeezed together, the handles pop open to a V when the mole is caught. Made to last, it's strong enough to work in a variety of soils.

WCSMP1 Single **\$13.50**
WCSMP12 Dozen **\$148.50**

LOOP-TYPE

Nash Mole Trap

Trustworthy and consistent. Similar in trigger action to spear traps, this easy-to-set trap pulls its loops upward over the mole for effective lethal results. Simple for homeowners to check and no bait involved. The Nash works best in shallow tunnels, in clean soil free from rocks and roots, and has a large above ground profile.

NWSNMT01 Single **\$14.95**

MOLE BAIT (Lethal)

Kaput Mole Gel Bait

Uniquely attractive to moles and the only gel-based poison bait on the market. The patented, EPA-approved formula can be applied glove-free with a simple injection. Great for steep tunnels and molehills that defy lethal trap placements.

WCSKMGB 3 oz. tube **\$15.95**
WCSKMGB-10 Case of 10 (3 oz. tubes) **\$162**

Talpid Mole Bait

The best mimic of a mole's natural food source – earthworms. One talpid worm contains a lethal dose of bromethalin and works quickly, sometimes killing within 24 hours. Special added enhancers ensure attraction and acceptance.

WCS738614 Box (20 Worms) **\$43.95**
WCS738614C Case of 5 Boxes (100 Worms) **\$205.00**

TOOLS & SUPPLIES

Always the Right Tools for the Job

When we stock a tool, it is the best we can find for Wildlife and Animal Control Professionals. WCS carefully selects every tool we carry in our catalog. Every one must pass three criteria: it must make the job easier, stand up to abuse and deliver unequalled versatility.

New! SmartScouter™

This revolutionary scouting camera captures timely digital images which can be viewed by the user anywhere in the world via computer and cell phone. The SmartScouter's self-contained 1.3 megapixel camera snaps the photo once movement is detected by the motion sensors. The image is immediately sent through the cellular network to www.smartscooter.com. Images can then be e-mailed to the user's computer and cell phone, and users can have those images sent to five different e-mail addresses at no additional charge. A removable CompactFlash memory card (not included) allows for traditional storage of images. The camera provides quality color images by day and black and white images at night.

Pricing information: All cellular fees are paid directly to wireless fee for SmartScouter upon establishment of your account. The wireless fee for SmartScouter is \$14.99 per month when active and \$7.99 per month when inactive (off-season). The account can be hibernated for up to 6 months each year. The per picture charges are as follows: First 500 pictures each month - \$0.04 for each low resolution image, \$0.10 for each high resolution image, and \$0.39 for each mega resolution image; For Pictures 501 and beyond each month - \$0.02 for low resolution, \$0.05 for high resolution, and \$0.19 for each mega resolution image. There is a one-time activation fee of \$20.00 (must be repaid if account is cancelled and reactivated). A wireless contract is required on activation to use your device. Cancellation fee is \$75.00.

HOG RINGS & PLIERS

Hog Ring Model Pliers & Rings

Make quick work of attaching nosecones, constructing vent covers or trap making. These pliers fit both 1/2" and 3/8" hog rings, with a spring-loaded action and vinyl-coated handles for easy clipping. Exceptionally tough, they'll last a lifetime. Pair with galvanized, 14 gauge blunt tip Hog Rings. Single ring installation.

OSCXX Hog Ring Model Pliers \$16.95

XOGB430-1 1/2" Galv. Blunt tip, 14 ga. Hog rings 1lb \$3.95

XOGB530 3/8" Galv. Blunt tip, 14 ga. Hog rings 1lb \$4.50

J-Style Pliers & Ferrules

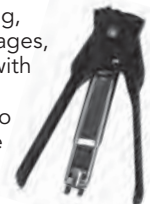

For when a wider clip (or ferrule) is needed. J-Clip pliers and J-Clips make for quick single ring installation when modifying or repairing traps, vent covers or other wire mesh items.

JPL51612 "J" Style Fastening Pliers \$18.95

NWS51330 J-Clip Ferrules (1 lb) \$5.50

P7 Pliers & Rings

A versatile tool for bird netting, making and repairing small cages, closing bags and more. Pair with 16 gauge blunt tip C-Rings. Rings come in a strip similar to "staples" and are fed into the pliers to save time.

WCSP7 Collated Ring Pliers \$53.95

RING616G50B-S 1/2" 16 ga. Galv. C-Rings for P7 (2,500 rings) \$22.50

Stanley Ringer

No more sore hands, wrists and arms! Just feed a strip of fifty 3/16" blunt-tipped hog rings into the Stanley in a "clip fashion," position and squeeze the handle grip. The ring automatically closes tightly around material. We love having the Stanley around for joining wire to make cages, nosecones or attaching bird netting to cable systems. Pair with 15 gauge galvanized C-Rings.

WCSRING 3/16" Stanley Ringer

[MARC] **\$81.95**

RINGR15G50B-S 3/16" 15 ga. Galv. Blunt D-Ring (2,500 rings) **\$35**

Hill Blair Hog Ring Pliers & Rings

A professional's best friend when constructing water flow control devices or culvert protectors out of woven wire. These malleable iron pliers have adjustable set screw and work on 1" copper-coated rings with pointed end.

NWSRNH3-10 Rings, 100/box - 10 pack **\$19.95**

LADDER ACCESSORIES

Levelok Ladder Leveling System

Give your ladders the same level footing as the ones used by the largest utility companies. Attached to the bottom of almost any extension ladder, these rock-solid, adjustable levelers have feet that bite both hard and soft surfaces (ice, gravel, snow, dirt). Hands-free operation makes them great for stairwells and uneven terrain. Automatic safety lock. Self-cleaning and corrosion-resistant.

STB-1AA pair **\$131.95**

Levelok Quick Connect Ladder Leveling System

The snap on, snap off version of Levelok's adjustable levelers. Install the base unit, then use levelers where and when you need them. 5-star rating from Amazon customers.

WCSLLQC Base Unit (pair) **\$45.25**

STB-1QC Levelok Snap-on Leveler for Levelok Quick Connect (single) **\$78.95**

Corner Buddy Ladder Stabilizer complete w/ hardware

Bolt this buddy to your ladder and free your job of worry. Rounded "claw" grips corners, round and multi-dimensional constructions with rubber bumpers. Remove easily for storage. Coated in yellow for visibility.

WCSCB Corner Buddy Ladder Stabilizer complete w/ hardware **\$53**

WCSCB2 Corner Buddy Ladder Hardware Kit **\$8.95**

Ladder Stabilizer

Get a sure grasp of the wall. This two-pronged stabilizer spans the width of your straight ladder and grabs onto surfaces with its non-marring rubber tips. Strong and lightweight. Spans 48".

WCSSL48 **\$31.95**

Flat Ladder Hook

Convert your single ladder to a roof ladder. Steel hooks clamp easily to the top two rungs and fit both round and D-rung styles. Powder coat painted blue.

WCSFLH **\$14.95**

Rolling Roof Hooks

Roof jobs made easy. Roll your ladder up steep surfaces on the hook's casters, then flip the ladder over to catch the hook on the peak. Your single ladder now lays flat and secure. Fits both round and D-Rung styles. Not for Type III ladders. Use in pairs.

WCSRRH Rolling Roof Hook (single) **\$20.95**

WCSRRC Rolling Roof Replacement Caster **\$3**

Ladder Mitts

Protect the ends of your ladder from scratching or marring house siding. Professionals, take note – this is a courtesy your customers will notice.

WCS611 pair **\$13.95**

Pivit Ladder Tool

Level any ladder in seconds – even on stairs! This tool has hundreds of rubber "gripper feet" that cling to tiles and slippery areas, giving you a stable surface for ladder legs. Or try it on a roof as a platform for toolboxes. The portable Pivit has 11 functions, requires no bolts or clamps to install and is completely adjustable. Works on stepladders, too! Rated at 500 lbs. as ladder jack and ramp.

WCSPLT Pivit® ladder tool **\$89.95**

Roof Boot (PAIR)

Make steep roofs safer. These roof boots secure walkboards, toeboards and flat ladders on up to a 20-pitch roof. Easy to handle and set-up. One pair.

WCSRB Roof Boot **\$49.95**

FLASHLIGHTS

Streamlight Stingers

The #1 selling rechargeable flashlights in the country by virtue of both their power and long-lasting performance. Each model includes 120V AC (outlet) and 12V DC (car lighter) cords and two compact, snap-in charger/holders that mount securely on your shop wall or inside your vehicle. Battery stick (included) provides 1 hour of continuous use between each 10 hour charging session and can be recharged up to 1000 times.

Stinger Rechargeable Flashlight w/ AC & DC Chargers (15,000 candlepower) The perennial favorite. The Stinger's powerful Xenon bi-pin bulb produces 15,000 candlepower and smoothly transitions from spot- to flood-beam. Made of water-resistant, machine tooled aircraft aluminum with push-button switch. Includes 1 spare bulb in tailcap. 7 3/8" L. 10 oz. **NWSSL75014** Model 75014 Black **\$108**

Streamlight PolyStinger w/ AC & DC Chargers (15,000 candlepower) A lighter, non-conductive version of the original Stinger. Encased in almost indestructible nylon polymer, the PolyStinger gives up to 15,000 candlepower. 7 3/8" L. 8.7 oz. **NWSSL76514** AC/DC Chargers **\$92.95**

Ultra Stinger w/ AC & DC Chargers (70,000 candlepower) The mother of all Stingers. Use the Ultra's powerful 70,000 candlepower to illuminate the toughest spots, knowing that the unbreakable polycarbonate lens with scratch-resistant coating won't suffer. Made of machined aircraft aluminum anodized black against corrosion inside and out. Adjustable focus (spot to flood), 30-hour life Xenon bi-pin bulb and push-button switch with momentary or constant "on" settings. 11.75" L. 1.1. lbs. **NWSSL78014** Ultra Stinger w/ AC & DC Charger **\$120**

Streamlight Vulcan AC/DC Dual Filament

An industrial light that will never let you down. If one filament in the 8W safety bulb goes, the second filament provides an instant backup beam. Spot, bi-pin bulb provides up to 70,000 candlepower with very long run time. Virtually indestructible ABS thermoplastic case is waterproof to 100 feet. Rubberized cushioned grip handle. Includes rechargeable battery, 120V AC (outlet) and 12V DC (car lighter) cords, mounting rack and shoulder strap. 7 1/2" L x 5" w x 6 1/2" H. 3.3 lbs. **SLT44200** Vulcan AC/DC Dual Filament **\$102.95**

Streamlight Accessories

12V DC Cord for Car Plugs into your vehicle's cigarette lighter to recharge all models of Streamlight rechargeable cradles, holders and sleeves. **NWSSL22051** 12V D/C Cord for car **\$12.95**

Streamlight Stinger Nylon Holster Keep your Stinger flashlight handy and protect it from bouncing around inside your tool bag. Fits the Stinger, Stinger XT & PolyStinger. **NWSSL76090** Nylon Holster **\$13.95**

Streamlight Stinger Replacement Bulb **NWSSL75914** Light Bulb **\$10**

Ultra Stinger Replacement Bulb **NWSSL78914** Ultra Stinger Bulb **\$10**

Streamlight Stinger Battery It's always a good idea to have one battery charging and one inside your flashlight. Fits Stinger, Stinger LED, Stinger HP, Stinger XT, Stinger XT HP and PolyStinger. **NWSSL75175** Stinger Battery **\$25.95**

Ultra and Super Stinger Battery Fits Ultra Stinger, Super Stinger and SL-20XP-LED. **NWSSL77175** Ultra and Super Stinger Battery **\$32.95**

GENERAL TOOLS

30" Metal Bending Brake

Get a professional look when bending wire mesh or sheet metal up to 22 gauge. Very handy to have in your truck for repairing louver vents and boxing in dormer soffits. **WCSG9952** Metal Bending Brake **\$82.95**

Stainless Steel Inspection Mirror

An indestructible must-have. Rectangular, 2" x 3 3/4" mirror, or round 3 3/4" adjusts to any angle and extends from 10" to 26". Chrome plated brass handle with cushioned grip. **R4074371** Rectangle **\$19.95**
R4074385 Round **\$19.95**

High Tech Telescoping Inspection Mirrors

Mirrors are a great "extra eye" to have for chimney flues, above dampers, over drop ceilings, etc. These high tech telescoping inspection mirrors – long, strong and lightweight – will perform time and time again.

- » Clear glass mirror for perfect reflection.
 - » All-angle ball joint holds mirror firmly for 360° viewing.
 - » Mirror encased in rugged corrosion-resistant brushed stainless steel.
 - » Stainless steel telescoping handle is strong, long & lightweight.
 - » Comfortable textured cushion grip keeps handle secure in wet or oily hands.
- NWSHTC-2** 2 1/4" mirror diam. Telescopes from 6 1/2" to 36 3/8" **\$10.75**

Felco C7 Steel Cable Cutters

Our favorite cable cutter is also the best on the market. Swiss-made, it gives a clean cut without squashing due to the shape of its unique triangular jaws. Cuts up to 3/16" cable. Also great for hard wire 1/8" and smaller. Spring-loaded for heavy use. **WCSC7** Cable Cutters **\$44.95**

LintEater Dryer Vent Cleaning System by Gardus

A super-quick way to remove dangerous lint build-up. When attached to your power drill by the 3' flexible rods, the LintEater's rotating auger brush easily navigates the turns common in most vent systems. Adapters (included) then allow you to use the air from your dryer or a shop vacuum/blower to completely suck out the lint. System also includes blockage removal tool, large lint trap brush, operator's manual and demo DVD.

- RLE202** 10pc. Dryer Vent Cleaning System **\$31.95**
R-4203613 Lint Catcher **\$6.95**
R-3203612 12' Extension Kit **\$16.95**

Inova X5 Ultra Violet Light Titanium Flashlight

Inova X5 Ultra Violet Light Titanium Flashlight, very convenient, and great for detecting rodent urine. Innovative design and engineering: Performance criteria drive every consideration in optics, electronics, materials, thermal and power management, durability and usability. **MI-X5MT-UV** **\$51.95**

SCOPES

SeeSnake Micro Camera by RIGID

A multi-use probe for pest & wildlife control professionals. The probe's 3' cable has a 0.7" diameter camera head with clip-on mirror, hook or magnet (included). Lit by two LEDs, the interior of a void shows up on a 2.5" screen. Waterproof camera head and cable run for 3 hours on 4 AA batteries (included). We recommend you wear gloves (and possibly even a respirator and goggles) when pulling the cable out of explored areas. Optional 3' cable extension for hard to reach places.

WCS25643 SeeSnake® Micro **\$230**
WCS26658 3' cable extension **\$58.95**

TESTERS AND SETTERS

Sullivan's Trap Tester

An inexpensive way to measure pan tension on foothold traps. Tester is graduated from 1-4 pounds in 1-pound increments. **WCSSTT \$13.95**

Robbie's Trap Set

Makes setting the toughest traps safe and painless. This setter works like a standard caulking gun – you place it on the eyelet or arm of the spring and squeeze the grip. The spring then compresses with a ratcheting action. Made in Canada. Lifetime warranty. (Trap not included.)

WCSRTS01 \$46.95

Leggett's Trappers Helper

Pin or dispatch animals, retrieve traps underwater and pull stakes with this multi-use helper. Fixed tongs at end are tough, welded steel. Hickory handle.

NWSLTH58 \$12.95

DD Body Grip Setters

Made in two sizes, one for #50 to #220-sized body grips and one for #280 to #330-sized traps. Powder-coated bright yellow, not painted, won't chip & peel and easy to spot.

WCSDD16 Sets #50 to #220 **\$9.95**
WCSDD30 Sets #280 & #330 **\$12.95**

VACUUMS

PULLMAN-HOLT

Pullman-Holt makes commercial-quality HEPA Wet/Dry vacuums that can tackle all kinds of situations. We like them for their long-life motors, triple filtration (HEPA filter, Dacron filter and paper bag) and rock solid construction. All models featured here include attachments (10' x 1.5" crushproof hose, 5' two-piece metal wand with swivel end and floor, carpet and small space tools).

Pullman-Holt Model 45 The faithful workhorse. This 10-gallon, 1.5 horsepower model combines a quiet performance with a low price. Durable, blow-molded Poly canister has a low center of gravity to prevent tipping and a positive-locking, full swivel hose connection system for easy operation. Wheeled, with complete set of attachments. 25' power cord.

PUL45HEPA-WD 10 Gal HEPA Wet/Dry vacuum, 1.5 horsepower motor **\$650**

Pullman-Holt Model 86ASB54C

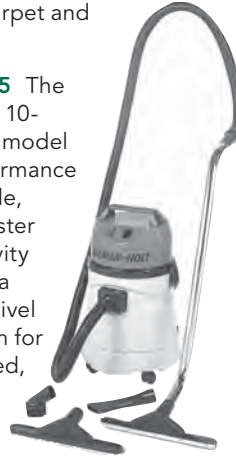

A rugged 5-gallon, 1.0 horsepower vacuum perfect for using in tight areas or on scaffolding. Easy-to-carry tank is heavy gauge steel with powder-coated finish. Wheeled, with complete set of attachments. 25' power cord.

PUL86ASB54C 5 gal. HEPA Wet/Dry Vacuum with tools 1.0 Horse Power motor **\$825**

Pullman-Holt Model 102ASB12P

When you need a vacuum that can handle the grunt work. This 12-gallon, 2.0 horsepower model has a long-life two-stage motor and heavy-duty poly tank. Easily transportable, with a vacmobile molded handle and cart. Complete set of attachments. 25' power cord.

PUL102ASB12P 12 gal. HEPA Wet/Dry Vacuum with tools 2.0 Horse Power motor **\$1,195**

Atrix Express HEPA Vacuum

Weighing in at just 4 lbs., this little beast is one of the lightest portable vacuums around. The mighty 730 watt motor is ideal for bed bugs and bees. Replacement HEPA cartridge filters install with a snap. Includes: two HEPA filters (.3 micron retention), 6' clear hose, 25' power cord, crevice tool, two 20" extension wands, deluxe carrying bag, shoulder strap.

VACEXP-IPM Quart capacity (4 lbs.) **\$249**

730333 HEPA Cartridge Filters (2 pack) **\$40**

Atrix Omega HEPA Vacuum

With its over-heat protection and high-impact Starex flame retardant polymer construction, this HEPA vacuum is the perfect choice for ash, dust and attic debris. A powerful 120 volt motor fits nicely in only a 19"x7" space, and the whole system weighs only 12.5 lbs. Accessories fit in the lid. Includes: one HEPA filter (.3 micron retention), 9' clear hose, 16" flexible wand, 25' power cord, crevice tool and utility nozzle, two 20" extension wands, shoulder strap.

VACOMEGAS-IPM 12.5 lbs. **\$349**
OF612HE Cartridge Filter **\$49**

Atrix High Capacity HEPA Vacuum

Bring on the bat guano. This brawny 5 gallon high capacity vacuum with self-contained HEPA filter cartridge is capable of tackling any big job, from cockroaches to termites to rodent droppings. Plus it weighs only 10 lbs. when the filter is empty. Includes: one 5 gallon HEPA filter, 9' clear hose, 16" flexible wand, 25' power cord, crevice tool and utility nozzle, two 20" extension wands.

ATIHC-IPM 5 Gallon capacity (16 lbs.) **\$449**

421-000-005 Replacement HEPA Filter **\$80**

Deluxe Backpack

Free your hands while you tackle the tough jobs. Backpack can adjust to fit either the Atrix Omega or High Capacity IPM vacuums.

VACPACK for Omega IPM and High Capacity Vacuum **\$85**

ODOR CONTROL & DISINFECTANTS

No Smells, No Germs, No Fuss

Animal control work can mean fighting a lot of unpleasant smells – skunk spray, urine, feces, bat guano, dead wildlife, blood – the list goes on. To win the war, we offer a range of products that neutralize air and surfaces. These scented and unscented products don't simply mask odors, they eliminate them. To destroy dangerous bacteria, choose a product described as a disinfectant.

SPRAYERS

Fogmaster Jr.

When a space is too small for an industrial fogger and too large for a trigger sprayer, use the Fogmaster Jr. to disperse lightweight oil- or water-based fluids for odor control. Made of corrosion-resistant nylon, vinyl and polyethylene to last job after job., Easy to use. Just twist

off the power head,, pour in deodorizer or disinfectant mixture, And replace cap. Rotary valve allows you to fine tune the output from fine light fog to coarse mist. Quart capacity.

WCSFOG-1 (1 quart) **\$94.50**

Electric Atomist Sprayer™

Conserve expensive chemicals and deodorizers with this Ultra Low Volume (ULV) sprayer. Designed to reduce droplet size, the Atomist emits an ultra-fine mist on your chosen area. Use it for odor and pest control, to reach into cracks and crevices or in the garden. Fine to heavy spray settings allows for adjustment for a variety of situations. 2-gallon capacity.

WCS1026B (2 gallon) **\$210.95**

LIQUID CONCENTRATES

Citrus Neutrox (ODOR CONTROL)

A water-soluble, neutralizing deodorant with a fresh citrus fragrance that lasts for hours. Not a masking agent, this concentrated product destroys malodors produced by organic sources and odor-causing deposits. It contains no hazardous ingredients, is non-flammable and will not harm surfaces that are water-resistant. Leaves no residue when used as a surface spray, a fog or when diluted in cleaners. 32 oz. and gallon sizes available.

NWSCN01-32 32 oz. **\$8.50**
NWSCN01-32C 32 oz. (Case of 12) **\$87.95**
NWSCNG02 Gallon **\$8.95**
NWSCNG01-4 Gallons (Case of 4) **\$87.95**

Epoleon (ODOR CONTROL & CLEANING)

Zap animal odors instantly! Epoleon's all-natural and biodegradable compounds attack odors by chemical reaction, counteraction and absorption, allowing it to react with a variety of gases (acidic, neutral and alkaline) simultaneously. Eliminates odors like urine, instead of masking them. The concentrated, water-based formula leaves no residual scent, is non-toxic and is USDA approved. NnZ contains an additional

detergent for surface cleaning. (Not a disinfectant)

WCSN100-S N-100, 1/2 gallon concentrate **\$48.95**
WCSN100Case N-100, 1/2 gallon (Case of 10) **\$450**
WCSNnZ-S NnZ, 1/2 gallon concentrate **\$31.95**
WCSNnZCase NnZ, 1/2 gallon concentrate (Case of 10) **\$290**

KennelSol (DISINFECTANT & ODOR CONTROL)

A multi-purpose germicide, detergent and deodorant that leaves a clean, wintergreen scent. Effective against a range of animal-specific pathogens, including the canine parvovirus. Recommended for use in kennels, pet shops, tack shops, veterinary clinics, animal life science laboratories, breeding and grooming establishments, schools, colleges, equine farms, airports, households

and hotels. Bactericidal at 1:64 dilution (2 oz. per gallon of water). HC (High concentrate) dilution is 1/2 oz. per gallon of water. KennelSol EPA Reg# 62472-1. KennelSol HC EPA Reg # 62472-2 Both are also available in 30 and 50 gallon drums. Call for pricing and freight.

WCSK16S (16 oz.) **\$7.95**
WCSK16C (12 -16 oz case) **\$68.95**

READY-TO-USE

Fresh Wave Commercial IAQ (ODOR CONTROL)

Neutralize skunk, dead animal, bat guano, feces and urine odors. Ecosorb is a non-toxic, environmentally-safe and biodegradable product made with natural organic compounds and food grade surfactants. Ready-to-use right out of the bottle. Leaves no scent behind. Remove children and pets from treated areas until surfaces are completely dry.

WCSESS Gallon **\$33.50**
WCSESC 4 gallon case **\$114.00**

Fresh Wave (ODOR CONTROL)

An excellent "green" solution for households. This neutralizer's biodegradable, non-toxic solution contains natural plant extracts and is safe for use around people and pets. Three different products available: spray in a non-aerosol can, gel in a jar (great around cat litter boxes) and candle. Leaves a clean, natural-smelling environment.

WCSESS Continuous Release Gel - 16 oz **\$11.95**
WCSESC Continuous Release Gel - 16 oz. (Case of 12) **\$132**
WCSESP 8 oz. Spray **\$7.95**
WCSESC 8 oz. Spray (Case of 12) **\$87**

Odor Assassin (ODOR CONTROL)

Odor Assassin's super-concentrated formula can eliminate the strongest animal odors, (skunk smells haven't a chance), but is safe for use in ordinary businesses and households. Easily applied from an aerosol-free can, it leaves the natural scent of fresh-picked oranges or lemon & lime. USDA approved for use in kitchens.

Lemon-Lime 8oz. non-aerosol can

WCSEA01-104403 Single **\$6.25**

NWSOCFNWC-C Case of 12 **\$51**

Odor Pet

Specially formulated for animal care facilities and veterinary clinics. A concentrated odor counteractant and cleaner, Odor Pet contains a stabilized bacterial spore system that breaks down organic waste (blood, urine, fecal stains) and removes odors. Debris is reduced to a solution of CO₂ and water. This biodegradable, non-toxic neutralizer is a great choice for cleaning cages, runs, floors, drains and other high traffic areas. Safe for use around animals and children. Fresh black cherry scent.

Note: Odor Pet is not a disinfectant. We recommend following up with a treatment of KenneSol in situations where removal of organic bacteria is desired.

WCS5400-S RTU 24 oz. - Single **\$10.99**
WCS5400-C RTU 24 oz. - Case of 6 **\$49.95**

WCS5420 5 gallon pail **\$157.95**

Sterifab

One of the most hardworking disinfectant and insecticides on the market. Perfect for cleaning up bird droppings, bat guano and raccoon feces. Or use it to wipe out lice, bed bugs, ticks, dust mites, bacteria, fungus, mold, mildew and viruses. And did we mention it deodorizes too? Dries in 15 minutes and leaves no residue. No dilution required. EPA 397-13 - registered all states. Ships ground only.

SFD-GAL (RTU) - Gallon **\$35.95**
SFD-GAL-C RTU - Gallon Case (Case of 4) **\$124**

EarthCare Odor Eliminating Granules

EarthCares Odor Eliminating Granules absorb pet urine odors from all surfaces (carpets, lawns, dog runs, concrete litter boxes & cages), musty mildew odors in all areas (basements, crawl spaces, outdoors and indoors), Skunk Odors, chemical odors, etc. without chemicals or fragrances.

BU9G Single Bucket **\$32.95**
 Case (2 buckets) **\$62.00**

Wildlife Calls “Bring them in”

We know that calls are a personal preference - you want the one that is going to attract your animal, in your territory and on your budget. Whether you're a hunter who needs to broadcast hundreds of lifelike sounds via remote control or an animal control officer wanting to call in a coon with one breath, WCS has the right call for you.

ELECTRONIC CALLERS

Choosing Your Call: Mouth Blown or Digital?

If you're new to calling, here are some helpful considerations:

Mouth Blown Calls

All mouth blown calls work by vibrating a reed. Every time you blow into them, you produce a sound slightly different from the one before and after (since no two breaths are the same). This can work well on animals that are suspicious of electronic sounds they've learned to associate with humans. Mouth Blown Calls are inexpensive, compact and require only your lungpower, but sometimes they require patience and practice to create the most effective results.

Digital Calls

Digital callers hold a number of high quality calling sounds on a memory card contained in handheld device with an amplifying speaker. With infinite volume control, you can vary the type and length of calls over a large area while never running out of wind. And by setting the speaker at a distance, you can draw the animal away from your position. On the other hand, be prepared to transport more gear and back-up batteries when you're out in the field.

Johnny Stewart Wildlife Calls

PM-4 Wireless Preymaster Digital Caller

No more speaker cords! The remote control PM-4, with a wireless range of 100 yards and up to 250 yards in optimal conditions, has all the great features of the original PM-3 with added flexibility. Set your speaker and base unit together, or use the included 10' extension cord to elevate the speaker above the ground. Attach the remote transmitter to the unit and it's ready to receive your wireless signal – from wherever you want to go. And unlike the PM-3, the PM-4 will play sounds continuously

until you turn them off. Broadcast two sounds simultaneously or overlap them to simulate many animals. 2.3 lbs. Uses 4 AA & 1 9V batteries.

Includes 12 digitally mastered predator sounds on 3 quick-change memory cards:

Rodent Distress, Squealing Bird, Meadowlark, Bobcat in Heat, High Pitched Cottontail, Canine Puppies, Yellowhammer Woodpecker, Coyote Pup Distress, Canine Pups, Kid Goat Distress, Pleading Chicken, Whitetail Fawn Distress.

PM-4 Wireless Preymaster Digital Caller by Johnny Stewart **\$179.95**

Minaska

The Ultimate ONE MD-630

The Ultimate ONE is designed for open spaces, windy conditions and those who like incredible volume with digital quality at their fingertips. The Ultimate ONE is the only electronic caller available with a built-in decoy system. Utilize the 100 Top Selling sounds shipped

with the unit and download FREE sounds from MAD's sound library and you're sure to have a successful hunt. Includes calls proven on: Coyotes, Bobcats, Cougars, Fox, Crows, Elk, Snow Geese, Deer, Wild Boar, Raccoons and Turkeys.

MD-630 \$599.95

MAD Minaska Series M1

Now you can carry an entire Minaska sound library of 100 lifelike, digital-quality game calls in your pack or pocket. This compact little powerhouse contains 10 easily accessible banks of 10 sounds. No scrolling or sending is required. There is no time limit

on each sound, so you can customize your call sequences to any length. Includes calls proven on coyotes, elk, bears, bobcats, cougars, snow geese, fox, crows, white-tailed deer, wild hogs, raccoons and turkeys. The full-function remote activates the sounds from up to 100+ yards away under ideal conditions. The high-quality internal cone speaker provides clear, highly audible sound.

MD-610 \$449.95

MOUTH BLOWN CALLS

You'll find two main types of mouth blown calls on the market – open reed and enclosed reed. The Tally-Ho is an "open reed" call, which is more like playing a saxophone than blowing a whistle. This gives the user a versatile way to project sound over a larger area and to create a wider variety of sounds. All of our other calls are "enclosed reed" styles, which are easier to blow and learn on, and can be used for both long and short-range work. If you are just starting out, this is the style for you.

Johnny Stewart

Variable Pitch Predator Call

The most versatile mouth call ever developed for predatory animals and birds. With a Rubber Button Pitch Control, this predator call easily produces pup squeals, high-pitched squeals, mid-range squeals and low-pitch and long-range squalls. It can also recreate the sounds of raccoon chatter and chicken cackles. **PC-1 \$9.25**

Mini Predator Call

Small enough to be carried in your pants or shirt pocket, with a big enough sound to coax predators right to your feet. This "close-in" squeaker is compact and effective – an excellent short range call to have on hand. A series of rapid squeals taper off to painful squalls. **PC-2 \$3.95**

Rabbit Distress Predator Call

Just the ticket for attracting the immediate attention of bobcats, foxes, coyotes and raccoons. This long-range cottontail rabbit call works well under any condition and comes at a great price. **PC-7 \$7.95**

Hammerin' Crow Call

Bring in crows and spring gobblers with a sound loud enough to reach them at long range. The raspy-sounding reed imitates the distress, fighting, gathering and "come here" sounds of crows and comes in a water-resistant plastic casing. Less effort to use than conventional calls. **CC-1 \$6.95**

Coon Squaller Mouth Call

A best seller! Easy to use, the call produces raspy raccoon squalls, growls and screams with only your breath. Plus you can add variation to the volume and cadence by cupping your hands over the end of the barrels. Drives raccoons wild! **CS-1 \$8.95**

Tally-Ho

Tally-Ho Predator Call

One of the finest open reed calls on the market. Designed by a predator specialist and beloved by many expert hunters. By changing hand movement and mouth placement, you

can make a slew of sounds at a hefty volume. Includes instructions. **NWSTH01 \$6.95**

Tips for Calling

Choose the right call for the right situation – for example, mating season

Squeaks are sometimes all that's needed in calm weather

If it's windy, you'll want to increase your volume

In general, start low, then build to half or full volume (depending on circumstances), then grow quieter to draw animals in closer

Call upwind – animals will usually circle downwind of the scent, crossing open areas in front of you

There's no such thing as too much camouflage

Cover your odor

No luck? Often it's not the call, it's where you are – placement is key

In the wild or next to the cage—Pneu-dart is our choice for safe and effective chemical capture

When it comes to injecting and tranquilizing animals in the field, you need equipment that won't let you down. That's why we are pleased to offer the full range of CO₂, Air Pump and Cartridge-fired projectors, darts and needles from Pneu-Dart.

A worldwide leader in remote drug delivery systems for over 40 years, Pneu-Dart has a great reputation for quality and safety. Their projectors are reliable, effective and simple to use. Animals remain unharmed and you remain in control.

Next to the cage or out in the wild, Pneu-Dart's pistols and rifles are expertly crafted to handle targets with ease and accuracy. Their unique adjustable power valves make for effective shooting at any range, even from the bird's eye view of a helicopter. Combined with their easy-to-fill darts, this innovation results in quiet propulsion and less trauma to the animal.

Call us toll-free at 1-877-684-7262 to talk to a Chemical Capture Specialist with any questions you might have about the right product for you. We are here to help.

Note: Shipments are sent UPS. Powder Charges and CO₂ Cylinders cannot be shipped by Air or U.S. Mail.

CARTRIDGE-FIRED PROJECTORS

Cartridge-fired projectors employ .22 blank cartridges to propel the dart. Combined with pressure control valves, this gives them a wider range of muzzle velocities than CO₂ and Air Pump projectors. Not recommended for use on smaller (under 40lbs) animals.

Model 389

The latest and most advanced Cartridge-fired rifle on the market! Extremely accurate and consistent, the versatile 389 has a hinged breech-loading dart barrel that supports any Type 'C' size Disposable dart and is equipped with revolutionary Airflow Control Ports. This ACP technology aligns the exiting gas at the muzzle, thereby virtually eliminating "tail-kick" of the dart. In addition, the 5 position power control has been moved closer to the shooter, giving you silent, quick and safe power adjustment for any shot distance. Range 0-100 yards with 1cc Type 'C' Disposable darts. Weighs 9.5 lbs. Pricing above is for Standard Walnut Stock. Other variations are available. Call for selection & additional pricing. **WCS389 Model 389 \$675**

** Federal Law regulates Sale of Cartridge-fired rifles. Shipment is restricted to military institutions, Sheriff and Police departments or holders of a Federal Firearm License. If you do not have a license, arrange for a local gun dealer to accept the rifle for you. We must have a signed certified copy of his license on file permitting us to ship the projector directly to the assigned license holder. ** Due to size of the Cartridge-fired Projectors, an additional \$10 fee will be added for boxing and packaging for each. ***Additional Excise Tax is charged for Cartridge-fired Projectors. Please contact us for complete pricing.*

Model 196

Rugged to the extreme. Simple and functional, this Cartridge-fired rifle has a break-open shotgun-style barrel action and accepts Type 'C' Disposable darts from .5cc to the largest 10cc. The 5-position pressure control valve is located on the rear of the gas block for convenience and can be adjusted to give close shots without injury to the animal. Like the Model 193, darts can be removed from the chamber without the use of tools. 5-shot clip. Includes open rear and blade front sights. Weighs 6.5 lbs. The 196cm model is a standard Marlin 925 with a camouflaged wood stock. The 196en model is standard Marlin 925 with an electroless nickel plate finish mounted within a black composite stock. Pricing above is for Black or Standard Stock with Blued Assembly. Other variations are available. Call for selection & additional pricing.

WCS196 Model 196 \$600

CO2 & AIR PUMP PROJECTORS

Dependable and easy-to-use, Pneu-Dart's CO2 and Air Pump projectors provide lower power delivery systems for shorter range requirements. We especially like the way they handle during animal control situations in urban and confined areas.

X-Caliber

The most practical projector ever built! A pressure-gauged full volume dump dart projector, the X-Caliber's unique engineering allows you to vary the muzzle velocity without taking your eye off the target. With a spring-loaded rotating butt plate for quick loading and virtually silent dart propulsion, the X-Caliber gives you versatility without sacrificing range or accuracy. Quality made in America from machined aluminum and coated with a handsome, weather-resistant, satin finish. System equipped with: Aluminum Gun Case, Rechargeable 3.5 oz. CO2 Cylinder, 12 gram quick-change CO2 Adapter and 3x9 black, Adjustable Scope. Choice of Camo or Black Oxide finish.

WCSXCAL-CAMO Camo \$1900

WCSXCAL-BAHC Black Oxide \$1900

Model 176

When you want to get up close and on target, you need the 176. Ideal for penned animals and for use in populated areas, this close range CO2 rifle is accurate up to 30 yards in ideal conditions (no wind). And by using the power control valve, caged animals can be shot as close as two feet without injury. Open sights, breech loading. Weighs 7 lbs. For use with any Type 'P' Disposable darts.

WCS176B Model 176 \$269

Model 178

A simple design for effective results. The 178 Air Pump rifle is ideal for professionals who have limited or occasional needs for an immobilizing gun. Controlled by a power control valve on the rear of the bolt, the number of pumps (min. 1, max. 8) determines muzzle velocity. 5-40 yard capacity with 1cc Type 'P' Disposable dart. Open sights, breech loading. Weighs 7 lbs. Can be used with any Type 'P' Disposable darts.

WCS178B Model 178 \$289

Model 179

For short-to-medium range needs, this convenient CO2 projector is a great pick. Controlled by a gas relief valve located at rear of the bolt, the accurate 179 has a range of 3-30 yards with 1cc Type 'P' Disposable darts. Open sights, breech loading. Weighs 3 lbs. Not recommended for darts over 3cc.

WCS179B Model 179 \$205

Model 190

The inexpensive answer to emergency situations. Extremely light, this short-range Air Pump projector has a range of 5-50 feet with 1cc Type 'P' Disposable darts. Controlled by a knurled control valve on the bolt, the number of pumps (min. 3, max. 8) determines muzzle velocity. Range is 5-50 feet with 1cc Type 'P' Disposable darts. Open sights. Weighs 3 lbs. Not recommended for darts over 3cc.

WCS190B Model 190 \$230

Looking for Pneu-dart accessories? See page 51

Blo-Jector

Strong on effectiveness and light on impact, darts from the Blo-Jector result in minimum bruising or tissue damage. With the proper drugs, animals from the size of raccoon to steer can be successfully immobilized. A perfect tool for those with occasional, close-range needs – animal shelter supervisors, zoo personnel, veterinarians and wildlife control professionals. Effective from 1-30 feet with Type 'P' Disposable darts. **WCSBJK** Blo-Jector \$57

Chemical Disclaimer: Please be aware that immobilizing drugs must be obtained from a licensed veterinarian under their DEA License. We strongly recommend that prior to purchasing chemical capture equipment that you obtain confirmation from your veterinarian that they can and will provide you with the appropriate immobilizing drugs. WCS cannot provide information on immobilizing drugs or dosage recommendations. Establishing a working relationship with your veterinarian to determine appropriate drugs and dosages for your needs is critical to your successful use of these tools. As with many sophisticated tools, proper training is vital. Given the significant differences between the various remote delivery systems, WCS advises taking a chemical immobilization class to help determine the equipment and techniques that best suit your needs.

DISPOSABLE FIELD DARTS

When ordering your Field Darts please provide the following:

- Style:** Type 'C' for Cartridge-fired or Type 'P' for CO2/Air Pump projectors.
- Needle length:** Available lengths are ½", ¾", 1", 1 ¼", 1 ½" or 2". Determine length by the coat density and weight of animal. (Examples: ¾" needle is for a smooth coated dog under 40 lbs; 1" is for most medium sized dogs; 1 ¼" for larger, heavier coated dog)
- CC Size:** Dart size is based on the size of animal and the amount of injection chemical to be used. If there isn't an exact cc size dart for your application then use the next size up and fill remaining cc with water.

Approx. Weight Chart for Needle Lengths

Weight / Needle size

10 to 75 lbs	½"	150 – 600 lbs	1"
75 – 150 lbs	¾"	Over 600	1 ¼" or 1 ½"

*Needle length also dependant on animal size and location that injection will be given e.g. on cattle a longer needle would be used in the back side vs. the neck.

Pneu-Dart Disposable Darts (FIELD)

Pneu-Dart Type 'P' Disposable darts (color coded in yellow) are designed for smooth bore CO2 and Air Pump projectors, and Blo-Jectors. These darts are appropriate for use on small or large animals. *Note: All sizes of Type 'P' darts are now available with "Flight Stabilizers" which assure a snug fit in other brands of tranquilizer guns.*

Pneu-Dart Type 'C' Disposable darts (color coded in orange) are .50 caliber and designed for Cartridge-fired projectors. Appropriate for use on small or large animals, they provide precise drug delivery in a convenient, inexpensive projectile. *Note: The .5cc, 1cc, and 1.5cc 'C' and 'P' appear to be identical, but the 'C' dart has a slightly larger diameter tail.*

00.5 cc \$12.95	03.0 cc \$18.25	07.0 cc \$20.50
01.0 cc \$12.95	04.0 cc \$19.50	08.0 cc \$21

Bushnell Yardage Pro Sport Rangefinder

Never guess at distance again. You'll find that this weather-resistant Rangefinder always gives you an accurate reading for planning your shot. Affordable and compact, it has a simple one-button operation. Textured grip. 5-yard minimum distance.

WCSYPS \$210

So I ordered a chimney cap and other supplies yesterday and chose standard shipping. While working out by the shop a UPS truck pulls up. I said to myself; "this can't be my order."

Out the driver comes with a chim cap box with all of my other stuff inside. Can't believe it, barely 24 hrs from when I ordered to when I had the items in my hand.

Thank you very much for your incredible service and even better delivery time.

– Adam, York, ME

EUTHANASIA EQUIPMENT

WCST™ Galvanized Euthanasia Chamber

Euthanasia is a process with legal and ethical responsibilities, and we take it very seriously. Our CO₂ chamber is the industry-standard for humane dispatch, a cost-effective product that gives minimal distress to wildlife. Measuring 14" x 14" x 38", it is capable of handling traps up to 36" long for simple top loading. We use all galvanized steel for long use and rust-resistance and include a clear viewing window in the lid. A screw-type port in the lower portion makes it easy to link the gas bottle. Includes hose for connection to a CO₂ regulator (regulator sold separately, see below).

NWS0123-Galv Euthanasia Chamber (Regulator sold separately) **\$250**

CO₂ Regulator

An essential component for delivering gas safely and humanely. Attached to the CO₂ tank, the regulator monitors pressure via two gauges. One gauge reads the gas pressure being delivered to the tank, giving you an accurate reading of the CO₂ flow. This helps you minimize gas waste and ensures the animal is receiving the proper gas distribution. The other gauge reads the tank pressure itself and is an excellent indicator of how much gas is left. Never deliver gas to tank without a regulator.

NWS0121 CO₂ Regulator **\$95**

WCS Electronic CO₂ Saver

Eliminate worry about extended gas flow. Connected to a regulator, this

digital, automatic shut-off device controls the on and off flow of CO₂ delivered to chamber and allows for programmed timing. Enter the time interval you want the gas to be set for and the saver will automatically shut off the CO₂ after it has elapsed. A mounting bracket allows you to hang the unit on the regulator knob, making connections easy and convenient. Save your precious time and gas supplies.

CO2ASO **\$250**

Tank Clamp

Secure your CO₂ tank in a vehicle or stationary workspace. Two sizes available to fit 20 lb. or 50lb. cylinder.

NWS0122 Fits 20 lb. cylinder **\$49.95**

Needles - 18 gauge x 1" (6 PACK)

WCS71-516S 6 pack **\$3**

Syringes - 12 cc with needle (6 PACK)

WCS71-6525 6 pack **\$3.95**

12 cc Aluminum Syringe Adaptor

A godsend when injecting skunks with euthanizing fluid or administering medications. The adaptor consists of an aluminum base for screwing into the end of a painter's pole or threaded broom handle (not included), a standard monoject 12 cc plastic syringe with rubber plunger, one 18 gauge 1" needle and an adjustable aluminum tip. With the 1" needle attached to the tip, you can adjust the injection depth from 1/8" to 7/8" and protect both needle and syringe from abuse. All aluminum parts are covered by a lifetime warranty.

WCSPS12CC 12 cc Aluminum Pole, Syringe only **\$49.95**

WCSPS3CC 3 cc Aluminum Pole, Syringe only **\$49.95**

BLITZ Captive Bolt Stunner Gun Kit

The most powerful stun gun available in its category. The heavy-duty, nickel-coated BLITZ is built tough in Germany to withstand the worst conditions. 9mm center fire blank cartridge provides a high velocity penetration and gun is easy to use and maintain. Comes with 150 center fire cartridges, replacement parts, protective molded carrying case, cleaning supplies and Hoppes Plus solvent.

35-310 Gun Kit **\$448.95**

DIG DEFENCE[®] ANIMAL CONTROL Commercial Grade

Dig Defence[®] Animal Control Commercial Grade (DDAC) - is an easy to install permanent barrier which will cost-effectively fix problems that previously mandated back-breaking hardware cloth buries or repeated trapping.

DDAC is a simple, quick, trenchless, humane, drive-in below ground barrier that secures foundations, decks, sheds, electrical substations, zoos, barns and ranches against invasive wildlife and keeps pets from digging out of yards.

DDAC, made in the USA out of high quality 4 gauge galvanized steel, each unit measures 15" H x 4' long. Once installed it protects properties from skunks, opossums, raccoons, porcupines, foxes, groundhogs and other animals. A great solution for all those open spaces accessed by not wanted wildlife visitors.

DDAC-CG - \$179.95 (40' kit)
Dig Defence[®] Commercial Grade 40' kit includes (10) 4' units

Installation Tool available
DDAC-Tool \$185.00

Play it Safe

PERSONAL SAFETY

Your tools are replaceable. You are not. Guard yourself against bites, scratches and infection with our selection of field proven protective gear from manufacturers who never cut corners on safety.

SAFETY EQUIPMENT

Survivair Max 8600 – Full Facepiece Respirator

Bat guano, raccoon feces, attics filled with insulation, chemicals in enclosed spaces – these are conditions that call for the Full Facepiece. Survivair (formerly Wilson) makes quality HEPA filter respirators that are National Institute for Occupational Safety and Health (NIOSH) approved. Their high-grade soft silicone face pieces include a pliable oral/nasal mask and a double sealing flange with rolled edges for optimum fit. A distortion-free lens with anti-fog and anti-scratch coatings provides a panoramic view of your environment, with no blind spots to trip you up.

Choose from two comfortable strap options: 5 strap (two on each side of the head, one over the top) or Tite-seal (2 strap model that combines a headphone style strap between the ears, and an “around the head” strap). Simple to disassemble and reassemble. HEPA filter cartridges (not included) are sold separately (below).

- SUR822000** 5 Strap – Medium **\$199.99**
- SUR823000** 5 Strap-Large **\$199.99**
- SUR832000** Tite-Seal – Medium **\$199.99**
- SUR833000** Tite-Seal – Large **\$199.99**

Survivair Premier – Half-face Respirator

When the possibility of inhaling of toxins, dusts and spores is a threat, a half-face respirator is the answer. This flexible, silicone rubber mask gives a tight seal against the face and is very easy to clean. Pair with our Crews Verdict Safety goggles for full protection. HEPA filter cartridges not included – sold separately (below).

- SUR312000** Medium **\$26.95**
- SUR313000** Large **\$26.95**

Survivair P100 HEPA filter

The only HEPA filter we recommend. For use on both full and half Survivair masks. Includes 4 filters (2 pair to carton).

- SURT105110** P100 HEPA filter **\$43.95**

Crews Verdict Safety Goggle

We think everyone in wildlife control should have a pair of these goggles. Their clear lens area (coated for anti-fogging) shields against the liquids, sprays, dusts and debris we often encounter. A transparent PVC frame offers a wide field of vision, while the foam lining and adjustable elastic strap give a comfortable fit over most prescription eyewear. You only have one pair of eyes – protect them!

- 2410F** Vista 1000 Goggles **\$6.95**

Tyvek Suit with Hood & Booties

Keep your skin safe from a variety of dangerous and irritating contaminants. Tyvek suits are made from Spunbonded Oelfin, a high-density polyethylene that can't be easily scratched or compromised. This lightweight, low-linting and anti-static material forms an inherent barrier against dangerous liquids and dusts. The new fit comfort design has a zipper front, elastic wrists, extra room in the back and integrated hood and booties. Reinforced in areas prone to wear.

- WCS1414L** Large **\$6.49**
- WCS1414XL** X-Large **\$6.49**
- WCS1414XXL** XX-Large **\$8.49**

Plastic Booties

Tyvek's durable booties slip on over your work boots to provide an extra layer of protection. Disposable. One size fits all.

- FC450-100Pr** 100 pair **\$99**
- FC440S-10Pr** 10 pair **\$9.95**

STINGING INSECT PROTECTION

Bee Smoker

A quality smoker is an essential part of your tool kit. We offer the best we could find – a shielded stainless steel model with a superior bellows design that produces excellent smoke output.

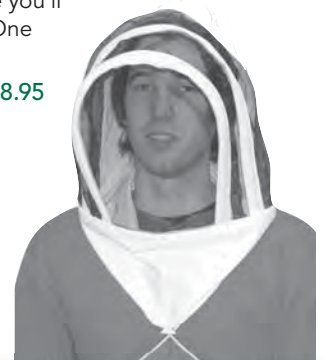

American-made, this smoker has hooks for hanging on the side of the hive, bottom rests and hinge pins with keepers that last and last. 4" x 7".

- WCSM927** Bee Smoker **\$46.95**

Chilly Veils – Over the Head

The beekeeper's dream, and now available from WCS! Our premium quality veil is 100% cotton, with the finest high thread count and super-strong fault-felled stitching. While other veils use three, the Chilly Veil has four heavy-duty boning hoops to ensure it will always hold its shape. We guarantee you'll be satisfied. One size fits all.

- WCSBCV** **\$48.95**

Miller RA20-50 Roof Anchor Kit

If you're up on the roof for bird work or exclusion, don't risk it. This easy-to-install roof anchor kit is ready in minutes and meets both Occupational Safety and Health Administration (OSHA) regulations & Construction Specifications Institute (CSI) standards. Kit contains two reusable roof anchors (RA20) plus hardware, steel twist-lock carabiner, heavy-duty nylon rope lifeline (5/8" diameter), Duraflex stretchable harness and manual stainless steel rope grab that is permanently attached to a 2' nylon webbing lanyard with SofStop shock absorber. If you fall, the rope grab instantly locks in place while the lanyard absorbs the shock. This system is designed so that you manually move the grab along with you as you work. Includes written and video (DVD) instructions and convenient carrying bag.

- WCSMLRA20-50** Full Restraint System **\$359.99**

PERSONAL SAFETY

Beekeeping Full Body Hat-Veil Combo Cotton/Poly Coverall

Total coverage for total piece of mind. This full body cotton/polyester suit features leg zippers for easy on/off, elastic leg and wrist cuffs, two front side pockets and a chest pocket. Accompanying Hat/Veil is extra comfy and fits all sizes. Spring steel band rings keep the veil away from the

head and hat flips back when unzipped.

V01170M Medium-Chest 40-42 **\$74.95**

V01170L Large-Chest 44-46 **\$74.95**

V01170XL XLarge-Chest 48-50 **\$74.95**

V01170XXL XXLarge-Chest 52-54 **\$74.95**

Pocket Veil

A nifty and inexpensive nylon veil. Lightweight and flexible enough to fit in your pocket, it's designed to be worn with any cap or hat. Keep a couple for guests and one in the glove compartment for swarm captures. **WCSPV** Pocket Veil **\$14.95**

TRAP SAFETIES

Trap Safety Pin

Keep your hands OUT of the strike zone. Our one-of-a-kind safety pin can be used for any size body grip trap and is attached to the top of the jaws. Powder-coated with a bright yellow chip proof, flake proof and rust-resistant finish that provides excellent visibility in deep, dark water. Includes lanyard and nickel-plated ring for attaching to basket, belt loop, buttonhole, etc. You won't find this long-lasting safety device anywhere else but WCS. A safety device is STRONGLY recommended for anyone handling body grip traps. **WCSRPCin** For Conibear style traps (all sizes) **\$9.50**

RAM Safety Lock

Built tough by RAM in Canada. This spring-loaded safety lock for body gripping traps works on all sizes of traps and is very easy to position over the top of the jaws. When the trap is placed in position, the last thing you do is compress the spring of the safety device and remove the lock off the top of the trap. Your hands are never in danger of the trap inadvertently closing on them. A safety device is STRONGLY recommended for anyone handling body grip traps. **WHRALOPL** For body grip traps **\$10.95**

GLOVES

Choosing WCS Vet-Pro Gloves

When it comes to choosing gloves, we always start by asking whether we want more protection from penetration or from crushing. Handling the sharp teeth of cats (penetration) will require less steel plating than, say, the jaws of a coyote (crushing).

Flesh wounds are the easiest way for professionals to get infected, so we never skimp on quality. It's important that you use gloves as protection and as much as possible limit direct contact with the animal. The use of a capture pole or animal grasper is always best (see page 33, 39), with gloves used as a backup solution if the animal gets free from the capture tool. While no glove is puncture proof, our entire Vet-Pro selection is highly puncture resistant and will last you a long time when properly cared for.

Finally, while our gloves are durable, they won't last forever. Because your gloves should always take the beating instead of your hands, we recommend always having a spare pair with you in the field

WCS Vet-Pro

All WCS Vet-Pro gloves are made of hand-cut, split grade palomino leather and a ballistic lining of DuPont Kevlar felt. Unlike knitted or woven versions, Kevlar felt is tightly packed for maximum puncture resistance. Double-stitched with Kevlar thread, with a loose fit for dexterity and emergency removal. Style descriptions are listed below.

Warden Junior 15" A quality first pair of gloves you'll use again and again. Cuff typically ends mid arm. Excellent for small animals, with less restriction than the 23".

WCSP02-S/M Small to Medium **\$96.95**

WCSP02-L Large **\$96.95**

Warden 23" When you need greater coverage than the 15". Cuff typically ends at elbow. A favorite of vets, humane societies, animal wardens, breeding farms, university labs and reptile handlers.

WCSP04-S/M Small to Medium **\$104.95**

WCSP04-L Large **\$104.95**

Trapper 22" Perfect for use over heavy clothing or foul weather gear. The Trapper 22" has a much wider cuff than the Warden, with a durable nylon cinch strap built-in. Trappers, EPA Inspectors, animal rescue teams, SPCAs, Animal Control officers and animal wardens love these gloves.

WCSP01-L Large only **\$136.95**

Magnum 22" For maximum crushing and puncture resistance. The Magnum 22" has 400 stainless steel safety bars built into the hand, clinched on the back and front of fingers, to disperse force and shield against penetration. The choice of vets, wardens, humane societies, zoos, exotic animal handlers, hunters and animal rescue teams.

WCSP03-L Large only **\$164.95**

Latex Disposable Gloves

Animal sediment and carcasses of rabies carriers hold nasty surprises. Stock these disposables in your truck and business to keep you and your employees safe. Non-sterile. Powdered for easy removal. Ambidextrous. Size Large

WC55060-L-S Box of 100 **\$7.25**

WC55060-L-C Case of 1000 **\$65**

The "Gripper" Deluxe Glove

If you trap in the water, you'll want these gloves! Tested extensively by trappers and commercial fishermen, these 31" rubber gloves have a triple dipped hand for superior protection against cold water and hypothermia.

Extra-long gauntlets help protect from accidental dunking. Textured neoprene for a sure grip. Reinforced thumb patch for exceptional wear. These are the best on the market.

WCSMIGGG-L large **\$27.95**

Sting Resistant Leather Gloves

Enjoy great dexterity when working on your hives. These sting resistant gloves have an incredibly soft feel. Long white cotton canvas cuff has a vented section and elastic gathering. Specify Medium, Large or X-Large.

WCSGSL Sting Resistant Leather Gloves **\$22.95**

Polar Paw Gloves

WCSP1 **\$29.95**

Wildlife Damage Inspection Handbook (Rev.)

by Steve Vantassel with Tom Olander

Steve's famous handbook is now revised and updated! All you need to know about damage inspection – from getting started, to phone and on-site assessments, to species recognition and problem solving – is in here. Includes color and black & white photos, and sections on identifying by hair, bones, feces and egg damage. 95 pages.

NWSWDCI \$90

Best Practices for Wildlife Control Operators

by Paul D. Curtis and Jill Shultz

Discover the most practical, step-by-step approach to integrated wildlife management. Focusing on best practices for wildlife control and the prevention of wildlife damage, this "how-to" training manual offers a broad array of tools, techniques and resources for any professional seeking solutions for the field. Includes a clear decision-making model, basic biology and natural history of nuisance species, safety recommendations and discussion of ethical and legal issues. 341 pages.

WCSBPWCO \$101.95

Wildlife Forensic Field Manual

by the Association of Midwest Fish and Game Law Enforcement Officers (Rev.)

Become an expert in analyzing animal remains. Admirably clear, this illustrated manual covers the basics and subtleties of field work – including gender determination, animal hair, time of death, carcass wounds, animal age, bone, claws and feathers. The choice of wildlife law enforcement officers during poaching investigations, and a valuable addition to your bookshelf. Expanded edition is snap ring bound, 4" x 7" for easy portability, with some color plates. 254 pages.

WCSFFM1 \$38

Chemical Immobilization of Wild and Exotic Animals

by Leon Nielsen

Learn all you need to know about immobilization from a field expert. Nielsen details the essentials of drug delivery equipment, pharmacology and techniques, plus specifics on post-capture management, proper immobilization, emergency procedures and human safety. Includes an extensive list of species-specific characteristics, with drug and dosage recommendations for more than 300 common species. 366 pages.

0813829364 \$58.99

Veterinary Forensics: Animal Cruelty Investigations

by Melinda Merck

A detailed, practical reference for veterinarians, pathologists and investigators. Written by a leading expert in veterinary forensics, the book gives clear directions on crime scene investigation, forensic testing and forensic pathology findings, as well as guidance on handling evidence and conducting evaluations that will hold up in court. Extensive appendices include forms for examination and reporting. Illustrated. 368 pages.

WCSVF1 \$89.95

NEW!

The National Wildlife Control Training Program Book

by Stephen M. Vantassel, Paul D. Curtis, and Scott Hygnstrom.

A collaborative effort between the University of Nebraska-Lincoln and Cornell University. The authors bring more than 70 years of experience in the field of wildlife damage management to this book. While many excellent educational materials are available, they typically specialize in a particular species, control method, or simply lack information on the latest control techniques.

WCSNWCT \$19.95

TRAPPING

Adjustment of Leghold Traps by Charles Dobbins

Very few factory production traps come out of the box without some amount of adjustment required.

Covering coil spring, long spring, jump and stoploss type traps, this invaluable book shows you how to adjust them to deliver superior performance and increased productivity. You will capture and hold more animals with properly adjusted traps. Illustrated. 86 pages.

WCSPDALHT \$12

Trap Fastening by Charles Dobbins

Virtually eliminate loss of traps and animals. This handy manual is packed with instructions on how to anchor and secure traps using wire, chain, J-hooks, Shooks, lap links, slides drags, grapples, etc. From muskrat to coyotes, you will see a dramatic improvement. 107 pages. WCSPTDF \$12

Land Sets and Trapping Techniques by Charles Dobbins

Learn the ultimate methods for catching fox, coyote, raccoon and bobcat. Built on years of field experience, this comprehensive manual covers tools, equipment, lures, bait, urine, droppings, electronic attractors, foot hold traps, body gripping traps, stakes, drags, slides, dirt hole, flat sets and more! 184 pages. WCSPDLS \$12

Variations of the Flat Set by Charles Dobbins

Fully illustrated, this book contains a wealth of detail on the variations of flat sets that Charlie Dobbins uses in his work. With information on tools and equipment, trail set, hidden bait set, trash mound set, campfire set, rubbing set, water set, ten second set, remaking your sets and much more. 80 pages.

WCSPDVFS \$12

The Dirt Hole and its Variations by Charles L Dobbins

Everything you need to know about dirt hole sets, right up to the ground. This great guide contains Charles's instructions on how to make numerous sets for red fox, gray fox, coyote, bobcat and raccoon, plus fitting dirt holes to different lures and baits. You'll even learn how to make sets look like they were dug by an animal. 71 pages. Not shown.

WCSPDDHB \$12

Master Land Snaring by Newt Sterling

Discover the secret tricks of canine and coon snaring, effective in all terrains. For over 20 years, Newt Sterling has been professionally snaring for the U.S. Fish and Wildlife Service and private clients. In this illustrated guide, Newt shows you how to make sets where the animal tells you to, cutting out all that frustrating guesswork. 58 pages.

NWS00B9 \$10

BEAR

Bear Baiting and Trapping Black Bear by Rich Faler

A MUST for hunting bear over bait! Unique to Maine as a sport, the techniques outlined in this 86-page book are the same as those used in many states and provinces by nuisance control workers and biologists trapping and releasing live bear for studies. Just as the how-to-do trapping methods will give most first-time bear trappers a very high success rate, the baiting techniques have great value to those hunting over bait to tag their bruin. ISBN #1-881399-07-9. 86 pages.

WCSSBTBB \$8.95

Successful Black Bear Hunting by Bill Vaznis

A first-rate combination of entertaining stories and how-to instruction. Bill tells you everything you need to know about tracking, baiting, calling and trailing bears, as well as guidelines for harvesting and choosing the best hunting locations. B&W illustrations. 144 pages.

WCSSBTBB \$24.99

Working Through Black Bear Management Issues - A Practitioners' Guide

Eight living species of bears roam the globe today. Most are imperiled and may be teetering on the verge of extinction (Servheen et al. 1999). The American black bear (*Ursus americanus*) is one exception in the trend toward scarcity. Resilient and adaptable, the black bear has not only survived across much of its historic range, it has thrived in an environment increasingly altered and dominated by human use. Even as its ursine cousins continue to decline in distribution, the North American black bear has repopulated areas once thought too fragmented and densely populated with people to support such a large carnivore.

WD-4 \$14.95

BEAVER & OTTER

Beaver and Otter Trapping Open Water Techniques by Charles Dobbins

Get the straight talk on open water trapping methods. In this illustrated book, you'll learn how to choose the proper size traps (foothold, bodygrip and snare) and the ways to make them produce. Includes detailed info on baits, food lures and castor-based lures, locations, dry sets, underwater sets, wet sets, blind sets, drowning methods and fur handling. 113 pages.

WCSPDBO \$12

Bottom Edge Otter and Beaver by Ken Smythe

Completely submerged, indifferent to flood and freezing – we love the bottom edge set. And Ken's step-by-step manual is the perfect accompaniment, with illustrated chapters on trap selection and positioning, general locations, specific otter and beaver locations and weather. Perfected over 10 years, with the experienced input of many trappers, this book will definitely increase your catch. Includes 15 line drawings by Bob Noonan and 34 photos, mostly of locations. 63 pages. WCSBEOB \$9.95

BIRD

How to Succeed in Urban Bird Control by Bird Barrier

From bidding a job to fecal clean-up procedures, the industry field manual for urban bird control. For a professional dealing with birds on buildings, structures or signs, this book is the one. Includes chapters on bird identification, product installation, roof safety and more. Note: Does not cover controlling birds in open areas. Conveniently fits into a 3-ring binder or stands alone. 80 pages.

WCSTS-1000 \$37.95

PCT Bird Management Field Guide
by Richard Kramer

Find all the fundamentals in one handy book. This practical and illustrated bird control field guide has sections on basic knowledge and lingo, bird disease and prevention, tools and techniques and a list of product manufacturers. A complete resource for those in the business, or for owners looking to know more about bird control options. 118 pages. **NWSBMG \$18.95**

Managing Canada Geese in an Urban Environment

by Arthur E. Smith, Scott R. Craven and Paul D. Curtis

We call this the "must-have" booklet for NWCO's handling Canada Geese. As well as information on bird biology and the rising population problem, it includes detailed discussions of control techniques (non-lethal and lethal) and how to improve their effectiveness. Plus info on regulations, suppliers and potential costs – extremely useful for consultation and job quotes. With photos and line drawings. 42 pages. **NWSMCG01 \$15.95**

Predator Calling with Gerry Blair

When Gerry Blair calls, predators listen. In this hands-on guide, Gerry teaches you the tricks, tips and techniques he has honed in his many years of hunting experience. Learn why animals come to call (and sometimes don't), how to make different calls, how to play the wind, weather and the environment to your advantage and how to fix your mistakes. Covers coyote, bear, mountain lion and other cats, as well as fox and raccoon. 303 pages. **Z0740 \$19.95**

Successful Predator Hunting

by Michael Schoby

Coyote, fox, black bear, bobcat and cougar – these canny predators have no chance against the expert techniques of hunter Michael Schoby. His all-new book contains everything you need to know about the habits of predators, including insider tips on how to use calls and decoys. Gain a better understanding of controlling your scent and blending into the landscape to elude detection by wary prey. 144 pages. **WCSSPH \$24.99**

Managing White-Tailed Deer in Suburban Environments

by Anthony J. DeNicola, Kurt C. VerCauteren, Paul D. Curtis and Scott E. Hynstrom

The ultimate reference for professionals and city planners. Written by experts in the field of biology, this manual cuts through the clamor of special interest groups to show you what is actually going to work in your specific situation. Includes information on deer biology, estimating deer populations and lethal/non-lethal control methods. Illustrated, with an appendix of suppliers. 52 pages. **NWSWTD01 \$19.95**

FISHER

Fisher Trappers Guide
by Bob Noonan

You won't find a more complete treatise on modern day methods of successful fisher trapping! It took Bob several years of fieldwork to compile this master manual, and he left nothing out - fisher biology, sets, location and fur handling. Whether you want to improve your techniques or you're just starting out, this indispensable guide belongs on your bookshelf. 95 pages. **WCSBNFTG \$15**

COYOTES / PREDATORS

Leggett's Coyote Trapping Methods
by Pete & Ron Leggett

56 pages of pure coyote trapping knowledge, including the deadly step-down dirthole. Learn how the Leggetts trapped 337 coyotes in just 16 days, with the same comprehensive knowledge they include in their Fox Trapping Methods. With line drawings and black & white photos. 56 pages. **WCSLCT \$15**

Autobiography of Leggett's Fox Trapping Methods
by Pete & Ron Leggett

The most celebrated father/son duo in fox trapping reveal their secrets. Whether you're after red or gray fox, this book has everything you need to repeat their feats. Includes info on fox habits, pre-season planning and scouting, traps & stakes, trap treatment and adjustment, lures, urine, bait and set locations. Plus detailed set construction, pelt handling and troubleshooting untargeted catches. With line drawings and black & white photos. 52 pages. **WCSLF \$12**

DEER

Reducing Deer Damage to Home Gardens and Landscape Plantings

by Paul D. Curtis and Milo E. Richmond

A concise guide for urban and suburban landowners, compiled by experts at Cornell and the New York Wildlife Research Unit. Includes background on the current deer invasion and the actions professionals and landowners can take to combat it – including fencing, repellents, innovative measures and a list of plants deer don't like to eat. 22 pages **NWSRDD01 \$8**

MOLE

NoMol Booklet by Steve Vantassel with Alan A. Huot

Our best seller! Learn how to set the NoMol trap – one of the most effective mole capture devices on the market – for optimum results (trap is sold on page 40). Along with step-by-step instructions and illustrations, Steve and Alan include practical tips on mole behavior and damage identification. 16 pages. **WCSNMB01 \$10.50**

The Joy & Celebration of Mole Control
by Jeff Holper

Only Jeff Holper could provide this much cheerfulness and sound advice in dealing with the frustration of mole control. A seasoned vet of the mole wars, and recognized expert, he gives professionals the straight talk on what works and what doesn't. 43 pages. Check out the accompanying DVD in our DVD section! **NWS00B7 \$8**

Mole Control by Fred Lawrence

A WCS customer favorite. This how-to handbook is short, smart and illustrated, covering the soup to nuts of mole control – biology, food habits, traps and locations. An essential reference for NWCOs or anyone with a rampant mole problem. 20 pages.

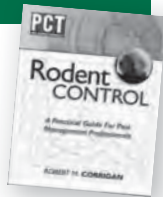

NWS00B8 \$9

RODENT CONTROL

PCT Rodent Control – A Practical Guide for Pest Management by Robert Corrigan

The industry's most comprehensive, practical guide to rodent control. Written for Pest Control Officers by seasoned pro Bob Corrigan, this book includes 350+ pages of in-depth info and hundreds of unique color photos and illustrations. With clear and detailed discussions of rodent biology, behavior and multiple approaches to control, this always gets great reviews. Hardcover. 355 pages. WSCRCB01 \$49.95

SKUNK

Innovative Skunk Control by Rob Erickson

A runaway hit with our customers. The undisputed national expert in urban and odorless skunk removal gives ground breaking solutions to every problem – from grubbing damage on lawns and golf courses, to animals trapped in window wells and buildings, to pesky neighborhood roamers. With a section on skunk biology and behavior and a recipe for skunk odor removal. Softcover. 77 pages.

WCSREISC \$15.95

The Problem with Skunks! by Ed Kellems

For years, Ed has been perfecting his professional methods of odorless skunk removal. All that knowledge of smooth and predictable procedures, effective baits and fair customer service is in here, the lessons of an experienced pro. Illustrated. 34 pages. NWS00B4 \$14.95

Marten Trapping

Bob Noonan, owner of The Trappers Post magazine, has trapped marten in Maine and Alaska, and has interviewed numerous American and Canadian marten trappers. This video is packed with detailed information from many sources and combined years of experience. It contains in-depth demonstrations of modern equipment, a fast, re-usable anchoring system, bait and lure usage, and a number of different sets, including one using extremely light, portable, inexpensive equipment. WCSBNMART VHS \$15.00 DVD \$39.95

SNAKES

Snakes of New England

by Linda Krulikowski

Endorsed by Dr. Robert D. Ballard, this stunning book is a photographic and natural history study of snakes found throughout the New England region. It covers such topics as General Biology, Behavior, Venomous Snakes, Mythology and more. The text is wonderful, but the pictures are absolutely spectacular. Well worth the price. WCSLSKB1 \$45

DVDs

Wildlife work is always easier when you've seen the tricks of the trade performed by the best in the business. These DVDs and VHS videos by well-known pros are the most entertaining and informative demonstrations we've found. Sit back and enjoy field footage and expert instruction, then reap the benefits from applying the techniques to your own business.

GENERAL

Birds, Bats and Snakes (DVD) with Mike McMillan (DVD)

Birds, bats and snakes are often the most highly profitable jobs in wildlife control. Mike's on-the-line training course shows you easy and effective methods, responsible to wildlife, that will increase your bottom line. 2 Disc Set. 2 hrs. 37 min.

WCSMMBB \$39.95

Suburban Goose Management

The number of Canada geese nesting and thriving in suburban areas has increased dramatically in recent years, creating nuisance problems. Many affected communities have been forced to examine goose management issues. Yet population control methods and their effectiveness are as varied as opinions on wildlife management issues. Though many questions on suburban goose management remain unanswered, this video is designed to help professionals and communities take the first important step in developing an effective action plan.

Open Water Beaver Trapping (DVD) by Charles Dobbins & Wayne Freebersyer

Join Charles and Wayne on the trapline and discover their secrets. These guys hold nothing back – choosing baits and lures, setting footholds, bodygrips and snares, modifying trap equipment, using trap accessories – and they give insider tips like properly removing castors and the use of eye-appeal. With real-life footage of actual catches. 110 min.

NWSV004 \$33

From WCS experts.

BEAVER... Live Trapping Techniques featuring Don LaFountain, (DVD) hosted by Alan Huot

Get trapping with the help of national expert Don LaFountain! You'll go into the field with this professional of 20+ years to learn all the ins and outs of beaver work, including the lowdown on biology, choosing a trap type, setting and safely handling Hancock-style traps, picking a bait and lure, constructing your set and using the transfer cage. Hosted by our own Alan Huot. 56 min. **WCSBVR1 \$39.95**

Setting a Live Beaver Trap featuring Don LaFountain, (DVD) hosted by Alan Huot

New to the Hancock-style (Koro) trap? No worries. Don LaFountain, our friend and national expert, agreed to give us an excellent step-by-step demonstration of how to set this sometimes tricky trap. 15 min. Note: if you're looking for a more comprehensive guide to beaver trapping, try our Beaver DVD above. **WCSBVR2 \$9.95**

Summertime Beaver Control (DVD) by Charles & Paul Dobbins

Having trouble repeating the successes of late fall and winter in the heat? There's help! Charles and Paul take to the field to explain why beavers react differently to baits, lures and sets in the summer. Then they show you how to alter summertime tactics for much better results. All sets in this video are also extremely effective during cooler months of year on open water. 97 min. **NWSV002 \$33**

Trappin' Tales: True Stories & Footage from "The Leading ADC Beaver Trapper in America" (DVD) by Kirk DeKalb

A rollickin' four days of beaver trapping out on the trapline, with one of the profession's largest personalities. In between Kirk's entertaining stories of snakes, alligators and random critters, you'll learn how to catch large numbers of beaver and otter from a bona fide expert. 114 min. **WCSKDBVR \$30**

Under-Ice Beaver Snaring (DVD) by John Lee & Harold Linskey

Winter means time to trap more beaver. With over 40 years experience in trapping beaver, John and Harold brave the ice to show you the best techniques for snare making, snare sets and on-the-pond checking. 75 min. **JLDVD \$29.95**

BIRD

Suburban Goose Management (DVD) by Cornell University

The first step in formulating an effective action plan. The experts at Cornell went out on-location to answer the big questions – what attracts geese and how do we discourage them? How many geese is too many? What are the most effective and socially acceptable control methods? From traditional (hunting, habitat control) to new (border collie) techniques, they demonstrate all the available options. Approx. 30 min. **WCSSGMV \$25.95**

BOBCAT

Bobcat Trapping "The Road to Success" (DVD) by John Graham

Ride along with veteran John Graham as he goes bobcat trapping in the wilds of Montana. With years of bobcat success in 5 states, John is the guy to teach you how to read new country, pick locations and equipment, make simple and effective sets and get into a bobcat's head. Includes several catches of beautiful bobcats and bonus snare footage. 120 min. **WCSJGV02 \$39.95**

Bobcat Trapping 'More Ways to Catch Cats' Vol. 2 (DVD) by John Graham

Up your game. Expanding on his first DVD, bobcat expert John Graham shows you how to pick locations in a variety of terrains and experiment with different sets and snares. Using extensive field footage, he also reveals his own system to take them with ease. Bonus footage of bobcat habits and proper gland collection included. 120 min. **WCSJGV02B \$44.95**

Trapping the Elusive Bobcat (DVD) with Gary Jepson

Pin down the how, when and where of successful bobcat trapping. Over two hours of intense footage, professional trapper Gary Jepson visits a host of different locations and explains why these areas guarantee exposure to bobcat. Then he constructs, step-by-step, proven sets for each terrain and area. With additional info on the bobcat family structure and habits. 110 min. **WCSTEB-DVD \$34.95**

The Fisher Trappers Guide

Bob Noonan's latest endeavor. This DVD is the culmination of several years of compilation and writing on fisher biology, sets, location, and fur handling. A more complete treatise on modern day methods of successful fisher trapping applications does not exist. **WCSBNFish_DVD \$39.95**

CANINE/COYOTE

Collarum Instructional Video (DVD) Jumpstart your efforts to capture wily canines. Our patented Collarum (page 28) is a unique live capture device, catching these curious animals in a humane collar. This informative new and improved DVD covers all you'll need to know about effective setting, including bedding, location and safety. 20 min. **WCSCVT-01 \$12.95**

Canine Trapping "Six Days with Long Liner" (DVD) by John Graham

Learn from a professional with thousands of coyotes in various states to his credit. Out in Montana with John, you'll see several catches and find out all kinds of tips for choosing locations and equipment, making simple and effective sets, reading new country and understanding the canine brain. The scenery ain't half bad either! 120 min. **WCSJGV01 \$39.95**

Coyote Trapping Vol 1 or 2 (DVD) with Mark June

Ride along with one of America's top trappers as he shows you how to trap coyotes in all fur zones. Famed for his high energy and his huge canine catches, Mark provides 2 hours of non-stop instruction on effective techniques. With plenty of action-packed trapline footage. 120 min. **WCSMJ01 \$39.95**
WCSMJ02 \$39.95

Leggett's Coyote Trapping "Coyotes by the Thousand" (DVD) by Pete & Ron Leggett

In a top year, the sets and locations shown in this DVD produced 337 coyotes in 16 days. Now you can go on the line with the Leggetts to see the exact methods they used for this incredible catch. Out in the remote west, you'll learn how to identify coyote signs and damage, plus how to make sets that work equally well for fox. 90 min. **WCSLCTV \$39.95**

Cut Throat Coyote Trapping by Tim Rose

Tim averages over 100 coyotes each season while working a full time job and shows you how it's done. Tim has developed into one of the hardest working coyote trappers in the country. Tim shows that his actions speak louder than words. **WCSTRCTC \$32.95**

Urban Coyote Control by Mike McMillan

An on the job training course for removing animals and growing your business. This DVD includes information on urban fox control and a special feature on protecting agricultural crops. Follow Mike during a summer heat wave, drought conditions, rain and freezing weather while Mike controls urban coyotes. **WCSMMUCC \$48.45**

Snaring Coyotes (DVD)
by John Graham

If it's snaring you're after, then John Graham is the professional to accompany. Using his snareline in Montana, he shows you all the modern methods he uses for maximum results. Location, bait stations, snare height and loop sizes, cable and lock preferences, support systems, breakaway usage, trail and fence snaring – he lets you in on what works. 120 min. **WCSJGV04 \$39.95**

Trapping the Elusive Coyote (DVD) with Gary Jepson

Lose yourself in 2 hours of some of the most intense coyote trapping you'll ever see. Taking to the field, professional trapper Gary Jepson starts with the coyote family structure and follows with the how, when and where of successful trapping. Practical steps for location, construction and attraction are all shown in detail. 120 min. **WCSTEC-DVD \$34.95**

FOX

Fox Trapping (DVD)*
by John Graham

Fall in Montana, and John Graham is on the trapline catching red fox. One of the true "numbers men", with thousands of fox caught in four different states, John shares his knowledge of sets, equipment, line management and effective locations in this absorbing DVD. 120 min. **WCSJGV03 \$39.95**

Leggett's Fox Trapping (DVD)
by Pete & Ron Leggett

Go out on the trapline with the famed Leggetts! Known for their consistently huge catches, they'll give you hands-on demonstrations of choosing locations, strategic setting and troubleshooting. Plus you'll see a step-by-step construction of a tapered step down dirt hole. 90 min. **WCSLFT \$29.95**

GOPHER

Easy Gopher Control without Poisons (DVD)
by Gophers Limited

A clear and simple step-by-step tutorial on setting a Cinch Trap (sold on page 73). Learn how to eliminate tedious digging and create a small footprint for nondestructive trapping in landscapes and gardens. Free of poison and safe for kids, pets and other wildlife, the cinch trap has surface indicators for easy spotting of catches. See page 76 for trap. 115 min. **WCSEGC \$28.95**

MOLE

Learn mole removal from the master

MOLES: Removal Made Simple (DVD)
by Alan A. Huot

Nobody knows moles better than Alan – trust us, we work with him. And in this practical, "how-to" video, he takes you into the field to learn all about mole biology and habits, traps and trap choices, common mistakes and problem areas. Then he goes back for results, so you see what really works. If you're dealing with moles, this is the best instruction you'll find. 55 min. **WCSMOLE-DVD \$29.95**

Becoming a Mole Hunter (DVD) by Jeff Holper

Win the battle with the how-to knowledge of mole expert Jeff Holper. Using lessons learned from catching over 10,000 moles, Jeff guides you through choosing the right gear and tools, setting traps and avoiding mistakes. A potent weapon for those new to mole control. 30 min. **NWSJH-DVD \$29.95**

Professional Mole Removal
by Randy Hushower (DVD)

A 20-year veteran of the mole wars, Randy Hushower is an expert in professional removal. Learn about effective trapping methods, mole behavior, trap care, marketing strategies, pricing, mole run trap placement and smart use of the Victor Out O' Sight mole trap. 50 min. **WCSRHMV-DVD \$39.95**

RACCOON

Dryland Coon Trapping (Unplugged)
by Mark Steck

Pile up big coon in big numbers. Veteran trapper Mark Steck takes to the drylands to show you fast modern methods for catching coon. Discover keys to location, "on the line" instruction on low maintenance sets, proven techniques for populated areas and tips on trail trapping with snares and conibears. Plus a no dog method that really works. **DLDryland-DVD \$34.95**

Pipe Trapping (The Motherload of Mink & Coon)
by Mark Steck

Careful – this DVD is going to change the way you trap. Come along with veteran trapper Mike Steck as he runs a water line using PVC pipes. Watch as he nails coon after coon (and mink after mink) in sets that are simple, fast and convenient. A truly versatile and deadly method. 120 min. **DLPipe-DVD \$34.95**

Running Hard with The Grizz "A futuristic coon trapping system" (DVD)
by Mark Steck

Follow trapper Mark Steck on his South Dakota line as he traps 61 raccoon in one check using the Lil Grizz Get'rz (sold on page 76). Fast paced and practical, this DVD exposes the viewer to a futuristic trapping system without many of the physical demands of old school methods. Includes lots of action and night vision footage of raccoon working the sets. 2 hrs. 40 min. **DLGRIZ \$38.95**

CDs — Quick and Easy Reference

Wildlife Removal Handbook & Articles on CD
by Steve Vantassel

Includes everything in Steve's professional guidebook for the capture and control of wild urban animals, plus bonus articles on specific wildlife topics. Indispensable for business owners, since you can print only the sections you need to take with you or show to the homeowner. System requirements: Windows 95 or higher, 32 MB of RAM or higher. **NWSOB01-CD \$19.95**

Wildlife Damage Inspection Handbook on CD
by Steve Vantassel

Includes the complete contents of Steve's updated and revised handbook in a compact and easy-to-search form. With almost twice the information of the original edition, this is an amazing value. System requirements: Windows 95 or higher, 32 MB of RAM or higher. **NWSWDIH-CD \$20.95**

The Widest Choice of Traps in the Business

Whether you're a wildlife control professional, animal control official, researcher or zoologist, we make it easy to choose the species-specific traps and accessories you need for success. As always, if you need help or advice, we're here to answer your questions. Call us at 1-877-684-7262 or e-mail us at sales@wildlifecontrolsupplies.com anytime.

WCS Specialty Live Traps

Innovation + Experience = Professional Quality

You talk, we listen. Every WCS specialty trap is designed and manufactured to our specifications. We took all the combined know-how of our wildlife experts plus the advice of field professionals and put it into creating practical features that you won't find anywhere else. Tested and proven in the field to be better for the job.

SQUIRRELS

Modular Multi-Catch Squirrel System

Save precious time when trapping gray, red and flying squirrels. Our practical kits come with 2 one-way door modules, each with four wing-flanges and 2 nosecones, one with four wing-flanges and one made for use under soffits. Easy to use. Just mount the nosecone securely on the exit/entry point and attach a module with wire ties or dog clips. When squirrels leave the interior of the space and are captured, simply remove module and insert another. All components are made of 1" x 1/2" galvanized wire mesh. Standard size (17 x 4 x 4) will hold up to 3 gray squirrels at a time. The Super measures 24 x 5 x 5 and can hold up to 5 gray squirrels.

- WCSMMST-4** 2 trap modules & 2 nose cones 4" x 4" x 17" **\$54.95**
- WCSMMST-5** 2 trap modules & 1 nose cone 5" x 5" x 24" **\$62.95**
- WCSMC01** Trap only, 4" x 4" x 17" **\$21.95**
- WCSMC02** Nose cones for 5" Trap **\$9.95**
- NWSNC05** Nose Cones for Multi-Catch traps 4" **\$7.95**
- NWSMC01-5** 5" Module (Trap only) 5"x5"x24" **\$26.95**

Simple Squirrel Trap

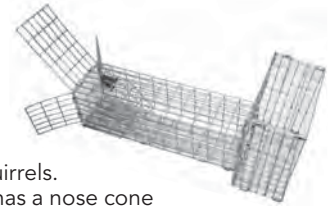

Inexpensive, easy to set and sensitive enough to catch chipmunks. Made in Pennsylvania exclusively for WCS, this 1" x 1/2" mesh trap comes with a spring-loaded door for quick, secure capture. Dipped in trap dye for rust resistance and ready to go.

- WCSJC002** Standard: 4 x 4 x 17" **\$13.75**
- Simple Squirrel cage trap (narrow)** Small enough to fit in a gutter and easy to set from a ladder.
- WCSJC001** Narrow: 3 x 4 x 17" **\$12.75**

Flyer Funnel

Convert your standard single catch squirrel traps into multi-catch units for flying and red Squirrels. The Flyer Funnel has a nose cone at one end for attaching to a standard 18"x5"x5" cage trap and four wing-flanges at the other for securing the funnel around a hole. Inside, a spring-loaded one-way door lets flying and red squirrels pass through but not back out. Keep the Flyer Funnel attached to the structure, remove the full cage and replace with an empty one until you've captured all the squirrels in the area! Made of 16 gauge galvanized wire, 1" x 1/2" mesh. Attach with wire ties or dog clips (not included).

WCSFF01 "Flyer Funnel" **\$21.95**

Lil Shorty Squirrel Cage Trap

The one you've been hearing about. Specifically designed to fit into areas like woodstoves, stovepipes, fireplaces and places where conventional traps won't go. Rear trigger pan and spring-loaded front door mean a captured gray squirrel has plenty of room to turn around. Made of sturdy 1/2" x 1/2" galvanized mesh. 10"L x 4"W x 4"H.

WCS52810 **\$30.90**

RODENTS

Multi-Catch Rodent Trap

Chipmunks, rats, and red or flying squirrels check-in but never out of our original multi-catch system. The removable interior bait compartment tempts rodents through the counter-balanced entry doors. As they try for the bait, the door gently opens (like a seesaw) and, once in far enough, the counterweight closes it behind them. We've had great results baiting with rodent bait (sunflower seeds, oatmeal, shell peanuts, etc.) drizzled with a little rodent lure like WCS Fruit & Nut (see p. 5). Adjustable balance rod weight allows you to tune the trap's sensitivity to your needs. Cleanout door on the side allows for easy removal and carry handle makes for easy and safe transport. Constructed of sturdy 1" x 1/2" galvanized wire mesh. Measures 20"L x 12"W x 6"H. **WCSKBRT** **\$47.95**

Special Squirrel Trap

We created this easy-to-set squirrel trap to prevent bait access from outside, stand up to years of service and always look professional. First we shrunk this live trap's galvanized wire mesh to 1/2" x 1/2" and included an effective door lock to allow for one hand setting (great for use with ladders). Then we added a handguard plate and sized its 18" x 5" x 5" dimensions precisely to squirrels. The result is a custom-designed trap that wildlife control professionals have told us is second-to-none. A WCS exclusive!

WCS53650 "WCS" Special Squirrel Trap 18 x 5 x 5 **\$26.95**
Case of 15 **\$367.50**

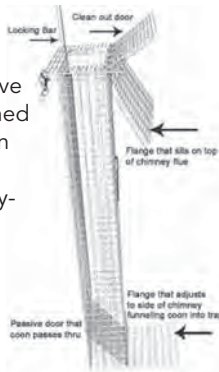

RACCOON

No-See 'Um Chimney Trap

This is the best trap we've found for coons! Designed by a long-time NWCO in the Northeast, a prime trouble spot for chimney-dwelling raccoons, the No-See 'Um fits right down the chimney flue, hidden from sight.

Raccoons climb up the flue and through the passive door of the trap, triggering a wire and locking the door behind them. A visual indicator allows you to check it from the ground. Lightweight, easy to install and can't fall down into the flue. Made of 1"x1" galvanized mesh for years of service. End doors have sturdy 10.5 gauge 1/2" x 2" mesh, with flange at bottom end. Fits 9x13 and 13x13 flues.

WCSNOSEE \$159.95

Chim Trap

Trap those stubborn coons on their way out to dinner and pick them up the next morning. Placed over the chimney flue, the unique Chim-Trap combines a vertically set trap with a double gate-locking door. With no place else to go but in, raccoons trip the trigger and are stuck for good. Quick and easy to set, with no complicated springs or wires and no bait required. Works vertically or horizontally and can fit all size flues, round or square. (a plywood base plate may be needed for larger flue openings) 15 gauge steel, with 14 gauge 1" X 1" galvanized mesh.

KBCHIMTRAP 36" x 10" x 12" \$225.95

RABBIT

Wooden Rabbit Trap

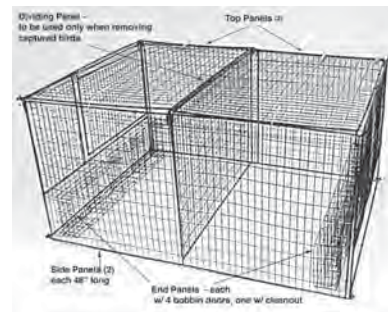

If, like us, you've tried to get a rabbit into a wire cage you know it's no picnic.

So we offer a unique all-wood, 3/4" pine box that makes trapping quite a bit easier. As the rabbit walks up the incline towards the bait, their weight tilts the wooden pan of the trap forward and the door closes behind them. We've had excellent success baiting with apple slices, so we've included 1 oz. of pure Apple Essence as an added attractor. Use a drop every 4-6 inches to lead them right into the trap.

WCSWRT 24" x 7" x 8.5" \$54.95

PIGEON

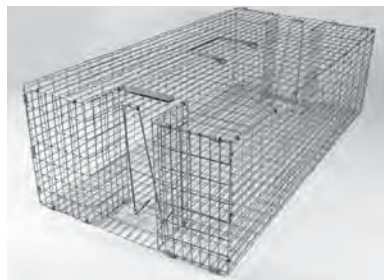

WCS Large Pigeon Trap

Just call it the Pigeon Hilton. Our extra-large trap holds 45-60 birds at a single setting and comes in 6 convenient panels. Extra panel can be used as a separator when removing birds. 8 non-stick bobbin-type doors (4 each end), plus 1 large cleanout door. 14 gauge wire, 1" x 2" mesh. 4'L x 3'W x 2'H.

WCS Tip – place on flat roof or plywood and bait with whole corn to avoid attracting smaller birds

WCSPTT 4L' x 3'W x 2'H \$165.95

WCS Pigeon Trap (LOW PROFILE)

Perfect for tight spaces (ledges, patios, billboard catwalks – you name it). 2 bobbin-type doors have unique "feet" that prevent jamming and 1" x 1/2" mesh that prevents hawks from feeding on captured birds. Holds 6-10 birds. 24"L x 12"W x 7"H.

WCSPGLP 24L" x 12"W x 7"H \$34.95

SPARROW

WCS Sparrow Sled Live Trap

A unique solution for professionals providing services to "big box" retailers, factories and hangars. When suspended from the rafters, this trap's sled-shaped base allows for a landing location (or bait area) and keeps any debris from falling onto unsuspecting employees and customers. Front entry compartment has a funneled door and cone funnel to back compartment; back compartment is equipped with a mesh box that holds 2 water bottles for thirsty captured birds. Trap made of 1" x 1/2" mesh and measures 24"L x 12"W x 12"H. Sled measures 33"L x 13.5" 4"H.

WCSSPWSLDE \$115.95

Multi-Catch Sparrow Trap

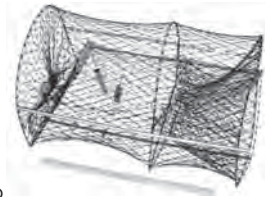

No fuss, no muss, no moving parts. Our super-sturdy Multi-Catch Sparrow Trap has two entry points and a side release door. Just set in an area where sparrows are gathering and bait with seed or breadcrumbs. 8-10 bird capacity. 16"L x 12"W x 8"H.

WCSKBSJWT \$32.95

TURTLE

Collapsible Turtle Trap

We got a little tired of lugging traps the size of refrigerators around, so we knocked our heads together. The result is a trap capable of handling the largest turtles, but flat enough to stack in your truck or shed. Built extra-tough with 3 D-shaped hoops of spring steel and zinc-plated for rust-resistance, this trap won't roll in water and comes with spreader rods that hold it in its rigid "set" position. Durable net mesh is 2.5" square, with large funnel opening. A detachable bait bag hangs in the rear for ease of setting. Trappers confirm this one really works! **WCSNSTT \$119.95**

Safeguard Products

Standard Front Release

Standard Slide Release

A favorite with Nuisance Wildlife Control Professionals, Animal Control Officers and Government Agencies. Safeguard has been in business since 1982 and offers a wide range of economical and commercial-grade options for professionals. Constructed with patented field-proven Galfan wire mesh that is much more corrosion resistant than galvanized wire.

Humane Cage Traps

With the exception of the 18" trap all others are made of Galfan corrosive resistant wire mesh. This revolutionary coating provides up to three times longer life than galvanized-after-weld wire. Before welding, the wire is dipped in an aluminum-zinc bath. During the welding process the zinc in the coating evaporates while the aluminum forms a new protective surface that makes the welded joints extremely resistant to corrosion. Over 24" sizes have 1" x 1" wire at the front and ½" x 1" wire at the rear protect the bait area. Additional features include; support rings on the rod between door and pan, spring loaded doors, hand guard and each is available with either a front release or slide release back door. Solid traps with size flexibility to meet your animal capture needs.

Professional Choice Cage Traps

Designed with the Wildlife Control Professional in mind! Feature improvements make this rugged trap even better. Again made with Galfan wire, each trap has a spring loaded door, a hand guard, 1" x ½" wire mesh on base and sides to prevent dirt collection, the operating rod has additional support rings to prevent bending and a thicker pan with travel limit stops to prevent raccoon damage. A heavy-duty cage trap for use by the busy professional.

Awesome! I have trapped 11 raccoons, a groundhog and one skunk in four nights. The traps work great. Our sweet corn would not have stood a chance without them. – Dennis, Camdenton, MO

Trap Accessories

Trap covers aid in protecting animals from the elements, while providing adequate ventilation. Covers are also useful from blocking view of captured animals from prying eyes. The plastic material is non-porous and non-absorbent for easy cleaning. An ultra-violet (UV) inhibitor blocks sun rays for long life. Covers collapse flat to store easily. Green.

WCS Code	Description	Ship Wgt	Price
WCS53645	Trap Cover for 18" Cages	2 lbs.	\$17.50
WCS53219	Trap Cover for 24" Cages	3 lbs.	\$26.95

WCS53240	Trap Fork Used to control movement of animal inside trap to front or back allowing replenishment of food & water or adminstrer inoculations	8 lbs.	\$11.75

Controllers & Extenders

The controllers are built from 1/2" x 1" 16 gauge wire mesh and exclude gray, red and flying squirrels from structures. Mounting wings allow attachment over the entry hole. The one-way door allows animals to exit, but prevents reentry. The "New" Multi-Catch extenders are designed to attach to the Controllers to work as a repeating trap, allowing nuisance animals to be captured and removed from the Property.

WCS Code	Description	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price

Safeguard Bird Traps

The Safeguard Pigeon traps are constructed of 1" x 1/2" -14 gauge galvanized wire with two sizes to provide flexibility to meet various bird control situations. If it's smaller birds your looking to capture, the NEW Sparrow Trap is another solution to help you out. Made of 1" x 1/2" 14 gauge wire mesh, it's extra large capacity and repeating funnel doors provides capacity for up to 40 birds. Two side hinged unloading doors allow for easy removal.

WCS Code	Description	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price

Tomahawk Live Traps

Original Single Door Rigid Live Traps

These professional-grade, heavy-duty traps operate reliably in practically any situation – even upside down! All styles have a fast spring-loaded V door with automatic locking that activates as soon as the animal steps on the rear trip pan. A special locking system and heavy trap door reinforcement stops captures from forcing the door open, even if trap is upside down. Super-tough frame is welded with galvanized steel rods for extra support and endurance and bait areas are welded with galvanized ½" x ½" wire mesh openings to prevent animals reaching in from outside. Most styles are equipped with a galvanized sheet under the safety handle to protect against animal scratches. Adjustable trigger release mechanism allows for heavy or light sets.

Original Transfer Trap with Sliding Rear Door

Makes baiting, animal removal and resetting ten times easier than with fixed entries. These Transfer traps use the same rock-solid and innovative construction as the Single Door traps, with the added convenience of a rear sliding door. The sliding door offers easier and safer animal releases because you can stay well clear of striking distance. No more reaching inside to bait beyond the trip pan either!

Original Double Door Rigid Live Traps

Features the same sturdy frame and construction as Tomahawk's proven Single Door, traps, with an extra door for twice the effectiveness. In their set position, Double Door traps have no wires or doors to obstruct the animal's view and allow entry from either end, improving capture chances. Trip pan is located in middle of trap and, once activated, shuts and locks both doors. If desired, the Double Door can be set in single door position, making it a versatile option in the field.

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)

Original Collapsible Live Traps

For professionals with high volume and tight storage needs. Made in the same durable fashion as the Deluxe Rigid traps, the Collapsible folds flat and sets up in seconds, and requires only 1/10 the storage space of its siblings. Available in both Single Door and Double Door models, it comes completely assembled and ready to use.

Professional Series Traps

Tomahawk Professional Live Traps are the strongest, most durable, and most effective traps available. These traps surpass our legendary "Original Series" traps when it comes to toughness. Super Strong!!! They feature a very strong frame with tighter mesh and heavier gauge wire. We've added extra reinforcement rods for even greater strength. Tighter Mesh Pattern!!! prevents animals from reaching through from the outside to steal bait. It also prevents trapped animals from reaching outside to damage surroundings. Made in the USA!!

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)

Trap Dividers

Isolate your animal at one end for stress-free release, restrain it for an injection or apply a catch pole/cat grasper with these indispensable Trap Dividers. For removal, slide the divider down through the trap's

mesh openings to keep the animal out of striking distance while you open the door. Then pull out trap divider for an easy and safe release. Available in 4 sizes that work with Tomahawk and other popular brands.

WCS Code	Description	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
TD09	Divider for 7" to 9" wide traps & cages	6	1 lbs.	\$15.00	\$13.75
TD10	Divider for 10" to 12" wide traps & cages	6	1 lbs.	\$16.50	\$15.25
TD15	Divider for 15" to 16" wide traps & cages	6	6 lbs.	\$17.75	\$16.50
TD20	Divider for 17" to 20" wide traps & cages	1/4"	8 lbs.	\$18.95	\$17.75

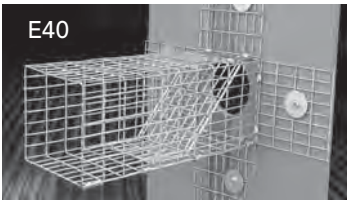

Detachable Galvanized Trap Covers

Long-lasting protection. 28 gauge galvanized sheet metal shelters trapped animals from sun, rain and wind and prevents them from lashing out at you. Easily attached to all kinds of Tomahawk Traps.

WCS Code	Description	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
TC09	9" wide Detachable Cover	28	2 lbs.	\$15.00	\$12.50
TC10	10" wide Detachable Cover	28	2 lbs.	\$18.75	\$15.00
TC12	12" wide Detachable Cover	28	2 lbs.	\$21.50	\$18.75
TC15	15" wide Detachable Cover	28	2 lbs.	\$25.25	\$21.50

Tomahawk Live Traps (continued)

One-way Door Excluders

Remove unwanted animals from homes and buildings without trapping! Simply attach the Excluder's 4 moveable wings to the exterior of the building to surround the rodent's access hole. As animal exits, it pushes its way through the one-way spring-loaded automatic door, locking itself out of the building. For trapping and counts, the rear sliding door model is available with extra holding room. Attaches with screws or nails (not included).

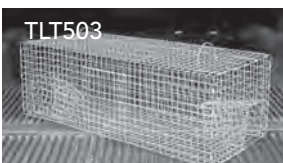

WCS Code	Description	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
E30	Controller	10"L x 3"W x 3"H	½" x 1"	16	2 lbs.	\$28.00	\$26.00

E80D	Controller w/Rear Sliding Door	28"L x 8"W x 8"H	1" x 1"	14	7 lbs.	\$59.50	\$55.50

Multiple Catch Live Traps

For the big jobs. These multiple Catch traps are made of heavy-duty galvanized wire mesh and have spring-loaded double doors that increase capture rates. Repeating trap doors keep animals trapped, while automatically resetting after each capture to be ready for more. Handy release door on side of the trap for simple removal and handles for easy and safe carrying. M80 model has same repeating trap doors as the M35 and features an extra-large holding area. Tomahawk recommends using peanut butter as irresistible and highly effective bait.

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
M35	Small Rodent	24"L x 3 ½"W x 3 ½"H	½" x 1"	16	2 lbs.	\$26.75	\$24.00
M40	Medium Rodent	30"L x 4"W x 4"H	½" x 1"	16	3 lbs.	\$29.50	\$26.75
M45	Rodent Trap w/Recessed Door	30"L x 4 ½"W x 4 ½"H	½" x 1"	16	3 lbs.	\$30.25	
M50	Large Rodent	36"L x 5"W x 5"H	½" x 1"	16	4 lbs.	\$32.25	\$29.50
M80	Rodent XL Holding Area	24"L x 8"W x 8"H	½" x 1"	16	5 lbs.	\$69.75	\$61.75
MP45-Kit	Squirrel Pack: (1) E40 & (2) M45's		½" x 1"	16	7 lbs.	\$82.00	

Bird and Pigeon Traps

Bird control simplified. Unique funnel design of double trap doors encourages birds to move forward toward the bait until they've locked themselves in. Tomahawk suggests building a platform 5-6 feet above the ground with 6-8 inches beyond the trap for perching, then pre-baiting before introducing trap. Pre-assembled with small wire mesh openings, the Pigeon Trap is available in both folding and rigid versions.

WCS Code	Description	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
TLT502	Double Door Folding Pigeon Live Trap	24"L x 16"W x 12"H	1" x 1"	14	9 lbs.	\$72.95	\$68.00
TLT502R	Double Door Rigid Pigeon Live Trap	36"L x 16"W x 12"H	1" x 1"	14	80 lbs.	\$72.95	\$68.00
TLT503	Double Door Ridge Grackle Live Trap	36"L x 16"W x 12"H	1" x 1"	14	46 lbs.	\$47.25	\$42.50

Directional Nose Cones

Point your target species in the right direction. Set over the holes of animals that have burrowed into trees, buildings or underground, nose cones force the animal into a live trap at the opposite end. Can be used with almost every Tomahawk Live trap. When using with a Rigid trap, nose cone opening should be ½" to 1" larger than trap opening. With Collapsible, nose cone opening should be 1" to 1½" larger.

WCS Code	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
N35	7"L x 4"W x 4"H for M35, E30	½" x 1"	16	2 lbs.	\$18.00	\$12.50

N120	18"L x 13"W x 13"H for 108, 207, 608 Series	1" x 2"	12	7 lbs.	\$37.75	\$32.50

Animal Cages and Carriers

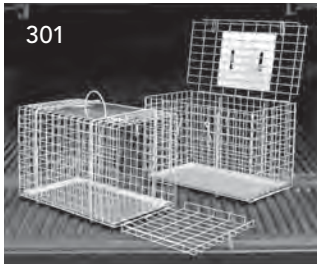

Designed for easy handling during injections, exams or when absolute control is essential. Only one hand is required to operate a sliding interior panel that locks into any position when restraining the animal. Heavy reinforcing rods welded to wire frame for extra support. Great for use with Deluxe Transfer traps.

Restraint Modules

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
RM24	Restraint Module for small animals	24" x 9" x 11"	1 x 2	12	8 lbs.	\$196.75	\$139.75

RM42	Restraint Module for large animals	42" x 17" x 24"	1 x 2	12	8 lbs.	\$323.50	\$266.50

Restraint Modules

305SQ	Squeeze Cage for Cat/Rabbit	16"L x 9"W x 10"H	1" x 1"	14	9 lbs.	\$75.75	\$72.00
306SQ	Squeeze Cage for Raccoon	20"L x 11"W x 12"H	1" x 2"	12	11 lbs.	\$88.00	\$81.25

Top/End Loading Carrying Cages

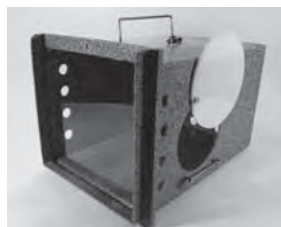

Carrying cages as tough and long-lasting as Tomahawk's Live traps. Frame is heavy-duty galvanized wire mesh with jumbo size protective panels of galvanized sheet metal and removable galvanized pans for easy cleaning. Top loading doors hinge upward and back. End loading hinge outward and down.

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
301 Top Opening	Cat/Rabbit sized	16"L x 9"W x 10"H	1" x 1"	14	7 lbs.	\$44.00	\$38.00
302 End Opening	Cat/Rabbit sized	16" x 9" x 10"	1" x 1"	14	7 lbs.	\$44.00	\$38.00
303 Top Opening	Raccoon/Opossum sized	20"L x 11"W x 12"H	1" x 2"	12	9 lbs.	\$51.75	\$44.50
304 End Opening	Raccoon/Opossum sized	20" x 11" x 12"	1" x 2"	12	9 lbs.	\$57.75	\$44.50

Transfer Cages

Transport problems solved. Like Carrying Cages, the transfer's frame is heavy-duty galvanized wire mesh with jumbo size protective panels of galvanized sheet metal and removable galvanized pans for easy cleaning. Keep your hands out of danger with sliding rear doors. These cages match nicely with Deluxe Transfer Traps.

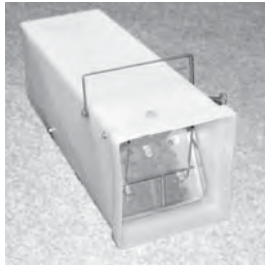

WCS Code	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)	Price (6 +)
305	Cat/Rabbit Transfer Cage	16"L x 9"W x 10"H	1" x 1"	14	7 lbs.	\$51.50	\$44.50
306	Raccoon/Opossum Transfer Cage	20"L x 11"W x 12"H	1" x 2"	12	9 lbs.	\$62.25	\$53.75
307	Small Dog/Fox Transfer Cage	24"L x 12"W x 16"H	1" x 2"	12	14 lbs.	\$72.95	\$62.75
308	Average Dog/Coyote Transfer Cage	30"L x 16"W x 20"H	1" x 2"	12	62 lbs.	\$98.50	\$84.75
309	Large Dog/Coyote Transfer Cage	36"L x 20"W x 26"H	1" x 2"		109 lbs.	\$141.25	\$121.50

Feral Cat Handlers

A safe and gentle handler, developed on the request of vets, animal control officers and shelter workers nationwide. This carrier is made of durable and lightweight polyethylene, with a large side access hole and vertical sliding door that locks easily in place. To transport open the side hole and once the cat has stepped safely inside, tip and close. Weather-resistant, easy to clean, odor-resistant, lightweight and durable.

WCS Code	Description	Target Species	Dimensions	Mesh	Gauge	Ship Wgt	Price (1-5)
711	White Polyethylene	Feral Cat Handler	17"L x 12"W x 12"H	n/a	n/a	5 lbs.	\$69.70
721	Gray Polyethylene	Feral Cat Handler	17"L x 12"W x 12"H	n/a	n/a	5 lbs.	\$73.70

Dura-Poly Plastic Catch

Great for trapping skunk or raccoons in attics. This easy-to-set, solid-walled plastic trap with galvanized steel door minimizes the chance of captured wildlife damaging the space outside of the trap by pulling in debris. Made in Canada, each high grade trap is super heavy-duty and comes in white only. Skunk trappers love 'em!

NWS924W \$74.95

Skunk, Dura-Poly Plastic Catch 9" x 9" x 24" Box trap

NWS1232W \$80.95

Raccoon, Dura-Poly Plastic Catch 12" x 12" x 32" Box trap

Havahart

A trusted and amateur-friendly brand for over 60 years. All Havahart traps are made of sturdy wire mesh that is galvanized to resist rust and corrosion.

WCS1020 \$14.95

Fox/Small Dog, 1081 42" x 15" x 15" Cage trap

NWSEDR01 \$60

Electronic Deer Repellent

Havahart Easy Set Live Animal Cage Traps

This unique and innovative design enables this trap to be SET with one hand. Simply pull back on the lever located on top of the trap and the door is raised and locks in position. When an animal steps on the triggering pan the door is released and is securely closed. This trap is constructed of high-tensile wire mesh, making the trap more durable without making it heavier.

NWS1084 \$39.99

For rabbits, squirrels, skunk, mink and similar sized animals

NWS1085 \$56.95

For raccoon, armadillo, woodchuck, opossum and similar sized animals

Wickencamp

One of the most heavy-duty traps on the market today. Constructed by hand in the heartland with an incredible 12 gauge wire and 1/4" rod, these extra-tough traps are made to handle the most aggressive raccoon. Gravity door provides for quick release of non-target species. Owners boast years and years of hard use and they're still holding up!

Body Grip Traps

In those situations when live capture is not practical, you want products that enable a quick and humane death. Single springs, double springs, unique triggers, square or round, we have the variety and the ideas for effective use.

Belisle Super-X Body Grip Traps

Belisle

Built in Canada to be super strong and super tough. Zero-clearance traps (no space between the jaws in closed position) with unique bends in jaw frames to ensure extremely fast and humane death. Special security safety hooks on the springs and a one-piece trigger.

CTM Round Body Grip Traps

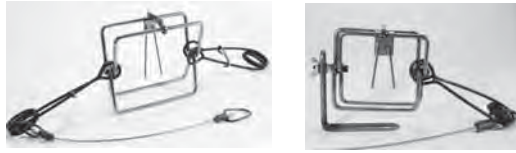

C.T.M

A variation on the original square-shaped body grip traps, the C.T.M. round body grip brings traps "full circle". When setting over burrows or openings on the side of a structure, the round shape provides the necessary fit for varying situations. Made of rolled steel.

Model	Description & Species	WCS Code (add-# for qty)	Each (-1)	Dozen (-12)

Minnesota Brand Body Grip Traps

MB-160-AC

MB-1216

Minnesota Brand Body Grip Traps

The MB-1216 was the first of the Minnesota brand line of heavy duty body grip traps. The Megabear has the strongest springs on the market. The MB-160 -AC is the second of the Minnesota Brand line of heavy duty body grips traps. This trap was designed to increase the lethality over existing body gripping traps. The quick, humane dispatch prevents fur damage and preserves set location.

RK Trapline Super Bear Traps

R.K. Trapline Super Bear Traps

660 SuperBear is a modified 330 body-grip trap. The width of the trap has been increased to 26" using 1/2" steel rod and the dog and trigger assembly has been

replaced to accommodate the larger diameter jaws. The factory trigger has been beefed up and is tension adjustable via a nylon tipped screw. These traps close extremely tight. They are perfect for covering those small brooks or channels without all the fencing and eliminates the potential of frightening the beaver.

WCS's popular answer to pesky squirrels – now

new and improved! Powered by a beefy double torsion spring, our 21-gauge steel Tube Trap and Shorty Tube Trap work both baited and unbaited. Curious squirrels can't resist them. Use the regular style wherever squirrels are a problem and the Shorty over holes and in tight spaces. When a lethal capture is made, the squirrel is hidden from public view.

WCSTUBE

The "Original" Tube Trap

Description	WCS Code (add-# for qty)	Each (-1)	Dozen (-12)
The "Original" Tube Trap™ 4.5" diameter, 15" long	WCSTUBE	\$29.95	\$335.40
Tube Trap™ Shorty 4.5" diameter, 7.5" long	NWSTUBE-M	\$36.95	
Plated Tube Trap™ for rust resistance	WCSTUBERR	\$36.95	\$407.40

Tube Trap™ Springs - double torsion	WCSTS01	\$5.00	\$50.00
Tube Trap™ pan	WCSTS03	\$2.50	
Tube Trap™ Dog	WCSTS04	\$2.25	
			(6-pack)

All parts are precision cut by laser to ensure no sharp edges. The standard Tube Trap is available in steel or with special rust-resistant plating. Tube Trap measures 4.5" diameter, 15" long; Shorty Tube Trap (with plating only) measures 4.5" diameter, 7.5" long. Note: This is a lethal body grip trap. Proudly MADE IN U.S.A. - Accept no substitutes

"Shorty"

WCSTUBE-M

Foothold Traps

Belisle Foot Snares

Operates very much like traditional foothold with a snare surprise. When the animal steps on the pan and activates the device, the jaws slip away to leave a cable lassoing its leg.

Model	Description & Species	WCS Code (add-# for qty)	Each (-1)	Six (-6)	Dozen (-12)
Belisle 6" foot snare	6" foot snare for coyote, lynx, fox	WCSBFS6	\$21.95	\$125.95	\$230.95

CDR Foot Hold

The CDR 7.5 is the best foothold trap for beaver on the market. As the name implies, this trap has a 7.5" jaw spread when measured including the jaw thicknesses. PLEASE NOTE: When using the NY State recommended measuring method for foothold traps, this trap has a 7 1/8" jaw spread, and it therefore is legal in New York. Available in Original, Original Plated, Laminated or Padded jaw models.

WCS Code (add-# for Qty)	Style	Each (-1)	Six (-6)	Dozen (-12)
NWSCDR75	Original	\$32.95	\$197.70	\$375.00

CDRLAM	Laminated	\$35.50	\$213.00	\$405.00
CDRPAD	Padded	\$45.00	\$270.00	\$507.00

KB Foot Hold

The KB Compound 5.5 Predator Trap is built the way a trap should be, ready to go "out of the box!" This is a totally unique design with features not found on any other trap on the market today. The KB Compound 5.5 with 1/4" offset has a 5 3/8" inside jaw spread, and a 6 1/8" outside jaw spread. The 4 coils of this trap act as the shock absorber, as the animal pulls the jaws slightly compress increasing the holding power, as the animal relaxes, so do the jaws. A very unique feature! Available in Standard, Laminated or Padded jaw models.

WCS Code (add-# for Qty)	Style	Each (-1)	Six (-6)	Dozen (-12)
WCSKBCCOR	Standard Offset	\$23.95	\$135.75	\$254.00

Snares

Safe, lightweight and easy to fit in tight spaces, snares are a useful alternative to body grip traps.

Double-Swiveled Muskrat & Mink Snare

Designed by the renowned trapper of 700 muskrats! Available exclusively from us, Newt Sterling's snare has a 1/32" stainless steel cable and is very light. Effective on mink as well as 'rats, this snare is the product of 20 years of experience in the field.

NWNSMS-12 1/32 stainless, (double swivel) (dozen) **\$18.95**

Beaver Snares

Finally, a snare with a #9 swivel where it needs to be – as close to the animal as possible. Made from 3/32" galvanized aircraft cable and 8 1/2" long, this snare also has a whammy for ease of positioning. A Hanson style washer lock makes it easy to remove the snare from the animal when doing live relocation work yet it still runs fast and smooth. With an adjustable tie-off end.

WCSBNBS (dozen) **\$25.95**

Coyote Snares

The ones preferred by pros. These 10' long snares have a heavy-duty #9 swivel in a midswivel design and whammy for easy positioning. The front 5' section is made of a light, high quality 5/64 diameter 1x19 cable that reduces visibility but remains strong and holds a round loop. A reusable camlock ensures exceptionally smooth and fast running, while the extension section, 5' of 3/32 diameter galvanized aircraft cable, has an adjustable tie-off end for anchoring.

WCSBNCS Coyote Snares (dozen) **\$30.95**

Hog Snares with Camlock

A heavy-duty hog solution! Built with a positive locking camlock, this snare has 6' of 7x7 (7 strands, 7 bundles) 1/8" galvanized aircraft cable and a super-tough #9 gauge wire swivel for anchoring.

WCSBNWS Hog Snare w/camlock. (dozen) **\$26.95**

Small Game Snares

Easy to use and highly effective. Made from 1/16" diameter galvanized aircraft cable, this smart snare has a support wire built onto the snare – its completely self-supporting! Great on woodchucks, armadillo, skunk and animals of a similar size.

WCSGS01 Small Game Snare. **\$21**

Fox & Raccoon Snares

These are quality constructed snares targeting fox and raccoon. The total length of the snare is 5 ft., which consists of a 3 ft. snare cable and an attached 2 ft. extension for easy anchoring and positioning.

WCSBNFS 5' total, 3' of 5/64th" aircraft cable with 2' of 3/32" extension cable. (dozen) **\$22.95**

Zero in on your chosen animal with targeted traps.

GOPHER

Gophers can be a tricky proposition so we carry a variety of different manufacturers. All are proven effective. Different styles allow the user to pick the one they are most comfortable with setting.

KORO Live Beaver Trap

Shut them up tight. The KORO trap's "clamshell" style construction has been in use since 1932 and enjoys many satisfied customers. Suspended from two metal fence posts, with one closing surface parallel to the bottom, this trap is very adaptable to high and low banks, swift or shallow streams, etc. And because the trap is off the bottom, you don't have to worry about it sinking in the mud. All-aluminum frame will last a lifetime.

NWSKT04 KORO Live Beaver Trap **\$365**

NWSKT05 KORO Replacement Springs for Live Beaver trap (pair) **\$55**

NWSKT09 Replacement Chain Link Kit for Live Beaver Trap **\$51**

TLT801

Tomahawk Bailey Beaver Trap

Pack up beavers safely and humanely in the Bailey's suitcase-like trap. Mesh frame is made of chain link fencing, with aluminum base bar and cross bar for years of service. Trap closes firmly as beaver swims over and trips its T-bar. Once sprung, half of the trap remains in the water and half out, keeping the beaver unharmed and allowing it to breathe. After removal, trap can be reset immediately.

TLT801 Bailey Beaver Trap
(39 x 21) Galv Chain Links, 84 lbs
1 to 5 **\$378.75** 6+ **\$326.25**

MUSKRAT

Collapsible Muskrat Trap

Sometimes called the submarine trap, this multiple catch muskrat colony trap can be submerged in a muskrat's runway or den for effective catching. A passive door on each end allows for entry while a central handle holds it in a rigid square shape. When the handle is removed from the trap, it folds flat for easy carrying and storage. 28"L x 5"W x 5"H trap is made of 1" x 1" galvanized wire mesh. **Note: If this trap is located in shallow water it can be used as a live capture device, however locating it in deeper water makes it lethal.**

WCMSUSKC \$12.95

WCS Floating Muskrat Trap

Works in only a foot of water! Our lightweight, innovative trap has two compartments – one 7" high above water and one 13" below – plus a 7" floating platform outside the trap. The muskrat sits on the platform, smells the bait and enters through the one-way door... trapped, and with plenty of room for the family to join him. For live capture, wire the interior spring loaded door open. 2 clear out doors. Sturdy 1" x 1" galvanized wire mesh.

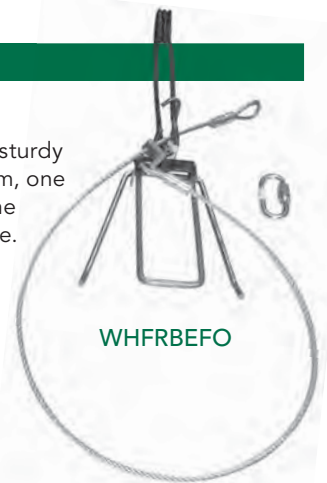

WCSEMT2 18L x 16W x 20H **\$99.95**

BEAR

Fremont Bear Foot Snare

Everything you need for proper and humane bear capture. This sturdy snare comes complete with a spring-loaded throwing mechanism, one bear foot snare cable, one 5' high tie cable for anchoring and one quick link for easily detaching the snare after the capture is made. Made from 3/16" 7 x 19 galvanized aircraft cable.

WHFRBEFO Bear Foot Snare. **\$41.95**

WHBELO Bear Lock for 3/16" or 7/32" cable
\$2.00 or 6 for **\$7.25**

WHFRBEFO

M15

Versatile, easy to bait and incredibly effective! To set, mount the M15 to a 5-gallon bucket (not included) with the spring-activated cable loop nestled inside the bucket lid. A bear reaching into the bucket to pull on the bait hook is immediately snared by the paw. The deer proof M15 comes complete with instructions, M15 snare mechanism, snare, HD high cable anchor and quick link.

WHM15 M15 Bear Foot Snare Complete. **\$54.95**

WHHITI M15 Replacement High Tie Anchoring Cable 6' 7/32" **\$7.95**
WHM15SN M15 Replacement Snare **6.95**

WCS Bear Foot Snare (ALDRICH MODEL)

Out of production for years, but back due to popular demand! Used extensively by USDA-APHIS-A.D.C. and state wildlife agency personnel, the improved Aldrich now has a safety latch to prevent premature triggering. When properly set, non-target animals can be released and captured bears can be tranquilized, released or relocated. Made exclusively in the U.S. for WCS.

WCSABS \$54.95

Black Magic Bruin

Another time tested favorite, particularly among Canadian outfitters, primarily used to help Black Bear find bait stations. Bear will relish it and return for more. Use as a trailing scent, this cannot be over applied and is completely edible. Apply single drop to an ounce or more of your favorite bait and set every few feet.

WCSBNBMB 8 oz. **\$8.95**
Gallon **\$24.95**

Stabilizers

For all types of traps in all types of settings.

RC Best Supports

Made of rolled steel, this versatile body grip support not only offers three points of contact with the ground or mud, but also allows you to place the trigger on the bottom. No other stabilizer on the market offers this feature!

WCSRC110-6	for #110 (½ dozen)	\$15
WCSRC110-12	for #110 (dozen)	\$24
WCSRC220-6	for #160 & #220 (½ dozen)	\$21
WCSRC220-12	for #160 & #220 (dozen)	\$36
WCSRC330-6	for #330 (½ dozen)	\$27
WCSRC33012	for #330 (dozen)	\$48

KB Stabilizers

A field-tested time saver.

Great for culverts, snow sets, bottom edge sets, coon trails, otter crossovers, bridge abutments, soft peat or muck bottoms and nuisance work. One size fits all, will hold 110 thru 330 body grip.

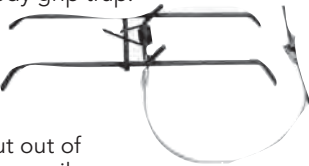

WCSKB01-12	for body grip traps (dozen)	\$30.95
	(½ dozen)	\$22.50

KB Stoploss Stabilizer

Never lose another KB Stabilizer! Just slip the T-Bar of the Stoploss through the spring coil of your body grip trap.

When the trap fires, the stabilizer stays attached to the trap, but out of the way. Just as easily disconnected.

WCSKBSL	(dozen)	\$40.80
	(½ dozen)	\$27.48

Arrowhead

No more heavy rebar and bulky steel rod stabilizers! Built of spring wire, Arrowheads are small, lightweight and easily stacked and carried. Will stabilize all makes, models and brands at all tension settings and can be cut to desired length.

For 280-330 Body Grip Traps

WCSAH330-1	(single)	\$2.40
WCSAH330-12	(dozen)	\$26

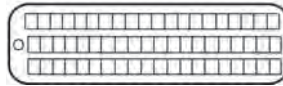

For 110, 160, 220 Body Grip Traps

Miscellaneous Hardware

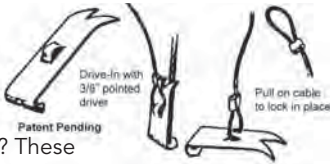

Stakes, swivels, locks, triggers, drags, hooks and more.

Berkshire Disposable Stakes

(STANDARD)

Affordable, easy and lightweight

– who could want for more? These stakes can be used on all sizes and types of traps (including cage traps and snares), on land and in water. There's no weld to break and no special driver needed – any 3/8" pointed stake will do. Stakes measure 3/4" W x 2 1/2" L and are even reusable.

WCSSDS-12	Stakes Only (dozen)	\$4.95
WCSSDS-100	Stakes Only (100)	\$34.95
WCSSNSC-12	Stakes w/15" cable (dozen)	\$12.95
WCSGOWDSD	20" Driver 3/8" rod	\$4.95

Berkshire Disposable Stakes

(HEAVY-DUTY)

Designed to be used in hard soil types and for times when you need more holding power than the standard disposable stakes can provide. Available with or without 15" 3/32" galvanized aircraft cable. Requires a driver to place.

WCSHDDS-12	Stakes Only (dozen)	\$6.95
WCSHDDS-100	Stakes Only (100)	\$48.95
WCSHDDSC-12	Stakes w/ 15" cable (dozen)	\$15.95

Softground Disposable Stakes

A great choice of trappers working with extremely loose soils or water trapping. Stakes measure 1 1/8"W x 4" L

and are available with or without 30" of galvanized aircraft cable. Requires a driver to place.

SGDS-12	(dozen)	\$9.95
SGDSC-12	w/30" of cable (dozen)	\$21.95
SGDS-100	100	\$80.00

S Links

For quick and simple attachment of drags or extension chain.

NWSHDSH Heavy-duty (dozen) **\$1.95**

Double Stake Links

Single or double staking made easy. Use with rebar or other rod to stake traps in place. **WCSDSL1** (dozen) **\$11.95**

Single Stake Swivel

Tough, flat-laying end chain swivel that can be used to anchor traps and the Collarum cable restraint with rebar stakes. Comes with #6 J-hook rivet. Great on raccoon, fox, etc. but not suitable for coyotes or larger domestic dogs.

WCSSSHD Dozen **\$6** 100 **\$34.95**

MB Crunch Proof™ Swivel

The heaviest and smoothest operating in-line swivel on the market today. Comes complete with two super-strong tempered #6 J-hooks and can be used as a stake swivel or drowner lock. For drowning lock, simply remove one hook.

WCMSBCPS Dozen **\$5.95** 100 **\$47.95**

Double Stake Swivel

Just right for cross-staking traps and/or securely staking the Collarum cable in large animal situations. Use 2 rebar stakes and drive them into the ground so they form an "X" below ground level. This makes it nearly impossible for an animal to pull them up from the ground.

NWSBDSS-12 (dozen) **\$7**

Duckbill Earth Anchors

Drive this Duckbill into the ground, pull on the cable to rotate into a lock position and you have an instant hidden anchor that will hold up to 300 lbs. in normal soil. Made of rust-free aluminum alloy. Galvanized 3/32" steel cables have wedged loop end for easy tie off. Driving rod sold separately.

Duckbill Earth Anchor

DB-40	(anchors only)	
DB4050A	50	\$53.95
DB40100A	100	\$96.95
DB40500A	500	\$434.95
DB40DRIV	DB-40 Driver	\$9

Duckbill Earth Anchor w/ 3/32" cable

DB4012	12" cable (dozen)	\$16.95
DB4015	15" cable (dozen)	\$18.95
DB4018	18" cable (dozen)	\$19.95
DB4020	20" cable (dozen)	\$20.95

Quick Connectors

For anchoring to railroad plates, temporarily adding an extension chain or using inside bait stations when working with a disposable anchor.

WCSRC010-A (dozen) **\$3.95**

Beaver Bait Trigger

Forget wiring bait bundles and positioning bait – this new and improved trigger helps you quickly, easily and SAFELY make a bait set. Simply "screw" a piece of bait (poplar) onto the trigger or clip and let the jaws of your body grip trap hold the Beaver Bait Trigger in position, forming a friction fit. When the animal attempts to take the bait from either direction, the trap fires. And a nickel-plated ring holds the trigger onto your trap so you'll never lose it.

WCSRC008 Pack of 6 **\$13.95**

Buckwheat Cover Hulls

Keep your traps operational in freezing conditions. These pure buckwheat hulls are a clean, non-absorbent, completely odorless natural covering. Used as you would a dirt covering and you'll never arouse suspicion. No additives or chemicals.

WCSBH01 20 lbs. **\$21.95**

Gutter Grabbers

No more struggling with plywood and platforms for squirrel traps! This grabber holds a 5" x 5" squirrel trap securely on a gutter and makes for incredibly fast sets.

Made of solid, non-rusting aluminum, just one is strong enough to hold a trap.

NWSGXG01 **\$5.95**

KB Drag & Stakes

Cold rolled steel grapples for setting traps. Use when you want the animal to get away from the set area and not destroy it. When the grapple becomes entangled a short distance away, you'll be able to find them easily.

1/4" KB Drag	7" L x 6.5" W	
WCSKBD2	Single	\$0.95
WCSKBD2-12	Dozen	\$10.45

3/8" KB Drag	9.5" L x 9" W.	
WCSKBD1	Single	\$2.50
WCSKBD1-12	Dozen	\$18.95

1/2" KB Drag with 1/4" ring for connecting to trap chain. 9 1/2" L x 9 3/8" W.

WCSKBD3	Single	\$2.59
WCSKBD3-12	Dozen	\$29

WCSKBTB24	24" T-Bar Stakes (dozen)	\$18.95
------------------	--------------------------	----------------

WCSKBTB30	30" T-Bar Stakes (dozen)	\$21.95
------------------	--------------------------	----------------

Dirt Buster Sifter

Cover your traces. Made from all-aluminum, this heavy-duty sifter comes with a sliding bottom for carrying a full sifter of dirt to the set. Once slid back, a diamond mesh bottom to give your sets that slightly "rough" look of actual digging. With a sturdy carrying handle and tapered sides for easy scooping.

WCSJCDB **\$31**

Introducing

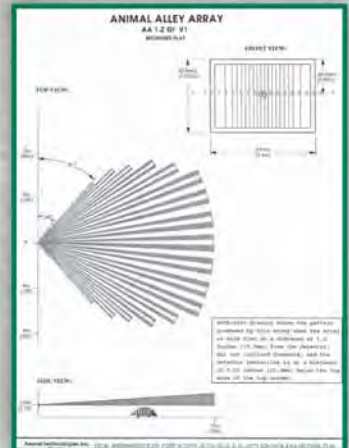

Deer Shield[®] Pro & Super Pro

Deer Shield[®] products are a revolutionary new approach in deer control!

Deer Shield[®]
PRO

Deer Shield[®] products use high quality proprietary digital recordings of aggressive, hostile and territorial deer that trigger a fear and flee response in deer.

After many years of research and field trials, these recordings have been effective in deterring deer from large agricultural, commercial and residential locations. Available in two models Deer Shield Pro and Deer Shield Super Pro.

Deer Shield Pro incorporates a built-in motion sensor so sounds are triggered only when a deer enters the protected area. The motion sensor covers 50 feet x 50 feet (2500 square feet) in fan pattern. The sound covers up to one (1) acre. The user sets the sensitivity of the motion detector, volume, length of time of sound and whether the unit operates during the day, night or 24 hours a day.

Deer Shield[®]
SUPER PRO

Deer Shield Super Pro includes one PA extension speaker with 100 feet of cable. From one to four speakers can be connected to the control unit protecting up to 6 acres. This unit does not have a motion sensor. Sounds are broadcast at random time intervals and in a random order.

The University of Nebraska-Lincoln contributed to the development of the Deer Shield.

- Charles, New Richmond, OH

Another great new product introduction from WCS!

WCS is pleased to be offering **Trap-Alert™**, a NEWFREQUENCY Innovations product. Trap-Alert™ is a combination of hardware, software, GPS and wireless technologies that enables wildlife control professionals to actively monitor the status and location of traps through a web-based application. The Trap-Alert™ system, including the web application, significantly increases the efficiency of managing a large number of traps.

Multi-Trap Monitoring

A Trap-Alert module can be connected to existing trap inventory and is capable of Monitoring up to 4 traps per module, signaling when and where a trap has been triggered.

GPS Location Mapping

Trap-Alert provides a real time web-based Mapping tool showing the location of each Trap-Alert unit resulting in greater efficiency, accuracy and certainty in routing field personnel for collection of cages and trapped animals.

Alerts and Event Notification

By the use of wireless communication and a database driven web application, the Trap-Alert website can notify your field personnel via e-mail to any e-mail addressable mobile device (e.g. PC, Cell phone, PDA)

Rechargeable Battery

The Trap-Alert 24/7 monitoring device makes efficient use of its built in battery power to ensure a 45-60 day run-time per charge. You can even track your battery charge status online.

Trap Status Management Trap-Alert's online

administrative tool also provides user friendly color coded icons showing the status of each trap.
